

The Magic Bus An American Odyssey

SJ Ball

The Magic Bus An American Odyssey:

The Majic Bus Douglas Brinkley, *The Majic Bus* Douglas Brinkley, 1993 Excerpts from student journals and photographs mark a Hofstra University professor's account of his travelling classroom in which seventeen students took a six week bus tour across America reading meeting cultural heroes and experiencing the country 25 000 first printing **Global West, American Frontier** David M. Wrobel, 2013-10-15 This thoughtful examination of a century of travel writing about the American West overturns a variety of popular and academic stereotypes Looking at both European and American travelers accounts of the West from de Tocqueville's *Democracy in America* to William Least Heat Moon's *Blue Highways* David Wrobel offers a counter narrative to the nation's romantic entanglement with its western past and suggests the importance of some long overlooked authors lively and perceptive witnesses to our history who deserve new attention Prior to the professionalization of academic disciplines the reading public gained much of its knowledge about the world from travel writing Travel writers found a wide and respectful audience for their reports on history geography and the natural world in addition to reporting on aboriginal cultures before the advent of anthropology as a discipline Although in recent decades western historians have paid little attention to travel writing Wrobel demonstrates that this genre in fact offers an important and rich understanding of the American West one that extends and complicates a simple reading of the West that promotes the notions of Manifest Destiny or American exceptionalism Wrobel finds counterpoints to the mythic West of the nineteenth century in such varied accounts as George Catlin's *Adventures of the Ojibbeway and Ioway Indians in England France and Belgium* 1852 Richard Francis Burton's *The City of the Saints* 1861 and Mark Twain's *Following the Equator* 1897 reminders of the messy and contradictory world that people navigated in the past much as they do in the present His book is a testament to the instructive ways in which the best travel writers have represented the West Horizon Chasers Gerry Max, 2007-03-07 Richard Halliburton was the quintessential world traveler of the early 20th century In 1930 his celebrity equaled that of Charles Lindbergh and Amelia Earhart Halliburton called himself a horizon chaser and recommended that one should see the world before committing to a routine Not only did he live up to his ideal but he was eager to write about his adventures A prolific partnership with gifted editor and ghost writer Paul Mooney produced excellent work and theirs became a close personal relationship Sadly Halliburton and Mooney disappeared at sea on March 24 1939 along with the entire crew of Halliburton's Chinese junk *Sea Dragon* as they attempted to cross the Pacific from Hong Kong to the San Francisco World's Fair This biography records the life and adventures of Halliburton and Mooney focusing as no other Halliburton biography has on the productive literary collaboration between the two Drawing on the recollections of people who knew them both the work discusses their backgrounds the early years of their acquaintance and their possible romantic relationship Finally their fateful journey to Hong Kong and the ill advised voyage of the *Sea Dragon* is described in detail A good deal of first hand evidence is provided by William Alexander Paul Mooney's best friend and designer of Halliburton's

Laguna Beach house Appendices contain seven poems by Mooney and facsimile letters including one of praise written by Richard Halliburton to William Alexander Never before published photographs are also included Cartographies of Travel and Navigation James R. Akerman, 2010-11-15 Finding one's way with a map is a relatively recent phenomenon In premodern times maps were used if at all mainly for planning journeys in advance not for guiding travelers on the road With the exception of navigational sea charts the use of maps by travelers only became common in the modern era indeed in the last two hundred years maps have become the most ubiquitous and familiar genre of modern cartography Examining the historical relationship between travelers navigation and maps Cartographies of Travel and Navigation considers the cartographic response to the new modalities of modern travel brought about by technological and institutional developments in the twentieth century Highlighting the ways in which the travelers operators and planners of modern transportation systems value maps as both navigation tools and as representatives of a radical new mobility this collection brings the cartography of travel by road sea rail and air to the forefront placing maps at the center of the history of travel and movement Richly and colorfully illustrated Cartographies of Travel and Navigation ably fills the void in historical literature on transportation mapping *Hunter S. Thompson* Kevin T. McEneaney, 2016-06-09 A decade after Hunter S Thompson's death his books including *Hell's Angels* *The Curse of Lono* *The Great Shark Hunt* and *Rum Diary* continue to sell thousands of copies each year and previously unpublished manuscripts of his still surface for publication While Thompson never claimed to be a great writer he did invent a new literary style gonzo that has been widely influential on both literature and journalism Though Thompson and his work engendered a significant even rabid following relatively little analysis has been published about his writing In *Hunter S Thompson Fear Loathing and the Birth of Gonzo* Kevin T McEneaney examines the intellectual background of this American original providing biographical details and placing Thompson within a larger social and historical context A significant portion of this book is devoted to the creation reception and legacy of his most important works particularly *Fear and Loathing in Las Vegas* In addition to discussing influences on Thompson's work including Homer Nietzsche Spengler Melville Twain Hemingway Fitzgerald Kerouac and others as well as the writers Thompson influenced McEneaney also explains the literary origins of gonzo With new biographical information about Thompson and an examination of his writing techniques this book provides readers with a better understanding of the journalist and novelist A look beyond the larger than life public persona Hunter S Thompson *Fear Loathing and the Birth of Gonzo* will be of great interest to fans of Thompson's work as well as to those wanting to know more about gonzo journalism and literature *Ends and Odds* Samuel Beckett, 1976 A collection of one act plays **A Call to Heroism** Peter H. Gibbon, 2007-12-01 An engaging and provocative exploration of American history's heroic figures from how we define a hero to the monuments we build to honor them Arthur Schlesinger Jr Heroic ideals are fundamental to the enterprise of American liberty and to the fabric of our nation's culture Throughout history men and women such as George Washington Thomas Edison Martin Luther King Jr and

Lucretia Mott have brought together our society of dreamers and achievers In A Call to Heroism Harvard research associate Peter H Gibbon surveys the lives struggles and accomplishments of these and other great individuals It also considers the meaning of seven monuments and artworks dedicated to heroes examining what these memorials say about the America of their time and what they mean for us today The result forges an enlightening understanding of what it means to be a hero With a foreword by Peter J Gomes Fascinating and inspiring Gibbon s book emphasizes the importance of guiding young people to more realistic definitions of hero The Christian Science Monitor A concise history of the hero in America and a realistic formula for determining who deserves the accolade The Tampa Tribune This book is a delightful Grand Tour taking us from war to sports to great literature You will enjoy it Jay Mathews The Washington Post Lively fare for classrooms and board rooms throughout the country Arthur Schlesinger Jr

The Beat Generation FAQ Rich Weidman,2015-09-01 FAQ The Beat Generation FAQ is an informative and entertaining look at the enigmatic authors and cutting edge works that shaped this fascinating cultural and literary movement Disillusioned with the repression and conformity encompassing post World War II life in the United States the Beat writers sought creative alternatives to the mind numbing banality of modern culture Beat Generation writers were no strangers to controversy Both Allen Ginsberg s prophetic William Blakean style poem *Howl* 1956 and William S Burroughs groundbreaking novel *Naked Lunch* 1959 led to obscenity trials while Jack Kerouac s highly influential novel *On the Road* 1957 was blamed by the establishment for corrupting the nation s youth and continues to this day to serve as a beacon of hipster culture and the bohemian lifestyle The Beat writers shared a vision for a new type of literature one that escaped the boundaries of academia and employed an organic use of language inspired by the spontaneity and improvisational nature of jazz music and abstract expressionism Kerouac coined this writing style spontaneous prose In search of deeper meaning Beat Generation writers experimented not only with language but also with spirituality art drugs sexuality and unconventional lifestyles Although the movement as a whole flamed out quickly in the early 1960s replaced by the onset of the hippie counterculture the Beats made an indelible

mark on the nation's consciousness and left a long lasting influence on its art and culture This book details the movement its works creative forces and its legacy

This is likewise one of the factors by obtaining the soft documents of this **The Magic Bus An American Odyssey** by online.
