Textbook Of Childrens Nursing And Young Peoples Nursing:

A Textbook of Children's and Young People's Nursing E-Book Edward Alan Glasper,James Richardson,2010-05-19
This popular textbook is aimed at children's nurses in a wide range of practice settings including primary ambulatory and tertiary care. Covering the full age and specialty spectrum, this text brings together chapters from among the best known children's nurses in the UK. It describes family-centred child healthcare drawing upon practice throughout the UK and further afield. This innovative text provides up-to-date information on a wide range of topics. Each chapter offers readers additional material on Evolve. Full Microsoft PowerPoint presentations that facilitate interactive learning augment the written chapters and provide information not normally possible in a standard textbook, e.g. colour photographs, video clips. Although intended for nurses, the book adopts an interprofessional problem-solving and reflective approach aimed at students, practitioners and child health educators. Material is offered from levels 1, 3 and some of the ancillary material extends into the postgraduate arena. Each chapter offers readers additional material on an Evolve website. Full Microsoft PowerPoint presentations augment the written chapters and provide extra information that includes case studies, moving image photographs and text. Aims, objectives, learning outcomes, a summary box in each chapter and key points assist learning and understanding. Professional conversation boxes enliven the text on the page and make it more interesting to dip into. Suggestions for seminar discussion topics to help teachers. Case studies help to relate theory to practice. Prompts to promote reflective practice. Activity boxes suggested visits. Evidence-based practice boxes which highlight key research studies. Annotated bibliographies including details of web sites and full contemporary references to the evidence base. Resource lists including recommended web site addresses. New chapter on blood disorders of childhood. New material on caring for young people and transitions in care. More on childhood eczema, childhood and adolescent mental health, solid tumours of childhood.

The Textbook of Children's and Young People's Nursing Tina Moules,Joan Ramsay,2007-12-10
Children's and young people's nursing has changed and developed in recent years in response to a number of government reports, e.g. Children's National Service Framework, the Kennedy report, Every Child Matters, Change for children, The Children Act 2004. The second edition of this successful textbook embraces these changes and combines experience, clinical practice, education and research to provide an invaluable, innovative and authoritative guide for all child nursing students and newly qualified children's nurses. Covering all ages and range of specialities, this evidence-based and accessible text fully explores all aspects of nursing care. Divided into 3 parts: The Textbook of Children's and Young People's Nursing 2nd edition covers Health in Childhood, looking at the dynamics of the family, development in children and the promotion of child health; Health and Deviations in Childhood, focusing on the care of sick children and its implications on the family; Includes new chapters on children's voices and children and adolescents with problems related to sexuality. Professional Issues in Child Care, exploring the scope of children's nursing, legal and ethical issues, management issues for professional practice as well as considering the future of

children's nursing Study activities key points and summary boxes are featured throughout to ensure that the reader learns about and critically reflects on all aspects of children's nursing in wide variety of settings

A Textbook of Children's and Young People's Nursing - E-Book Edward Alan Glasper, James Richardson, Duncan Randall, 2021-03-19 This innovative textbook provides a concise and accessible guide for undergraduate students specializing in children and young people's nursing in the UK and further afield. Each chapter has been fully updated to reflect current knowledge and practice. The wide range of topics covered includes all the essentials such as contemporary child health policy and legal issues, knowledge and skills for practice and caring for children with special needs. Students will learn how to recognize the deteriorating child, use procedural play and distraction and consider the mental health of children and young people. **A Textbook of Children's and Young People's Nursing** is written by multidisciplinary experts rooted in child-centred healthcare within a family context and draws upon best contemporary practice. It is an invaluable resource that will help nursing students provide effective evidence-based care. Key points, summary boxes and clearly defined aims, objectives and learning outcomes to support learning. Conversation boxes to enliven the text. Patient scenarios to relate theory to practice. New chapters on skin health and the use of therapeutic play. Suggestions for seminar discussion topics to help teachers. Resource lists and online resources for further study or research. Online slides to complement chapters within book.

This popular textbook is aimed at children's nurses in a wide range of practice settings, including primary, ambulatory and tertiary care. Covering the full age and specialty spectrum, this text brings together chapters from among the best-known children's nurses in the UK. It describes family-centred child healthcare, drawing upon practice throughout the UK and further afield. This innovative text provides up-to-date information on a wide range of topics. Each chapter offers readers additional material on Evolve. Full Microsoft PowerPoint presentations that facilitate interactive learning, augment the written chapters and provide information not normally possible in a standard textbook, e.g. colour photographs, video clips. Although intended for nurses, the book adopts an interprofessional, problem-solving and reflective approach aimed at students, practitioners and child health educators. Material is offered from levels 1, 3 and some of the ancillary material extends into the postgraduate arena.

Essentials of Nursing Children and Young People Jayne Price, Orla Mc Alinden, 2017-12-30 This innovative and student-friendly textbook provides up-to-date information on the core content of child nursing courses and helps students understand how it applies to practice. Covering all settings throughout, including the acute and community ones, it focuses on the importance of child and family-centred care.

by having them directly involved through the use of voices and case studies This book provides a comprehensive framework for student knowledge development by including Activities and theory stop points to encourage students to develop their critical thinking skills Pointers to further reading resources including journal articles and videos for students to explore and build knowledge more independently A range of online resources including extra scenarios for lecturers to use in their teaching and MCQs for students to revise Essential reading for undergraduate nursing students specialising or wanting to specialise in children and young people nursing *Children's and Young People's Nursing in Practice* Valerie Coleman, Lynda Smith, Maureen Bradshaw, 2006-09-28 This innovative textbook uses a problem based learning PBL approach to cover content that is most common to child branch nursing courses The evidence based PBL triggers are grounded in the reality of everyday contemporary nursing practice and readers are engaged in an active learning process in order to develop key skills for clinical practice and life long learning The book features individual chapters focusing on the different care environments that student nurses experience when caring for children young people and families within health and social care It is not necessary for readers to be undertaking a PBL structured course in order to use and benefit from this text

Children and Young People's Nursing Ruth Davies, Alyson Davies, 2011-04-29 Children and Young People's Nursing provides a comprehensive overview of the issues facing children's nurses today It focuses on developing best practice and implementing high quality care This book covers the wide range of general and specialist care settings in which children and young people's nurses work including schools the community **Essential Skills Clusters for Nurses** Linda Childs, Lesley Coles, Barbara Marjoram, 2009-05-11 This timely book identifies the theory which underpins these Essential Skills Clusters to support the development of best nursing practice I hope you enjoy it From the foreword by Garth Long Professional Education Advisor Nursing and Midwifery Council All nursing students are required to have the underpinning knowledge to demonstrate proficiency in performing nursing skills especially those identified on the Essential Skills Clusters Essential Skills Clusters for Nurses is a comprehensive practical resource for students providing them with the core theory and knowledge underpinning these nursing skills Divided into five sections that discuss a particular area of the Essential Skills Clusters this text explores care compassion and communication organisational aspects of care infection prevention and control nutrition and fluid maintenance and medicines management and pharmacology It will be essential reading for all pre registration nursing students on all branch programmes Key features of the text Provides the underpinning theory and knowledge behind core nursing skills and those on Essential Skills Clusters Relevant and applicable to all branches of nursing Accessible and interactive with activities further reading and case studies Each chapter written by a specialist in that particular field **Fundamentals of Children and Young People's Anatomy and Physiology** Ian Peate, Elizabeth Gormley-Fleming, 2021-04-20 Fundamentals of Children and Young People's Anatomy and Physiology contains the critical knowledge required to provide safe and effective care to young people Emphasising the application of evidence based theory

to practice this comprehensive yet accessible textbook helps nursing and healthcare students understand how children's anatomical and physiological systems influence disease processes and treatment options differently than in adults. Highly visual, succinct yet comprehensive, this textbook presents an overview of the structure and function of each body system supported by clinical applications demonstrating how the concepts relate to nursing in practice. Fully revised to reflect the Future Nurse Curriculum Standards, this second edition contains a new chapter on physical growth and development, discussion of social, political and environmental impacts to children's health and wellbeing, updated problems and activities and more. Each chapter includes a range of effective pedagogical tools such as learning objectives, clinical considerations, body maps and self-assessment questions. Designed to prepare students for their careers in delivering high quality care for children in a range of settings, this leading textbook provides information on the anatomical and physiological changes that leads to an altered state of health. Emphasises clinical application throughout applying the anatomy and physiology to common health conditions in children. Offers a structured and comprehensive approach to child related anatomy and physiology theory to prepare students for practice. **Fundamentals of Children and Young People's Anatomy and Physiology** is essential reading for nursing and healthcare students and a useful reference for nurses, nursing associates, healthcare assistants, assistant practitioners and other professionals working in the field. All content is reviewed by students for students. If you would like to be one of our student reviewers go to www.reviewnursingbooks.com to find out more. **Children and Young People's Nursing** Alyson M. Davies, Ruth E. Davies, 2016-10-03 Underpinned by a rights based approach, this essential text critically analyses the theory and practice of children and young people's nursing from several perspectives: public health, acute and community based care, education and research. Chapters address the clinical, legal, ethical, political and professional issues and controversies which impact on the care delivered to children, young people and their families both nationally and internationally. This new edition continues to promote reflection and critical thinking about the practice of children's nursing and professional development. **The Textbook of Children's Nursing** Tina Moules, Joan Ramsay, 1998 Divided into three sections, this book provides coverage of the Branch Programme in Children's Nursing. It includes user friendly content based on lecture plans and activities. It is a useful reading for those students embarking on a course of study in children's nursing. *Children and Young People's Nursing at a Glance* Elizabeth Gormley-Fleming, Sheila Roberts (Senior lecturer in children's nursing), 2022-12 Children's and Young People's nurses are committed to providing safe and effective care that is based on evidence. This textbook aims to provide a useful reference on the clinical care need of neonates, children and young people considering policy, skills and the practice of children's nursing in today's healthcare environment. It is also a useful text to others who work with children and young people in the delivery of healthcare. Some chapters required extensive review and new chapters have been included in this edition. It was also interesting to see that some practices in children's nursing have not changed or advanced since the first edition was published. **Clinical Skills in Children's Nursing** Imelda

Coyne, Fiona Timmins, Freda Neill, 2010-04-29 Designed as a compelling text for students Clinical Skills in Children's Nursing offers evidence based and family centred practical guidance for procedures in all care settings Emphasis is placed on the development of decision making skills and sensitive care It is enhanced by illustrations online resources and regular updates to evidence

The Great Ormond Street Hospital Manual of Children and Young People's Nursing Practices Elizabeth Anne Bruce, Janet Williss, Faith Gibson, 2023-03-13 Clinical skills are essential in the provision of care for children and young people The Great Ormond Street Hospital Manual of Children and Young People's Nursing Practices provides expert guidance on evidence based clinical procedures helping students and newly registered nurses develop sound clinical judgement and confidence This comprehensive resource covers all aspects of children's nursing from the fundamentals of everyday practice to advanced care in high dependency and intensive care settings As such its relevance and usefulness reach beyond those newly registered it remains a valuable resource for experienced nurses wishing to further expand their nursing skills Now in its second edition this thoroughly updated guide demonstrates each procedure explains the underlying theory and evidence and speaks to the unique challenges of working with children and young people New chapters address mental health complementary therapies learning difficulties and the

deteriorating child whilst expanded content examines blood glucose monitoring glucocorticoid treatment insulin administration diabetes care surgical diathermy non invasive ventilation and much more Key Features Provides evidence based guidelines for more than 300 clinical procedures Features an abundance of colour photographs and illustrations Examines the needs of neonates and adolescents in the context of interdisciplinary care Includes new material on health research and evidence based practice stages of development children with complex needs and admission transfer and discharge Complements The Royal Marsden Manual of Clinical Nursing Procedures offering continuity to those working in both adult and paediatric settings The second edition of The Great Ormond Street Hospital Manual is an indispensable resource for registered nurses students and other healthcare professionals involved in delivering clinically effective evidenced based family centred care Praise for the previous edition This manual builds on the knowledge skills and expertise of one of the UK s finest children s hospital and explains comprehensive evidence based care clearly Nursing Children and Young People Journal All children s nurses should have this book as a reference Nursing Standard a comprehensive resource for all qualified nurses students and other healthcare professionals involved in caring for children in hospital and community settings Times Higher Education Supplement

Developing Practical Skills for Nursing Children and Young People Alan Glasper, Marion Aylott, Cath Battrick, 2009-11-27 Clinical skills are essential to the practice of nursing and learning these skills requires a wealth of both factual knowledge and technical expertise Supplementing practical teaching Developing Practical Skills for Nursing Children and Young People is a comprehensive skills text that describes clinical skills in the style of a tutor teaching at

EBOOK: Safeguarding Children and Young People Catherine Powell, 2007-08-16 This book should be available in every ward clinic and department This book is comprehensive and that rare thing in nursing literature scholarly and authoritative reading this book should arm nurses with the understanding to effectively do their duty and safeguard children Paediatric Nursing This text will be particularly useful as a source of reference for all practitioners It is logical organised comprehensive and accessible If students wish to purchase one book this would be a sound choice Jan Nelmes University of Brighton UK I consider this a valuable book for all practitioners While the author makes clear her intended audience I think that a book of this quality would benefit a broader readership Community Practitioner Magazine Safeguarding Children and Young People a Guide for Nurses and Midwives is an excellent book which I would have no hesitation in recommending to nursing and midwifery colleagues It is both thought provoking and informative providing what I consider to be a useful reference which can be utilised to help staff understand more clearly and thus respond more confidently to some of the challenging issues which can arise as a result of safeguarding work Johann Knox IC Electronic Bulletin While many nurses and midwives are in an ideal position to prevent identify and respond to child maltreatment they may not currently have a clear understanding of the theory policy and practice of safeguarding children This book which has been written specifically for a nursing and midwifery audience provides an accessible text that outlines and explores

professional roles and responsibilities in the context of inter agency working Importantly it has chapters on Child neglect Fabricated or induced illness Child death and child maltreatment Safeguarding vulnerable children This groundbreaking book provides a much needed education research practice and evidence based evaluation The book also Includes case examples and points for reflection Provides an analysis of children s rights and child protection Enables readers to understand and apply theory and policy to practice Outlines the roles and responsibilities of other agencies Helps readers develop skills to deal with sensitive and traumatic issues Addresses the importance of confidentiality and information sharing Safeguarding Children and Young People is core reading for all nursing and midwifery students and practitioners This book provides a sound foundation both for novices needing to understand the challenges of working to safeguard children and as a reference book for those with experience of working in this field Dr Cheryll Adams Acting Lead Professional Officer Amicus CPHVA

Inter-professional Approaches to Young Fathers Jane Reeves, 2008 With one of the highest teenage pregnancy rates in Europe young fatherhood as a site of economic and personal adversity has become a focus of concern in Britain during the late 1990s However despite this policy interest there is surprisingly little British empirical evidence to review One of the aims of the book is to draw together contemporary research evidence social theory and policy which may effect how practitioners students and academics conceptualise and work with young fathers Consequently each chapter illustrates the points it makes using discrete evidence from that particular field Moreover in order to make this process more user friendly each chapter provides a summary of this literature and evidence Finally in order to make the book come alive it draws on case studies which are drawn variously from two studies conducted by the editor

Foundation Skills for Caring Edward Alan Glasper, Gillian McEwing, Jim Richardson, 2018-12-07 As a trainee healthcare professional you need a reliable skills manual which will help you understand and apply the procedures covered on your course However you also need one which will equip you to learn new skills as you develop throughout your career Congratulations you ve just found it Why is this skills manual different To help you fully engage with what you re learning *Foundation Skills for Caring* has been designed with your interests and knowledge in mind It is packed with scenarios and activities for you to explore alone or in your learning groups These activities make study more enjoyable but also build your confidence as you rehearse develop and apply what you ve learned Along the way you ll acquire professional level skills in critical thinking problem solving reflection teamwork and more What does it cover A range of chapters looks at over 150 core skills related to caring including all of the skills from the NMC Essential Skills Clusters Every chapter has been written by an experienced lecturer or practitioner so you can be confident that your learning is supported by a team of experts And there s more *Foundation Studies for Caring* Using the same engaging style our comprehensive sister book explores the theory that underpins your practice Chapter links make it easy to move between the volumes and build a full picture of today s healthcare environment Click here to visit the product page for *Foundation Studies for Caring* <http://www.palgrave.com/products/title.aspx/PID280527> Companion Website

Textbook Of Childrens Nursing And Young Peoples Nursing Introduction

In today's digital age, the availability of Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Textbook Of Childrens Nursing And Young Peoples Nursing versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Textbook Of Childrens Nursing And Young Peoples Nursing

books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Textbook Of Childrens Nursing And Young Peoples Nursing books and manuals for download and embark on your journey of knowledge?
