Studies in Contact Linguistics Glenn G. Gilbert, 2006 Original Scholarly Monograph *Texas and Germany* Francis Edward Abernethy, 1977 **Advances in the Study of Societal Multilingualism** Joshua A. Fishman, 2014-10-15 No detailed description available for Advances in the Study of Societal Multilingualism **The Year's Work in Modern Language Studies**, 1931 Research in Education, 1971 The German Texans Glen E. Lich, 1981 German culture in Texas Transfer and Interference in Language Monika Brüggemeier, Dietmar Fütterer, 1984 The topic of this bibliography in its broadest sense is the subject of a wide range of academic disciplines Given these circumstances the particular associations and connotations of the terms transfer and interference in each of these areas are legion with resultant differences in meaning in the disparate literature on these subjects And yet it is in one way or another contact and interaction of languages in the speaker hearer and learner in language acquisition contexts as well as in society in general which is basic to these two concepts throughout the various disciplines The discovery of this basic unitary notion is surely one of the reasons for the new interest in these phenomena In light of all this a bibliography cannot at present avoid being highly selective in order to demarcate an interdisciplinary area of research in its own right and with its own status The

establishment of such an area is one of our main aims The focus of interest in this bibliography admittedly is directed towards the psycholinguistics of language contact and interaction **Rice University Studies** ,1962 **Studia linguistica germanica** ,1976 German-American Relations and German Culture in America Arthur R. Schultz,1984 This work is organized by subject Materials are grouped under twelve main sections in the body of the work with appropriate subdivisions and subtopics within each main subject Each section is assigned a two letter designation and entries are numbered consecutively within each section This subject code system was designed to facilitate referrals from the Index to the main body of the text and to allow for cross referencing between sections Introduction La Monda lingvo-problemo ,1972 **Scandinavian Studies** ,1971 Includes proceedings of the society **Papers from the St. Olaf Symposium on German-Americana, April 27-28, 1979** La Vern J.
