The Man Of Wax Critical Essays On George Moore:

The Man of Wax Douglas A. Hughes, 1971 **George Moore: Across Borders** Christine Huguet, Fabienne Dabrigeon-Garcier, 2013 A truly cosmopolitan Irish writer George Moore 1852 1933 was a fascinating figure of the fin de siècle moving between countries crossing genre and medium boundaries forever exploring and promulgating aesthetic trends and artistic developments Naturalism in the novel and the theatre Impressionism in painting Decadence and the avant garde Literary Wagnerism the Irish Literary Revival New Woman culture This volume on border crossings offers a variety of critical perspectives to approach Moore's multifaceted oeuvre and personality The essays by Contributors from various national backgrounds and from a wide range of disciplines establish original points of contact between literary creation art history Wagnerian opera gender studies sociology and altogether reposition Moore as a major representative of European turn of the century culture George Moore and the Autogenous Self Elizabeth Grubgeld, 1994 In the midst of an explosion of interest in the field of autobiography there have developed critical languages and approaches that allow us to read both George Moore's fiction and his fictive autobiographies in new and exciting ways Elizabeth Grubgeld presents a fresh look at the diverse experiments in fiction and the highly ironic and multi-generic performances Moore put forth as his life story She focuses on the tension between Moore's fascination with deterministic theories of human behavior and his need to assert a principle of self-creation his autogenous self Moore's work exhibits a profound recognition of the forces of heredity gender culture and history while simultaneously declaring his belief in an autogenous self In early novels like *A Drama in Muslin* and *Esther Waters* there is a notable conflict between his postulation of the pure instinctive individual and the emphasis upon the shaping power of heredity and economics inherent in the traditions of social realism that he adopts In *The Untilled Field* *The Lake* and later works Moore perfects a narrative technique that in highlighting the power of subjective memory allows his characters to work out a new relation with the forces of history Grubgeld's discussion of satire caricature and parody as autobiographical forms will contribute greatly to an understanding of how Moore viewed the relations between the self and the surrounding world This study which also incorporates a theoretical discussion of letters as autobiography will be of interest to specialists in Irish studies late Victorian and modern British literature gender studies and autobiography BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved George Moore Ann Heilmann, Mark Llewellyn, 2014-08-06 Nearly every major figure of his era writes his biographer Adrian Frazier worked with Moore tangled with Moore took his impression from or left it on George Moore The Anglo-Irish novelist George Moore 1852 1933 espoused multiple identities An agent provocateur whether as an art critic novelist short-fiction writer or memoirist always probing and provocative often deliberately controversial the personality at the core of this book invented himself as he reinvented his contemporary world Moore's key role as observer participant and as satirist within many literary and aesthetic movements at the end of the Victorian period and into the twentieth century owed considerably to the structures

and manners of collaboration that he embraced This book throws into relief the multiple ways in which Moore's work can serve as a counterbalance to established understandings of late nineteenth and early twentieth century literary aesthetics both through innovative scholarly readings of Moore's work and through illustrative case studies of Moore's collaborative practice by making available for the first time two manuscript plays he co-authored with Pearl Craigie John Oliver Hobbes in 1894 It is this collaborative practice in conjunction with his cosmopolitan outlook that turned Moore into a key player in the fin de siècle formation of an international aesthetic community This book explores the full range of Moore's collaborations and cultural encounters from 1870s Paris art exhibitions to turn of the century Dublin and London from gossip to the culture of the barmaid from the worship of Balzac to the fraught engagement with Yeats from music to Celtic cultural translation Moore's reputation as a collaborator with the most significant artistic individuals of his time in Britain Ireland and France in particular but also in Europe more widely provides a rich exposition of modes of exchange and influence in the period and a unique and distinctive perspective on Moore himself *The New Nineteenth Century* Barbara Leah Harman, Susan Meyer, 2012-11-12 This book includes essays on writers from the 1840s to the 1890s well known writers such as Anne Brontë Wilkie Collins and Bram Stoker lesser known writers such as Geraldine Jewsbury Charles Reade Margaret Oliphant George Moore Sarah Grand and Mary Ward The contributors explore important thematic concerns the relation between private and public realms gender and social class sexuality and the marketplace and male and female cultural identity

Realismstheorien in England (1692-1919) Walter F. Greiner, Fritz Kemmler, 1997 **Confessions of a Young Man** George Moore, 1972-01-01 This is a critical edition of the autobiographical novel about an Irish young man who moves to Paris and embraces the bohemian life during the 1870s and 1880s *The Cambridge Companion to the Irish Novel* John Wilson Foster, 2006-12-14 The Irish novel has had a distinguished history It spans such diverse authors as James Joyce George Moore Maria Edgeworth Bram Stoker Flann O'Brien Samuel Beckett Lady Morgan John Banville and others Yet it has until now received less critical attention than Irish poetry and drama This volume covers three hundred years of Irish achievement in fiction with essays on key genres themes and authors It provides critiques of individual works accounts of important novelists and histories of sub genres and allied narrative forms establishing significant social and political contexts for dozens of novels The varied perspectives and emphases by more than a dozen critics and literary historians ensure that the Irish novel receives due tribute for its colour variety and linguistic verve Each chapter features recommended further reading This is the perfect overview for students of the Irish novel from the romances of the seventeenth century to the present day *Victorian Fiction and the Cult of the Horse* Gina M. Dorré, 2016-12-05 The horse was essential to the workings of Victorian society and its representations which are vast ranging and often contradictory comprise a vibrant cult of the horse Examining the representational emblematic and rhetorical uses of horses in a diversity of nineteenth century texts Gina M Dorr shows how discourses about horses reveal and negotiate anxieties related to industrialism and technology

constructions of gender and sexuality ruptures in the social fabric caused by class conflict and mobility and changes occasioned by national progress and imperial expansion She argues that as a cultural object the horse functions as a repository of desire and despair in a society rocked by astonishing social economic and technological shifts While representations of horses abound in Victorian fiction Gina M Dorr s study focuses on those novels by Charles Dickens Elizabeth Braddon Anna Sewell and George Moore that engage with the most impassioned controversies concerning horses and horse care such as the introduction of the steam engine popular new methods of horse taming debates over the tight reining of horses and the moral furor surrounding gambling at the race track Her book establishes the centrality of the horse as a Victorian cultural icon and explores how through it dominant ideologies of gender and class are created promoted and disrupted
