*Pacifism, Just War, and Tyrannicide* David M. Gides,2012-03-02 Dietrich Bonhoeffer s perplexing and controversial shift from admitted pacifism to tyrannicide has been the source of scholarly and popular inspiration and criticism How could an admitted Christian pacifist be involved in a plot to assassinate a political figure Is there a way to understand and explain this phenomenon comprehensive enough to encompass all relevant data One that takes into account the nuances of Bonhoeffer s theology and all of the elements of his complex historical and personal contexts This study attempts to offer an explanation by linking Bonhoeffer s political thinking and action with his understanding of the church world relationship and by evaluating the changes in that thought action dyad as

his life progressed What emerges is a portrait of a bold and visionary thinker and political agent whose church world theology while discontinuous is consistent enough to be authentic and yet flexible enough to meet the extraordinary challenges presented by Nazism and its intrusion into the churches Gides suggests that it is actually Bonhoeffer's malleable church world thinking that ultimately distinguishes him from his theological and ecclesial contemporaries and even from the mass of German church persons and citizenry it allowed him to confront evil by reaching beyond the constraints of traditional Lutheran thinking

**Radical Discipleship** Jennifer M. McBride, 2016-12-15 Reminiscent of Bonhoeffer's Discipleship Jennifer McBride's *Radical Discipleship* utilizes the liturgical seasons as a framework for engaging the social evils of mass incarceration capital punishment and homelessness arguing that to be faithful to the gospel Christians must become disciples of not simply believers in Jesus The book arises out of McBride's extensive experience teaching theology in a women's prison while participating in a residential Christian activist and worshipping community Arguing that disciples must take responsibility for the social evils that bar beloved community Martin Luther King's term for a just social order the promised kingdom of God McBride calls for a dual commitment to the works of mercy and the struggle for justice This work seeks to form readers into an understanding of the social and political character of the good news proclaimed in the Gospels Organically connecting liturgy with activism and theological reflection McBride argues that discipleship requires that privileged Christians place their bodies in spaces of social struggle and distress to reduce the distance between themselves and those who suffer injustice and stand in solidarity with those whom society deems guilty despises and rejects which makes discipleship radical as Christians take seriously the Jesus of the Gospels
