one indispensable guide for encountering Michelangelo on his home turf The Dallas Morning News Michelangelo stands alone as a master of painting sculpture and architecture a man who reinvented the practice of art itself Throughout his long career he clashed with patrons by insisting that he had no master but his own demanding muse Michelangelo was ambitious egotistical and difficult but through the towering force of genius and through sheer pugnaciousness he transformed the way we think about art Miles Unger narrates the life of this tormented genius through six of his greatest masterpieces Each work expanded the expressive range of the medium from the Piet carved by a brash young man of twenty four to the apocalyptic Last Judgment the work of an old man weighed down by the unimaginable suffering he had witnessed In the gargantuan David he depicts Man in the glory of his youth while in the tombs he carved for his Medici overlords he offers perhaps history's most sustained meditation on death and the afterlife of the soul In the vast expanse of the Sistine Chapel ceiling he tells the epic story of Creation During the final decades of his life his hands too unsteady to wield the brush and chisel he exercised his mind by raising the soaring vaults and dome of St Peter's in a final tribute to his God A deeply human tribute to one of the most accomplished and fascinating figures in the history of Western culture The Boston Globe Michelangelo brings to life the irascible egotistical and undeniably brilliant man whose artistry continues to amaze and inspire us after five hundred years
