of the Goddess Sian, 2013-05-08 Sian is an experienced clairaudient clairvoyant and clairsentient channel of Light who has dedicated many years of her life to the pursuit of helping others improve theirs. Now in *Healing of the Goddess* she brings readers within a life-changing experience and the epiphany that it inspired. After her soul was imploded by a massive psychic force, she developed breast cancer, causing a near-death experience that took fifteen years from her life. As she describes an extraordinary experience in her healing journey, the hand of God encapsulated her soul with Light, giving her the strength and faith to endure a long healing process to reinstate her body back to life. She explains how breast cancer was the result of a karmic strike and how the Keys of Transformation allowed her to be healed. Cancer, she has come to understand, is a trial by tribulation. *The Healing of the Goddess* explores the cause and effect factors that are the real underlying causes of disease and recalls Sian's journey of self-healing and transformation. The challenge we all face is to truly understand the nature of life, energy, and healing. If life is to be sustained, the time has come for humanity to fundamentally address our relationship with all life on this glorious planet. This is an auspicious and providential period in human evolution. Are we enlightened enough to shepherd in a new era of health and peace, or will we condemn it with apathy and ignorance?

The Ultimate Guide to Energy Healing Kat Fowler, 2022-02 *The Ultimate Guide to Energy Healing* is a beginner's guide to energy healing styles, practices, and techniques that readers can use immediately for healing and self-care.

The Spiritual Dimension of Alternative Medicine Ernest M. Valea, 2020-02-20 We often hear that alternative medicine is superior to classical medicine for it treats us holistically, both the physical body and the immaterial part of our nature. Although such an approach seems desirable, it is precisely this aspect that opens the door to spiritual views incompatible with Christianity. Many forms of alternative medicine speak of a divine essence we allegedly possess, of a vital force that we can manipulate, of spiritual beings that can help us, and other such views closely related to Eastern religions and New Age thought. In their desire to find healing at any price, Christians often resort to these methods without realizing the spiritual danger involved. For Christians who want to live consistently with their faith, this book is intended to raise awareness of the hidden beliefs of alternative medicine.
