The glowing ribbon of light seemed almost close enough to touch It reminded ancient peoples of common things around them a river a road milk or strewn wheat They gave the luminous stream vivid names such as Celestial River Star Filled Basket and Path to the Place of Abundance With these names came remarkable stories of how the Milky Way was formed stories

Literature, History, Choice Hillel Weiss,2013-11-01 Starting with a discussion on the elements of the genre of alternative counterfactual history and on its place between the poles of historical determinism and relativism this book develops a literary theory of the historical alternativeness principle and applies it to the reading of The City with All That is Therein Ir u mloa one of the most important and less studied books of the greatest Israeli writer Nobel Prize winner S Y Agnon 1887 1970 The investigation reveals that this principle is by no means inherent solely in modernism and postmodernism but lies at the very basis of the reading process particularly at the levels of plot and character origination and historical and historiographical conceptions that underlie the author s imagination The book is intended for all who are interested in modern literature and theory Folktales and Fairy Tales Anne E. The Popular Science Monthly ,1889 **Isak Dinesen and the Engendering of Narrative** Susan Hardy

Aiken,1990-04-24 Although Isak Dinesen has been widely acclaimed as a popular writer her work has received little sustained critical attention In this revisionist study Susan Hardy Aiken takes up the complex relations of gender sexuality and representation in Dinesen s narratives Drawing on feminist psychoanalytic and post structuralist theories Aiken shows how the form and meaning of Dinesen s texts are affected by her doubled situations as a Dane who wrote in English a European who lived for many years in Africa and a woman who wrote under a male pseudonym within a male centered literary tradition In a series of readings that range across Dinesen s career Aiken demonstrates that Dinesen persistently asserted the inseparability of gender and the engendering of narrative She argues that Dinesen s texts anticipate in remarkable ways some of the most radical insights of contemporary literary theories particularly those of French feminist criticism Aiken also offers a major rereading of *Out of Africa* that both addresses its distinctiveness as a colonialist text and places it within Dinesen s larger oeuvre In Aiken s account Dinesen s work emerges as a compelling inquiry into sexual difference and the ways it informs culture subjectivity and the language that is their medium This important book will at last give Isak Dinesen s work the prominence it deserves in literary studies
