Context and Meaning Talmon, Craig A. Evans, 2021-11-15 This collection of studies is published in honor of Professor James A. Sanders, a leading scholar in the fields of the canon of Scripture, textual criticism, and the relationship of the two Testaments. Contributors include leading scholars in these and related fields of study. The studies investigate in what ways the early sacred tradition was interpreted and how this tradition takes new shape in the Jewish and Christian communities of faith. Included are studies of Jesus' understanding of Scripture, Paul's interpretation of Scripture, and the ways in which Scripture was interpreted by the Rabbis. In many instances, novel interpretations and new approaches to old problems are offered. Advanced students and veteran scholars will enjoy the many insights and provocative new ideas. Revelation, Scripture and Church Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation? This is the central question that this book seeks to address. In critical conversation with the influential hermeneutic programs of James Barr, Paul Ricoeur, and Hans Frei, Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation. Divine involvement with the Bible is bracketed out, Barr rendered in generic terms, Ricoeur or left implicit, Frei in these depictions of the hermeneutic field. The result is that each of these hermeneutic programs is less than a realist interpretative proposal. Talk of God is eclipsed by the terminal consideration of human realities. Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church. Jeremiah 48 as Christian Scripture Julie Woods, 2011-01-01 All Scripture is God-breathed, and yet some parts seem rather less God-breathed than one might imagine or even like. The prophecy concerning Moab in Jeremiah 48 is one such text, since it appears to equate the Lord's work with bloodshed and curses those who withhold their swords. How, if at all, might such a passage inform the Christian community of faith? In this sophisticated study, Julie Woods identifies some salient features of Jeremiah's Moab oracle by means of a careful analysis and comparison of both the Septuagint and the Masoretic Text of Jeremiah 48. She also explores the implications of links between the Moab oracles in Jeremiah 48 and Isaiah 15-16. The focus then moves to theological hermeneutics via an examination of some recent Christian interpretations of the oracle from Walter Brueggemann, Ronald Clements, Terence Fretheim, Douglas Jones, and Patrick Miller. Building on the observations of these scholars and the conclusions reached from her own textual analyses, Woods provides an innovative Christian reading of the oracle, including two imaginative film scripts to bring the text to life. Perhaps one of the more surprising proposals is that Easter is the ultimate horizon of Jeremiah 48. *Scripture in Its Historical Contexts* James A. Sanders, 2018-10-29 In this important collection of essays, James A. Sanders offers his most significant work on the text and canon of the Hebrew Bible, along with his seminal studies of the Qumran Scrolls. He has been at the forefront of the study of canon formation, history of interpretation, and textual criticism, with specialty in the Dead Sea Scrolls and the use of the Old Testament in the New. These studies document the variety of textual traditions as well as the diversity and unsettled incipient state of the collection of

Weis,David M. Carr,James A. Sanders,1996-11-01 This volume of essays addresses from a variety of vantage points the relation of scriptures and community that has been so central to the canonical critical work of James A. Sanders The first part of the volume focuses on the formation of the Jewish and Christian canons and texts in them while the second part looks at ancient and modern appropriations of canonical texts Together these essays show the multiple potential links between canonical criticism and historical literary feminist and other approaches in contemporary biblical studies

Theological Exegesis in the Canonical Context Chen Xun, 2010 Modern Christian theology has been problematic with the schism between the Bible and theology and between biblical studies and systematic theology Brevard Springs Childs is one of those biblical scholars who dismiss this iron curtain separating the two disciplines Theological Exegesis in the Canonical Context Brevard Springs Childs's Methodology of Biblical Theology analyzes Childs's concept of theological exegesis in the biblical canons Childs disregards negative influences of the historical critical method by establishing canon based theological exegesis that leads into confessional biblical theology He demonstrates forcefully the inadequacies of the historical critical method in practicing biblical theology His canonical approach establishes post critical Christian biblical theology and works within the traditional framework of faith seeking understanding Childs's biblical theology has a double task descriptive and constructive the former connects biblical theology with exegesis the latter with dogmatics He uses a comprehensive model that combines a thematic investigation of the essential theological contents of the Bible with a systematic analysis of the contents of the Christian faith Childs's theological exegesis in the canonical context offers a new interpretation in the modern history of Christian theology

How Can We Know What God Means J. Gracia, 2001-09-21 In spite of the growth of secularization technology and science statistics tell us that religious conversions are on the rise and the number of people who take religion and divine revelation seriously is at an all time high This phenomenon curiously enough has increased rather than decreased both inter and intra religious conflicts Protestants fight Catholics in Northern Ireland Serbian Greek Orthodox fight with Kosovo Moslems in Yugoslavia Jews fight with Moslems in Palestine Hindus fight with Moslems in India and the list is seemingly endless There is bitter disagreement also in dealing with revelation even within the same religious traditions and with regard to the same scriptures Liberal Christians reject the literal interpretation of the Christian scriptures favored by Evangelicals many Protestant groups do not accept the role of tradition in interpretation which Roman Catholics consider essential Orthodox Jews strictly follow eating regulations presented in the Torah but Reformed Jews take these in a different sense The sources of these disagreements vary considerably Some are rooted in historical events and traditions but quite often they signal deep

confusions concerning the interpretation of what believers take to be divinely revealed In recent years the author claims the confusion has been compounded by the rise in the number and variety of interpretational approaches that are used to understand revelation One can now take a culturalist sociological literary psychoanalytical historical political philosophical or feminist interpretations to name just a few approach But do these all necessarily make sense when applied to religious texts These and other questions cry out for answers which seldom are even attempted in the pertinent literature This book offers a novel and sustained philosophical treatment of religious hermeneutics in which the author considers the main alternatives available in today s marketplace The book is neither ideologically partisan nor thematically narrow and should be of interest to anyone concerned with interpreting the divine word It offers a sensible roadmap to a topic that continues to draw heated debate in philosophy theology sociology history and literary studies **The Psalms of the Tamid Service** Peter Trudinger,2003-12-01
