*The Head Men* Warren Murphy, Richard Sapir, 2023-09-01 Top American executives are being murdered The FBI and CIA have come up empty in their investigation when they learn of a vicious plot to assassinate the President They are running out of time With no leads and no hope they desperately need the special talents only the Destroyer can provide Remo Williams is summoned to the nation's capital as the President's only chance for survival Cutting to the core of this deadly conspiracy Remo discovers it goes far deeper than he could ever have imagined He and Chiun his Sinanju mentor must stop the killers before the President pays the ultimate price Breathlessly action packed and boasting a winning combination of thrills humour and mysticism the Destroyer is one of the bestselling series of all time **Bulletin**, 1910 Parliamentary Debates Ceylon. Pārlimēntuva. House of Representatives, Sri Lanka. Pārlimēntuva. House of Representatives, 1957 *Indigenous Identity in South Asia* Tamina M. Chowdhury, 2016-11-10 In the immediate aftermath of the creation of Bangladesh in 1971 an armed struggle ensued in its remote south eastern corner The hill people in the Chittagong Hill Tracts more commonly referred to as paharis demanded official recognition and autonomy as the indigenous people of the Tracts This demand for autonomy was primarily based on the claim that they were ethnically distinct from the majority Bengali population of Bangladesh and thereby needed to protect their unique identity This book challenges the general perception within existing scholarship that indigenous claims coming from the Tracts are a recent and contemporary phenomenon which emerged with the founding of the Bangladesh state By analysing the processes of colonisation in the Chittagong Hill Tracts the author argues that identities of distinct ethnicity and tradition predate the creation of Bangladesh and first began to evolve under British patronage It is asserted that claims to indigeneity must be understood as an outcome of prolonged and complex processes of interaction between hill peoples largely the Hill Tracts elites and the Raj Using hitherto unexplored archival sources *Indigenous Identity in South Asia* sheds new light on how the concepts of territory and of a people indigenous to it came to be forged and politicised By showing a far deeper historical lineage of claims making in the Tracts it adds a new dimension to existing studies on Bangladesh's borders and its history The book will also be a key resource for scholars of South Asian history and politics colonial history and those studying indigenous identity **The Story of the Origins of the Bura/Pabir People of Northeast Nigeria** Ayuba Y. Mshelia, 2014 A Synopsis of the Bura Project The three major rationale for writing this book are primarily to through the study of African language family groups trace the origin of the tribe to a more specific location rather than the diffused response of from the East secondly to investigate why and how the word Pabir Babur came on the scene referring to a separate ethnic group different or the same as the Bura and thirdly to document some of the vanishing Bura cultural practices and deeds For example what their beliefs are their marriage practices local industries and what they do to pass time It is my strong belief that the first objective is accomplished through our analysis and presentation of the Proto Afro asiatic linguistic family classification group and its subgroup the Proto Chadic of which the Biu Mandara

forms a sub branch Through a systemic and vigorous study of the classification of the different languages comprising this Proto Family of languages and its sub branches we are able to assert that the Bura people were among many other ethnic groups part of a group whose origin can be traced to the Levant region of south west Asia and the Middle East They belong to the group that forms back to Africa migration This is because modern genetic studies of languages indicate that they are the only group that have traces of Y chromosome belonging to haplogroup R1b R V88 in Africa but found mainly in Asia and Europe After tracing the influences of the powerful Kanem ca 700 1376 and later Bornu Kanem 1380 1893 empires around the Lake Chad region as well as the kingdom of Mandara founded in about 1459 i e end of the 15th century in what is today modern Cameroon on the inhabitants of the region we conclude a chaotic period of migrations and wars including trade in slaves It is through this prism that we notice the emergence of the founder of the Woviri dynasty of Biu Through his failure to win the Maiship of Bornu he moved to Mandara and then the Plateau of Biu with some of his followers or relatives Being a student of History Abdulahi or who later became Yamta ra wala attempted to replicate what the Kanembu were able to do among the local people they conquered some centuries earlier they created an ethnicity and language called Kanuri Yamta ra wala succeeded somewhat but wasn't able to completely conquer the Bura people and turn them in his new ethnic vision Instead the Buras went to the hills to fight him the next day The new breed he created he called Pabir or Babur as the Hausa would call them The myth of who Yamta ra wala is has for the present eclipsed historians and would probably continue for some time to come As for the Bura Most have down the hill tops and mountains and the Pabir they have never been closer than today Today for all practical purposes they are one and the same ethnic group they've intermingled more than any two previously separated groups Their vocabulary phonology and cultural practices have fused into one in most instances
