Journal of the Royal Institute of British Architects ,1910 **The Wind At My Back** Paul Maunder,2018-05-17 In this deeply personal and lyrical exploration of what it means to ride a bicycle Paul Maunder explores how our memories have a dialogue with landscape and how cycling and creativity are connected Taking a journey through the places that have shaped him we ride across wild moorland through suburbia and city streets into quintessentially English pastoral scenes We see too some of the darker parts of the British countryside sites of great secrecy that intrigue the imagination This is a book about how landscape can sustain us and how even an hour's escape can inspire our creative sides The bicycle allows us to explore
