**The Hidden Hall** Peter Pagnamenta, 2004 One of the smaller Cambridge colleges that manages to maintain a diverse membership which is one of its strengths Designed to appeal to former students and the general reader **Guy Burgess** Stewart Purvis, Jeff Hulbert, 2016-01-28 Cambridge spy Guy Burgess was a supreme networker with a contacts book that included everyone from statesmen to socialites high ranking government officials to the famous actors and literary figures of the day He also set a gold standard for conflicts of interest working variously and often simultaneously for the BBC MI5 MI6 the War Office the Ministry of Information and the KGB Despite this Burgess was never challenged or arrested by Britain's spy catchers in a decade and a half of espionage dirty scruffy sexually promiscuous a slob conspicuously drunk and constantly drawing attention to himself his superiors were convinced he was far too much of a liability to have been recruited by Moscow Now with a major new release of hundreds of files into the National Archives Stewart Purvis and Jeff Hulbert reveal just how this charming establishment insider was able to fool his many friends and acquaintances for so long ruthlessly exploiting them to penetrate major British institutions without suspicion all the while working for the KGB Purvis and Hulbert also detail his final days in Moscow so often a postscript in his story as well as the moment the establishment finally turned on him outmanoeuvring his attempts to return to England after he began to regret his decision to defect

**"Just Like Other Students"** Magda Czigány, 2009 Based on extensive archival research and in depth interviews with former refugee students the author has painted a detailed picture of how and why the students came to Britain after the failure of the 1956 revolution She chronicles their studies and achievements and their attempts to adapt to British society and recalls the extraordinary welcome extended to them by British higher educational institutions as well as the magnanimous response by the people of Britain to the appeal to raise funds to cover the cost of their education The British people feeling guilty that the Suez crisis had prevented the British government from being able to help Hungary in face of Soviet aggression readily offered whatever they could to help the refugees pouring into Britain The Lord Mayor of London TM's Appeal Fund was set up within a week of the Russian tanks rolling into Budapest It had the then unprecedented sum of two million pounds as its target which was collected mainly from small individual donations by the first week of January 1957 The universities immediately began to organize the selection and transfer of refugee students from the Austrian camps to Britain to interview them allocate places for them and set up the necessary English language classes Nearly one thousand potential students were interviewed five hundred of whom were placed in higher educational institutions all over the country Well over the half of these students obtained degrees and an unusually high proportion went on to gain higher degrees

Proceedings of the Cambridge Antiquarian Society, with Communications Made to the Society Cambridge Antiquarian Society (Cambridge, England), 2005 "The Feminine Dynamic in English Art, 1485?603 " Susan E. James, 2017-07-05 A significant contribution to the understanding of sixteenth century English art in an historical context this study by Susan

James represents an intensive rethinking and restructuring of the Tudor art world based on a broad detailed survey of women's diverse creative roles within that world. Through an extensive analysis of original documents, James examines and clarifies many of the misperceptions upon which modern discussions of Tudor art are based. The new evidence she lays out allows for a fresh investigation of the economics of art production, particularly in the images of Elizabeth I, of strategies for influencing political situations by carefully planned programs of portraiture, of the seminal importance of extended clans of immigrant Flemish artists, and of careers of artists Susanna Horenbout and Lievine Teerlinc and their impact on the development of the portrait miniature. Drawn principally from primary sources, this book presents important new research which examines the contributions of Tudor women in the formation, distribution, and popularization of the visual arts, particularly portraiture and the portrait miniature. James highlights the involvement of women as patrons, consumers, and creators of art in sixteenth-century England and their use of the painted image as a statement of cultural worth. She explores and analyzes the amount of time, money, effort, and ingenuity which women across all social classes invested in the development of art, the uses they found for it, and the surprising and unexpected ways in which they exploited it.

Christopher Marlowe: Every Word Doth Almost Tell My Name Cynthia Morgan, 2022-07-25. These essays from *The Marlowe Studies* give the Shakespeare authorship evidence for Christopher Marlowe that has been overlooked by traditionalists resistant to the idea someone other than the Stratford man wrote the works. While the authorship debate continues, the words of Shakespeare himself sit silent on the sidelines. The essays herein bring his words into the spotlight and interpret them within the Marlowe context so readers can decide for themselves whose autobiography they voice. Whether or not we believe Marlowe was the man behind a pseudonymous Shakespeare name, no invention is needed to see that these sonnets and plays answer our questions about his character. Baines's Note a Staged Death at Deptford, Thomas Walsingham, and the bestowal of the pseudonym. The essays also offer a new explanation for cryptic Sonnet 112, new information about the man who sued Marlowe for assault, a look at the literary similarities between Marlowe and Shakespeare, an examination of the heretical papers in Kyd's room, and an exploration of Marlowe's Cambridge education that reveals how it shaped his plays and his ideas about religion. Signals for Marlowe being the true author of Shakespeare's works are found in Ben Jonson's authorship clues, the clues in *As You Like It* and *Hamlet*, and the eighteen clues in the Inductions to *The Taming of a Shrew* and *The Shrew*. Evidence is also given for Marlowe's authorship of *Venus and Adonis*, the King Henry VI trilogy, and three anonymous plays: *Edward the Third*, *The Troublesome Raigne of King John*, and *The Famous Victories of Henry the Fifth*. **The De Vere Papers** Michael Langford, 2008 **Journal of Education and School World**, 1903 The Journal of Education, 1891 The Oxford Magazine, 1913 **The Little Street** Linda Stone-Ferrier, 2022-08-23.
