*Principles of Christian Faith* ,      **The Theology of the Cross and Marx's Anthropology** Winston D. Persaud,2005-09-13 This is a fascinating major articulation of a contemporary theology of the cross in response to the soteriological challenge of Karl Marx s anthropological Weltanschauung The author focuses primarily on the much neglected Early Writings 1844 Manuscripts in which Marx himself provides a necessary humanistic critique of official Marxism The theology of the cross which the author articulates is centered in Luther s theologia crucis Moltmann s crucified God and Latin American liberation theology s divine identification and solidarity with the poor and oppressed Specifically the context of the work is the Caribbean and the Americas      *Divine Hiddenness* Daniel Howard-Snyder,Paul Moser,2002 A distinguished group of philosophers of religion explore the question of divine hiddenness      *The Living Church* ,1965-07

**Turning the Tables on Apologetics** Jeffrey L. Hamm,2018-05-22 Does apologetic method matter Helmut Thielicke argues that the method should conform to its own message He thus rejects traditional apologetic methodologies beholden to supposedly neutral scientific and philosophical paradigms Seeking to reform Christian conversation Thielicke discovers a lost way of persuasion that is the table turning approach found in Christ s conversations Whenever Jesus is questioned he seldom answers directly For he refuses to allow the conversation to be framed by an autonomous mindset and instead responds with a counterquestion Christ s style of persuasion as the controller of the question subverts his hearers presuppositions and challenges their unbelief This approach is the reverse of the defensive answer giving mode of traditional apologetics In view of renewing Christ s method Thielicke insists that the task of apologetics is something which is always on the offensive and far from giving ready made answers to the doubtful questions of men turns the tables by putting questions on its own account aggressive violent radical questions and striking straight to the hearts of men Christian conversation must integrate Christ s method with his message in order to advocate the message itself For it is not the world that questions Christ but rather Christ questions the world      **The Journal of Religion** ,1978 Includes section Book reviews      **The Lutheran** ,1977

**Lutheran Forum** ,1977      *Hidden Divinity and Religious Belief* Adam Green,Eleonore Stump,2016-02-05 This collection of new essays written by an international team of scholars is a groundbreaking examination of the problem of divine hiddenness one of the most dynamic areas in current philosophy of religion Together the essays constitute a wide ranging dialogue on the problem They balance atheistic and theistic standpoints and they bring to bear not only on the standard philosophical perspectives but also on insights from Jewish Muslim and Eastern Orthodox traditions The apophatic and the mystical are well represented too As a result the volume throws fresh light on this familiar but important topic in the philosophy of religion In the process the volume incorporates contemporary work in epistemology philosophy of mind and
