The Maitreya:

Teachings from the Mystery School Elizabeth Clare Prophet, 2020-01-01 Come and Find Me Welcome to the Mystery School of Lord Maitreya the Buddha of mercy love and compassion Two thousand years ago Maitreya sent forth the call to his disciple Jesus to come and find him And so Jesus set out for the Himalayas to find the Father Maitreya and to receive the teachings that would be the key to an age Now once again Maitreya sends forth the call Are you one of these fiery spirits that Maitreya Buddha is calling Jesus tells us that the Mystery School of Lord Maitreya is the open door of the coming of the golden age This is the open door of the pathway of East and West of the bodhisattvas and the disciples For once again it may be said that Maitreya is physically present not as it was in the first Eden but by the extension of ourselves in form through the messenger and the Keepers of the Flame Soon after the announcement of the opening of his Mystery School Lord Maitreya began a series of profound discourses He asked us to search these teachings and to discover in them the keys to this Age of Maitreya In this book you will find those keys to anchoring the consciousness of the Cosmic Christ in your life Maitreya beckons Come and Find Me Welcome to the adventure of the ages **The Maitrayaniya Upanisad** J. A. B. van Buitenen, 2017-03-20 No detailed description available for The Maitrayaniya Upanisad [Battling the Buddha of Love](#) Jessica Marie Falcone, 2018-09-15 No detailed description available for Battling the Buddha of Love *On Understanding Japanese Religion* Joseph Mitsuo Kitagawa, 2021-02-09 Joseph Kitagawa one of the founders of the field of history of religions and an eminent scholar of the religions of Japan published his classic book *Religion in Japanese History* in 1966 Since then he has written a number of extremely influential essays that illustrate approaches to the study of Japanese religious phenomena To date these essays have remained scattered in various scholarly journals This book makes available nineteen of these articles important contributions to our understanding of Japan's intricate combination of indigenous Shinto Confucianism Taoism the Yin Yang School Buddhism and folk religion In sections on prehistory the historic development of Japanese religion the Shinto tradition the Buddhist tradition and the modern phase of the Japanese religious tradition the author develops a number of valuable methodological approaches The volume also includes an appendix on Buddhism in America Asserting that the study of Japanese religion is more than an umbrella term covering investigations of separate traditions Professor Kitagawa approaches the subject from an interdisciplinary standpoint Skillfully combining political cultural and social history he depicts a Japan that seems a microcosm of the religious experience of humankind *Early Chinese Religion, Part Two: The Period of Division (220-589 AD) (2 vols.)* John Lagerwey, Pengzhi Lü, 2009-11-23 After the Warring States treated in Part One of this set there is no more fecund era in Chinese religious and cultural history than the period of division 220-589 AD During it Buddhism conquered China Daoism grew into a mature religion with independent institutions and together with Confucianism these three teachings having each won its share of state recognition and support formed a united front against shamanism While all four religions are covered Buddhism and Daoism receive special attention in a

series of parallel chapters on their pantheons rituals sacred geography community organization canon formation impact on literature and recent archaeological discoveries This multi disciplinary approach without ignoring philosophical and theological issues brings into sharp focus the social and historical matrices of Chinese religion **The Oxford Handbook of Millennialism** Catherine Wessinger, 2016-07 Seventh Day Adventists Melanesian cargo cults David Koresh's Branch Davidians and the Raelian UFO religion would seem to have little in common What these groups share however is a millennial orientation the audacious human hope for a collective salvation which may be either heavenly or earthly The Oxford Handbook of Millennialism offers readers an in depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures **Gautama Buddha's Successor** Robert Powell, Estelle Isaacson, 2013-12-01 The year 2014 has a special significance that is addressed in this book by Robert Powell and Estelle Isaacson Dr Robert Powell is a spiritual researcher who in this short work and in many other books brings the results of his own research investigations Estelle Isaacson is a contemporary seer who is gifted with a remarkable ability to perceive new streams of revelation Both have been blessed in an extraordinary way by virtue of accessing the realm wherein Christ is presently to be found Powell makes the critical point that the year 2014 not only denotes the beginning of a new 600 year cultural wave in history but also that there is an ancient prophecy applying to this very same year 2014 which can be interpreted as pointing to the onset of the twenty first century incarnation of the Bodhisattva who will become the future Maitreya Buddha the successor to Gautama Buddha Powell also makes the crucial point that the Maitreya Buddha awaited in Buddhism is the same as the Kalki Avatar expected in Hinduism Powell's contribution serves as an introduction to Isaacson's offering comprising a series of six visions relating to the future Maitreya Buddha The visions are highly inspirational communicating something of the profound spirituality peace radiance and above all goodness of this Bodhisattva who is Gautama Buddha's successor His title Maitreya means bearer of the good and in Isaacson's visions he emerges as a remarkable force for good in our time Also included in this book are two appendices A Survey of Rudolf Steiner's Indications Concerning the Maitreya Buddha and the Kalki Avatar and Valentin Tomberg's Indications Concerning the Coming Buddha Avatar Maitreya Kalki A third appendix discusses the significance of Rudolf Steiner's Foundation Stone of Love meditation as a heralding of Christ's Second Coming **Domesticating the Dharma** Richard D. McBride II, 2007-10-31 Western scholarship has hitherto described the assimilation of Buddhism in Korea in terms of the importation of Sino Indian and Chinese intellectual schools This has led to an overemphasis on the scholastic understanding of Buddhism and overlooked evidence of the way Buddhism was practiced on the ground Domesticating the Dharma provides a much needed corrective to this view by presenting for the first time a descriptive analysis of the cultic practices that defined and shaped the way Buddhists in Silla Korea understood their religion from the sixth to tenth centuries Critiquing the conventional two tiered model of elite versus popular religion Richard McBride demonstrates how the eminent monks royalty and hereditary

aristocrats of Silla were the primary proponents of Buddhist cults and that rich and diverse practices spread to the common people because of their influence Drawing on Buddhist hagiography traditional narratives historical anecdotes and epigraphy McBride describes the seminal role of the worship of Buddhist deities in particular the Buddha kyamuni the future buddha Maitreya and the bodhisattva Avalokite vara in the domestication of the religion on the Korean peninsula and the use of imagery from the Maitreya cult to create a symbiosis between the native religious observances of Silla and those being imported from the Chinese cultural sphere He shows how in turn Buddhist imagery transformed Silla intellectually geographically and spatially to represent a Buddha land and sacred locations detailed in the Avata saka S tra Huayan jing Hwa m ky ng Emphasizing the importance of the interconnected vision of the universe described in the Avata saka S tra McBride depicts the synthesis of Buddhist cults and cultic practices that flourished in Silla Korea with the practice oriented Hwa m tradition from the eight to tenth centuries and its subsequent rise to a uniquely Korean cult of the Divine Assembly described in scripture

Buddhism in Mongolian History, Culture, and Society Vesna A. Wallace, 2015 Buddhism in Mongolia explores the unique historical and cultural elements of Mongolian Buddhism while challenging its stereotyped image as a mere replica of Tibetan Buddhism The book illuminates the historical social and cultural contexts within which Buddhism has operated as a major social and cultural force among the Mongols

Early Buddhist Art of China and Central Asia, Volume 2 The Eastern Chin and Sixteen Kingdoms Period in China and Tumshuk, Kucha and Karashahr in Central Asia (2 vols) Marilyn Martin Rhie, 2019-07-15 Volume two of Marilyn Rhie s widely acclaimed and formative multi volume work presents a comprehensive scholarly and detailed study of the Buddhist art of China and Central Asia from 316-439 A D during the formative early periods of Buddhism in the Eastern Chin and Sixteen Kingdoms Period Using texts translated from the Chinese together with stylistic and technical analyses the chronology and sources of the art are more clearly defined than in previous studies for the regions of South and North China other than Kansu and the important sites of Tumshuk Kucha and Karashahr on the Northern Silk Route in eastern Central Asia Furthermore by incorporating extensive religious and historical materials this work not only contributes to clarifying the regional characteristics of the art but also offers new insights into the broader interregional relationships of this politically fragmented period
