The Liberation Of Men:

The Liberation of Men John Irwin, 1994-01-01 What Men Owe to Women John C. Raines, Daniel C.

Maguire, 2001-01-04 What Men Owe to Women brings together a distinguished group of male scholars to address gender justice in world religions. It includes contributions representing a wide range of traditions: Islam, Judaism, Hinduism, Roman Catholicism, Protestantism, Taoism, Buddhism, and African and Native American religions. This book acknowledges the patriarchal overload of these traditions and institutes a creative search for the helpful but neglected resources of the traditions themselves. The contributors show how these resources support the economic and political empowerment of women and assist a rethinking of gender relations in terms of genuine mutuality. In addition, they share information on their own lives and those of the women in their families that illuminate the discussion. The book builds upon the enormous international feminist literature that has indicted the religions of the world for their insensitivity to women and their sacralization of sexism. It then looks into the causes of the fear that underlies much sexism and studies the distortion of religious symbols that supports sexism and masks men's obligations. Contributors include Marvin M. Ellison, Asghar Ali Engineer, Farid Esack, Ze'ev W. Falk, Christopher Ronwani, Nate Jocks, Daniel C. Maguire, Mutombo Nkulu, N. Sengha, Tavivat Puntarigivat, John C. Raines, Gerard S. Sloyan, Anantanand Rambachan, and Liu Xiaogan.

The Liberation of Men John Irwin, Harvey Jackins, Charlie Kreiner, 1992-01-01 **The Republic of Men** Geoff Read, 2014-05-12 In The Republic of Men Geoff Read explores the intersection of gender bias and the eight most important political parties in interwar France, breaking new scholarly ground in profound ways. The first to compare gender discourse across the political spectrum in a national context and trace the origins of the fascist new man in other political traditions, Read evaluates the impact of gender discourse upon policy during a pivotal period in French history. Skillfully exploring how differing political traditions from left to right influenced and reacted to each other, Read shows that regardless of the party, predominant notions of gender manifested themselves in misogyny and double standards when it came to women's emancipation. Despite the hostility of male politicians and party members and despite women's exclusion from both parliament and the vote, Read argues that women were nonetheless crucial to politics and visibly prominent within almost every political party in interwar France. Read explains this seeming contradiction by demonstrating the existence of a conservative trend in gender politics that by the mid-1930s had enveloped even the Communist Party. Through his masterful analysis, Read closes significant gaps in the existing historiography and presents a truly revisionist assessment of early twentieth-century French politics. **Boys Don't Cry?**

Milette Shamir, Jennifer Travis, 2002 We take for granted the idea that white middle-class straight masculinity connotes total control of emotions, emotional inexpressivity, and emotional isolation. That men repress their feelings as they seek their fortunes in the competitive worlds of business and politics seems to be a given. This collection of essays by prominent literary and cultural critics rethinks such commonly held views by addressing the history and politics of emotion in prevailing

narratives about masculinity How did the story of the emotionally stifled U S male come into being What are its political stakes Will the release of straight white middle class masculine emotion remake existing forms of power or reinforce them This collection forcefully challenges our most entrenched ideas about male emotion Through readings of works by Thoreau Lowell and W E B Du Bois and of twentieth century authors such as Hemingway and Kerouac this book questions the persistence of the emotionally alienated male in narratives of white middle class masculinity and addresses the political and social implications of male emotional release *The Complete Works of Count Tolstoy: Walk in the light while ye have light; Thoughts and aphorisms; Letters; Miscellanies* graf Leo Tolstoy,1905 **Walk in the Light While Ye Have Light ; Thoughts and Aphorisms ; Letters ; Miscellanies** graf Leo Tolstoy,1905 *The Complete Works of Count Tolstoy* graf Leo Tolstoy,1905 *The Complete Works of Count Tolstoy: Latest works; Life; General index; Bibliography* graf Leo Tolstoy,1905 *The Complete Works of Count Tolstoy: Walk in the light while ye have light. Messner,1997-09-06 The profound changes wrought by the feminist movement were by no means restricted to women In the years since feminism has taken root the role of men and masculinity has begun to undergo its own redefinition Michael A Messner provides a sociological framework to understand the responses of men to the changes challenges and crises in the social organization of gender By examining not only what certain groups of men say about gender but what they do Messner helps to illuminate the various social movements engaged with the politics of masculinity *Politics of Masculinities* is one of the first books in the new Gender Lens series which will look at the social world through the lens of gender The mission of the series is to unpack the assumptions about gender that pervade social life and to examine the centrality of these assumptions to the way we perceive and interpret our world *Politics of Masculinities* is an ideal introduction to the discussion of gender roles and masculinity This book will be of interest to students and professionals involved in gender studies sociology and men's studies *Tonight We Bombed the U.S. Capitol* William Rosenau,2020-01-07 In a shocking never before told story from the vaults of American history *Tonight We Bombed the US Capitol* takes a close look at the explosive hidden history of M19 the first and only domestic terrorist group founded and led by women and their violent fight against racism sexism and what they viewed as Ronald Reagan's imperialistic vision for America In 1981 President Ronald Reagan announced that it was morning in America He declared that the American dream wasn't over but the United States needed to lower taxes shrink government control and flex its

military muscles abroad to herald what some called the Reagan Revolution At the same time a tiny band of American born well educated extremists were working for a very different kind of revolution By the end of the 1970s many radicals had called it quits but six veteran women extremists came together to finish the fight These women had spent their entire adult lives embroiled in political struggles protesting the Vietnam War fighting for black and Native American liberation and confronting US imperialism They created a new organization to wage their war The May 19th Communist Organization or M19 a name derived from the birthday shared by Malcolm X and Ho Chi Minh two of their revolutionary idols Together these six women carried out some of the most daring operations in the history of domestic terrorism from prison breakouts and murderous armed robberies to a bombing campaign that wreaked havoc on the nation s capital Three decades later M19 s actions and shocking tactics still reverberate for many reasons but one truly sets them apart unlike any other American terrorist group before or since M19 was created and led by women Tonight We Bombed the US Capitol tells the full story of M19 for the first time alongside original photos and declassified FBI documents Through the group s history intelligence and counterterrorism expert William Rosenau helps us understand how homegrown extremism a threat that still looms over us today is born **The Edinburgh Review** ,1881 **Parliamentary Debates** Great Britain.
