Race, Ethnicity and Nuclear War Paul Williams,2011-10-18 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Ranging across novels and poetry critical theory and film comics and speeches Race Ethnicity and Nuclear War Representations of Nuclear Weapons and Post Apocalyptic Worlds explores how writers thinkers and filmmakers have answered the following question are nuclear weapons white Many texts respond in the affirmative and arraign nuclear weapons for defending a racial order that privileges whiteness They are seen as a reminder that the power enjoyed by the white western world imperils the whole of the Earth Furthermore the struggle to

survive during and after a speculated nuclear attack is often cast as a contest between races and ethnic groups Race Ethnicity and Nuclear War listens to voices from around the Anglophone world and the debates followed do not only take place on the soil of the nuclear powers Filmmakers and writers from the Caribbean Australia and India take up positions shaped by their specific place in the decolonizing world and their particular experience of nuclear weapons The texts considered in Race Ethnicity and Nuclear War encompass the many guises of representations of nuclear weapons the Manhattan Project that developed the first atomic weapons the destruction of Hiroshima and Nagasaki nuclear tests taking place around the world and the anxiety surrounding the superpowers devastating arsenals Of particular interest to SF scholars are the extensive analyses of films novels and short stories depicting nuclear war and its aftermath New thoughts are offered on the major texts that SF scholars often return to such as Philip Wylie's *Tomorrow* and Pat Frank's *Alas Babylon* and a host of little known and under researched texts are scrutinized too Cross-Addressing John C. Hawley, 1996-07-03 The sixteen original essays by scholars from around the world examine concerns common to writers who experience marginalization based upon their inescapable identification with two or more cultures From Australian aboriginal and Maori to Irish Maghrebian and South African and on to the rich ethnic mix in North America the book considers fiction poetry autobiography and anthropological reportage to raise questions as determinative as one's choice of language one's presentation of self in society one's recovery of a history This collection serves as a bridge between recent Eurocentric postmodern discourse dealing with the breakdown of the modernist stability in art architecture and electronic media and those recent studies that problematize the issue of racial identity and literary practice Cross Addressing discusses site specific strategies of resistance to the imposition of identity in the terms imposed or implied by colonizers and their descendants narrative empowerment gender reconstruction racial decategorization an intersection of marginalities and a cross cultural Third World solidarity The movement is from the individual to the collective from the particular to the global The theoretical approach is eclectic echoing the current split in cultural studies between discussions of the cultural production of meaning and an involvement in policy debates The book contends that the heightened consciousness resulting from marginalization not only judges our world but offers it a window onto its future possibilities Contributors include Lyn McCredden Suzette Henke Trevor James Mary O Connor S M Nejd Yaziji Rosemary Jolly Bernice Zamora Gayle Wald Arturo Aldama Manuel M Mart n Rodr quez Barbara Frey Waxman Mayfair Mei hui Yang Lien Chao Karin Quimby and Roger Bromley **The Columbia Guide to American Indian Literatures of the United States Since 1945** Eric Cheyfitz, 2006-04-04 The Columbia Guide to American Indian Literatures of the United States Since 1945 is the first major volume of its kind to focus on Native literatures in a postcolonial context Written by a team of noted Native and non Native scholars these essays consider the complex social and political influences that have shaped American Indian literatures in the second half of the twentieth century with particular emphasis on core themes of identity sovereignty and land In his essay

American Indians and Popular Culture Elizabeth DeLaney Hoffman, 2012-02-22 Americans are still fascinated by the romantic notion of the noble savage yet know little about the real Native peoples of North America This two volume work seeks to remedy that by examining stereotypes and celebrating the true cultures of American Indians today The two volume American Indians and Popular Culture seeks to help readers understand American Indians by analyzing their relationships with the popular culture of the United States and Canada Volume 1 covers media sports and politics while Volume 2 covers literature arts and resistance Both volumes focus on stereotypes detailing how they were created and why they are still allowed to exist In defining popular culture broadly to include subjects such as print advertising politics and science as well as literature film and the arts this work offers a comprehensive guide to the important issues facing Native peoples today Analyses draw from many disciplines and include many voices ranging from surveys of movies and discussions of Native authors to first person accounts from Native perspectives Among the more intriguing subjects are the casinos that have changed the economic landscape for the tribes involved the controversy surrounding museum treatments of American Indians and the methods by which American Indians have fought back against pervasive ethnic stereotyping

Red Ink Drew Lopezina, 2012-03-01 The Native peoples of colonial New England were quick to grasp the practical functions of Western literacy Their written literary output was composed to suit their own needs and expressed views often in resistance to the agendas of the European colonists they were confronted with Red Ink is an engaging retelling of American colonial history one that draws on documents that have received scant critical and scholarly attention to offer an important new interpretation grounded in indigenous contexts and perspectives Author Drew Lopezina reexamines a literature that has been compulsively corrected and overinscribed with the norms and expectations of the dominant culture while simultaneously invoking the often violent tensions of contact and the processes of unwitnessing by which Native histories and accomplishments were effectively erased from the colonial record In a compelling narrative arc Lopezina enables the reader to travel through a history that however familiar has never been fully appreciated or understood from a Native centered perspective
