The Hidden Frontier Ecology And Ethnicity In An Alpine Valley Studies In Social Discontinuity:

The Hidden Frontier John W. Cole, Eric R. Wolf, 1974 *Viator: Medieval and Renaissance Studies, Volume 9 (1978)* The Center for Medieval and Renaissance Studies, 2023-11-15 **The Spectral Within** Elena Miltiadis, 2025-10-01 Latina was founded in 1932 by the Fascist Regime and is often described by its inhabitants through its absences as a place where there is nothing. The book examines the role of absence in place making and delves into the lived experience of Latina. Through the analytical lens of haunting, this work explores its inhabitants' efforts to see their city as a meaningful social space as they navigate the city's multiple histories and the absent presence of the contested past. **Radical Protest and Social**

Structure Michael Schwartz, 2013-09-24 *Radical Protest and Social Structure* The Southern Farmers Alliance and Cotton Tenancy 1880-1890 provides an analysis of the occurrence of protest, its growth and demise through the study of the Southern Farmers Alliance, the largest and most radical component of American Populism. The monograph presents historical and sociological facts and aims to interpret protest movements and the social structure they seek to reform. Chapters are devoted to the discussion of tenancy, southern politics, and the spiral of agrarian protest, organization, and history of the Southern Farmers Alliance, the role of the social structure in the behavior of social movements, and the determinants of organized protest. The book will be invaluable to historians, sociologists, researchers, and students. **National Library of**

Poverty and Policy in American History Michael B. Katz, 2013-09-03 *Poverty and Policy in American History* is about people who needed help in the nineteenth and early twentieth centuries. It is about the ways in which the perception of poverty and other forms of dependence affected the development of public programs and the conduct of voluntary reform. It also about the ways in which people have written about welfare. The book contains three chapters and opens with a description of the life and death of a poor family in early twentieth-century Philadelphia based on case records. It attempts to show many of the themes in the lives of the poor through the close analysis of one extended example. The second chapter moves back in time and consists of four case studies drawn from the project's empirical research. The first case study takes up the history of a neglected institution, the poorhouse. The second case reports on a survey of the causes of pauperism undertaken by the New York Board of State Charities in the mid-1870s. The third case analyzes a sample of the seven special schedules of the 1880 U.S. census which enumerated the defective, dependent, and delinquent population. The final case uses a register of tramps from various places in New York State during the mid-1870s to assess the relation between popular images of tramps and what appeared to be their actual characteristics. The third chapter uses the results of the project's research and other recent work on related topics to examine American historical writing about dependence as a field and offers a sympathetic critique. **Handbook on Human Security, Borders and Migration** Natalia
