The Letters of John Hus, 2014-03 This Is A New Release Of The Original 1904 Edition *Letters of John Huss Written During His Exile and Imprisonment* John Huss, 1846 The correspondence of the Czech theologian John Hus shed light into the religious and political upheavals of his time as Bohemian church reformers and traditionalists vied for influence Hus sought to change the church's principles opposing a number of Catholic opinions on topics such as the Eucharist and ecclesiology A gifted and eloquent philosopher his explanations roused the spirits of both nobles and the larger population alike Those in favor of Hus's ideas were termed Hussites this group believed in their reforms which they considered to better reflect Christian values for the Bohemians Yet the Catholic Church rejected the ideas setting the stage for lengthy protracted and violent conflict between Rome and the Bohemian authorities The letters herein reveal Hus's thinking in detail We learn how he arrived at his conclusions for theology through his explanatory writing to church officials both locally in Bohemia and abroad Hus encouraged his followers asking them to preach under the influence of God's divine will rather than that of the existing church hierarchy Some letters address villages or towns who were either curious toward supportive or opposed to the reforms Hus espoused Notes appended to each letter clarify references that the history and complexities of the time be understood **The letters of John Hus** Jan Hus, Herbert B. Workman, 2017-10-26 Excerpt from The Letters of John Hus With Introductions and Explanatory Notes The constant quotations in the letters from the Fathers the Vulgate and other sources have given us no small difficulty As regards the Vulgate Hus differs very widely from the present Clementine Sixtine text In the lack of data it has been impossible to decide to what extent the difference is due to a faulty memory or to the use by Hus of manuscripts somewhat differing from the Paris recension that was the standard of his time As a matter of fact the quotations of Hus from the Scriptures are generally only verbally accurate in the few letters for which we must depend alone on the doctored text of the Monumenta or Epistolw Ptsistmoe In turning the Vulgate into English we have generally quoted the Douai Rheims version About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are
