

The Limits Of Rawlsian Justice

Jon Mandle

The Limits Of Rawlsian Justice:

The Limits of Rawlsian Justice Roberto Alejandro, 1998 In A Theory of Justice and Political Liberalism Rawls set out to prove four major propositions to justify the politics of welfarism namely that the institutions of the modern state are compatible with an idea of justice defined by fairness that political agreement on such an idea is possible that justice as fairness avoids the pitfalls of utilitarianism and its concomitant reliance on majoritarian views and that his view of justice is able to promote stability over the long run In The Limits of Rawlsian Justice political theorist Roberto Alejandro challenges these assumptions Whereas other opponents of Rawls have attempted to offer an alternative to his concept of justice as fairness Alejandro instead examines Rawls from within his own writings testing Rawls s assumptions on the basis of those assumptions themselves As a result Alejandro shows that Rawls s idea of justice as fairness is fraught with inner tensions is exposed to utilitarian dangers and is far from being the coherent model Rawls promised **Liberalism and the Limits of Justice** Michael J. Sandel,1998-03-28 Previous edition published in 1982 John Rawls, A Theory of Justice Otfried Höffe, 2013-07-25 Essential reading for all who are interested in mid century western political philosophy and the philosophy of John Rawls especially his seminal text A Theory of Justice Rawls's 'A Theory of Justice' Jon Mandle, 2009-10-15 A Theory of Justice by John Rawls is widely regarded as the most important twentieth century work of Anglo American political philosophy It transformed the field by offering a compelling alternative to the dominant utilitarian conception of social justice The argument for this alternative is however complicated and often confusing In this book Jon Mandle carefully reconstructs Rawls s argument showing that the most common interpretations of it are often mistaken For example Rawls does not endorse welfare state capitalism and he is not a luck egalitarian as is widely believed Mandle also explores the relationship between A Theory of Justice and the developments in Rawls's later work Political Liberalism as well as discussing some of the most influential criticisms in the secondary literature His book will be an invaluable guide for anyone seeking to engage with The Cambridge Companion to Rawls Samuel Richard Freeman, 2003 Each this ground breaking philosophical work volume of this series of companions to major philosophers contains specially commissioned essays by an international team of scholars and will serve as a reference work for students and nonspecialists John Rawls is the most significant and influential philosopher and moral philosopher of the twentieth century His work has profoundly shaped contemporary discussions of social political and economic justice in philosophy law political science economics and other social disciplines In this exciting collection of essays many of the world's leading political and moral theorists discuss the full range of Rawls's contribution to the concepts of political and economic justice democracy liberalism constitutionalism and international justice There are also assessments of Rawls s controversial relationships with feminism utilitarianism and communitarianism New readers will find this to be an accessible guide to Rawls Advanced students and specialists will find a conspectus of developments in the interpretation of Rawls Perfecting Justice in Rawls, Habermas and Honneth Miriam Bankovsky, 2012-02-23 Brings a

deconstructive perspective to theories of justice in the early and later work of Rawls Habermas and Honneth An Analysis of John Rawls's A Theory of Justice Filippo Dionigi, Jeremy Kleidosty, 2017-07-05 John Rawls s A Theory of Justice is one of the most influential works of legal and political theory published since the Second World War It provides a memorably well constructed and sustained argument in favour of a new social contract version of the meaning of social justice In setting out this argument Rawls aims to construct a viable systematic doctrine designed to ensure that the process of maximizing good is both conscious and coherent and the result is a work that foregrounds the critical thinking skill of reasoning Rawls s focus falls equally on discussions of the failings of existing systems not least among them Marxism and Utilitarianism and on explanation of his own new theory of justice By illustrating how he arrived at his conclusions and by clearly explaining and justifying his own liberal pluralist values Rawls is able to produce a well structured argument that is fully focused on the need to persuade Rawls explicitly explains his goals He discusses other ways of conceptualizing a just society and deals with counter arguments by explaining his objections to them Then carefully and methodically he defines a number of concepts and tools thought experiments that help the reader to follow his reasoning and test his ideas Rawls s hypothesis is that his ideas about justice can be universally applied they can be accepted as rational in any society at any time Iohn Rawls: Political liberalism and the law of peoples John Rawls,2002 On Rawls, Development and Global Justice H. Williams, 2011-03-08 John Rawls text The Law of Peoples has inspired extensive scholarly debate in the field of international political theory since its publication in 1999 Responding to the arguments of cosmopolitan theorists and Amartya Sen's recent critique this new work presents a fresh appraisal of the debate and argues that Rawls offers a persuasive and prescient moral perspective on issues of global poverty and development By elaborating one of Rawls core ideas the duty of assistance the book offers a unique theoretical response to the ideal of global justice. The duty is presented as a far reaching principle of justice one that advocates increasing the state capability of burdened societies and aims to compel the most powerful states to reform international structures and provide aid in a constructive and culturally sensitive manner The aim of assistance is the strengthening of democratic or decent indigenous institutions and the promotion of the freedom of peoples On Rawls Development and Global Justice is an original contribution to current debates on international redistribution democracy promotion and global poverty **Liberalism and the Limits of Power** J. Williams, 2005-11-26 This book provides the first critical assessment of important recent developments in Anglo American liberal theorizing about limited government Following a comparative study of canonical liberal philosophers Hayek and Rawls the book reveals a new direction for conceptualizing limited government in the twenty first century highlighting the central role that democratic politics rather than philosophical principles should play in determining the uses and limits of state power in a liberal regime Williams draws on recent scholarship in the field of democratic theory and cultural studies in arguing for a shift in the ways liberals approach the study of politics Confucius, Rawls, and the Sense of Justice Erin Cline, 2013 This work examines the

role of a sense of justice in the ethical and political thought of Confucius and John Rawls and argues that a comparative study can help us to better understand each of their views and apply their insights John Rawls and American Pragmatism Daniele Botti, 2019-10-11 The textual and contextual connections between John Rawls s intellectual figure and American pragmatism broadly conceived have become topics of discussion only recently This is at least in part due to the fact that Rawls seemed to have taken a pragmatic turn in his intellectual trajectory from A Theory of Justice 1971 to Political Liberalism 1993 John Rawls and American Pragmatism Between Engagement and Avoidance intervenes in these discussions with two unconventional claims corroborated by archival research First Daniele Botti shows that Rawls s thinking owes more to the American pragmatists views than is generally recognized Second and in the light of the pragmatist sources of Rawls s thinking Botti argues that we should reverse the common narrative about Rawls's alleged pragmatic turn and interpret it as a quite un pragmatic one By making the case for interpreting Rawls as an American pragmatist this book profoundly transforms not only a widely held interpretation about Rawls s intellectual trajectory but also our understanding of American philosophical vicissitude in the second half of the twentieth century John Rawls: Principals of justice II Chandran **Justice for Earthlings** David Miller, 2013-01-10 David Miller explores what justice means for real people Kukathas.2003 and challenges philosophical theories that ignore the facts of human life **The Limit of Responsibility** Esther D. Reed, 2018-08-23 This volume frames the question of responsibility as a problem of agency in relation to the systems and structures of globalization According to Ricoeur responsibility is a shattered concept when considered too narrowly as a problem of act agency and individual freedom To examine this Esther Reed develops a short genealogy of modern liberal and post liberal concepts of responsibility in order to understand better the relationship dominant modern framings of the meanings of responsibility Reed engages with writings by major modern Schleiermacher Hegel Marx Weber and post liberal Buber Levinas Derrida Badiou Butler Young Critchley theorists to illustrate the shift from an ethnic responsibility built on notions of accountability and attributions to an ethic responsibility that starts variously from the other Reed sees Dietrich Bonhoeffer as the most promising partner of this theological dialogue as his learning of responsibility from the risen Christ present now in the global church is a welcome provocation to new thinking about the meaning of responsibility learned from land distant neighbour global church and the bible Bonhoeffer's reflections on the centre boundaries and limits of responsibility remain helpful to Christian people struggling with an increasingly exhausted concept of accountability

<u>Cosmopolitan Justice</u> Darrel Moellendorf,2018-03-08 Increasing global economic integration and recent military interventions in the name of human rights have forced questions of global justice into political discussions In presenting a systematic account of global duties of justice Cosmopolitan Justice departs from many contemporary accounts that take the scope of justice to be limited to the state or nation Is the unequal distribution of wealth across the globe just Are the most indebted countries obliged to pay back their loans to international financial institutions Does respecting state sovereignty

prohibit intervening in the affairs of other states What is the moral basis of international law Cosmopolitan Justice takes on these guestions and much more In the Shadow of Justice Katrina Forrester, 2021-03-09 In the Shadow of Justice tells the story of how liberal political philosophy was transformed in the second half of the twentieth century under the influence of John Rawls In this first ever history of contemporary liberal theory Katrina Forrester shows how liberal egalitarianism a set of ideas about justice equality obligation and the state became dominant and traces its emergence from the political and ideological context of the postwar United States and Britain In the aftermath of the civil rights movement and the Vietnam War Rawls s A Theory of Justice made a particular kind of liberalism essential to political philosophy Using archival sources Forrester explores the ascent and legacy of this form of liberalism by examining its origins in midcentury debates among American antistatists and British egalitarians She traces the roots of contemporary theories of justice and inequality civil disobedience just war global and intergenerational justice and population ethics in the 1960s and 70s and beyond In these years political philosophers extended developed and reshaped this liberalism as they responded to challenges and alternatives on the left and right from the New International Economic Order to the rise of the New Right These thinkers remade political philosophy in ways that influenced not only their own trajectory but also that of their critics Recasting the history of late twentieth century political thought and providing novel interpretations and fresh perspectives on major political philosophers In the Shadow of Justice offers a rigorous look at liberalism's ambitions and limits **Liberalism** Margaret Moore, 1993-02-18 This book is an original critique of contemporary liberal theories of justice focusing on the problem of how to relate the personal point of view of the individual to the impartial perspective of justice Margaret Moore s examination of prominent contemporary arguments for liberal justice reveals that individualist theories are subject to two serious difficulties the motivation problem and the integrity problem Individualists cannot explain why the individual should be motivated to act in accordance with the dictates of liberal justice and related to this offer radically incoherent accounts of the person Revisionist liberal attempts to ground liberalism in contextual and perfectionist terms offer more defensible foundations but Dr Moore argues that such theories do not support liberal political principles She concludes by sketching a historical and concrete approach to political and ethical theorizing which reformulates the relation between self interest and morality and is not subject to the problems that beset liberal individualist theories of justice Her book advances the debate between communitarians and liberals about the kind of moral foundation which a liberal society requires Iohn Rawls and the Common Good Roberto Luppi, 2021-12-29 The chapters in this book analyze the relationship between core concepts of the common good and the work of American political philosopher John Rawls One of the main criticisms that has been made of Rawls is his supposed neglect of central aspects of collective life The contributors to this book explore the possibility of a substantive and community oriented interpretation of Rawls s thought The chapters investigate Rawls s views on values such as community faith fraternity friendship gender equality love political liberty reciprocity respect sense of

justice and virtue They demonstrate that Rawls finds a balance between certain individualistic aspects of his theory of justice and the value of community In doing so the book offers insightful new readings of Rawls John Rawls and the Common Good will be of interest to scholars and advanced students working in political moral and legal philosophy Rorty, Public Reason, and Modernity's Crisis of Critique Ivan Marquez,2024-11-12 Starting with Richard Rorty's critique of reason this book discusses modernity s legitimation crisis in political discourse Rorty Public Reason and Modernity's Crisis of Critique explores the contemporary crisis of rational justification and collective will formation in our current political institutions and the public sphere arguing that there is an array of untapped rational resources that should be deployed to justify social political and economic views agendas and programs It also identifies limits to the powers of public reason to generate rational agreement and collective will formation Using a critical analysis of Rorty's non foundationalist perspective as a vehicle to study modernity's project of rational critique Ivan Marquez highlights both the strengths and promise and the weaknesses and limitations of liberal and democratic societies especially within pluralistic socio cultural contexts and some possible ways to work within this space of possibilities and constraints Ultimately this book can be seen as elaborating a political epistemology view that argues for a redefinition of philosophy and defends a type of post metaphysical culture
