Catalogue of the Galatea Collection of Books Relating to the History of Woman Boston Public Library. Galatea Collection,1898 *My Lady's Heart* Ellis Markoe,1896 **Report** United States. Congress Senate, Women of Consequence Jeanne Varnell,1999 The Colorado Women s Hall of Fame was founded in 1985 by a group of women who were concerned that both historic and contemporary women who shared foresight vision enthusiasm and the power of accomplishment were not receiving appropriate acknowledgment Fearful that splendid achievements would be forgotten they wished to honor women who during their lifetime made a significant contribution to Colorado as a state or territory It is the hope of the founders that by so honoring Colorado s women of consequence their spirits might inspire future generations In the first decade since the founding fifty nine women were selected for induction Although historians habitually ignored the vital part that women played in the building of the West in actuality these women s lives contain plots and characters that would enliven the most gripping novels We have saints like Frances Wisebart Jacobs and the theatrical angel Helen Bonfils activists such as Josephine Roche and Rachel Noel a scientific genius in Florence Sabin and visionaries like Dana Crawford There are tragedies as with the Tabor wives and the lighter hearted tales of Mary Elitch Long and Mary Coyle Chase Women of Consequence provides a bonanza of role models who opened new frontiers for women in so many fields including business journalism and newspaper publishing science and medicine law politics education charity work botany and even taxidermy These stories are sure to inspire delight and instruct readers throughout Colorado from young adults to senior citizens whether they ve lived here all their lives or moved here recently A Field of Their Own John M. Rhea,2016-04-18 One hundred and forty years before Gerda Lerner established women s history as a specialized field in 1972 a small group of women began to claim American Indian history as their own domain A Field of Their Own examines nine key figures in American Indian scholarship to reveal how women came to be identified with Indian history and why they eventually claimed it as their own field From Helen Hunt Jackson to Angie Debo the magnitude of their research the reach of their scholarship the popularity of their publications and their close identification with Indian scholarship makes their invisibility as pioneering founders of this specialized field all the more intriguing Reclaiming this lost history John M Rhea looks at the cultural processes through which women were connected to Indian history and traces the genesis of their interest to the nineteenth century push for women s rights In the early 1830s evangelical preachers and women s rights proponents linked American Indians to white women s religious and social interests Later pre professional women ethnologists would claim Indians as a special political cause Helen Hunt Jackson s 1881 publication *A Century of Dishonor* and Alice Fletcher s 1887 report *Indian Education and Civilization* foreshadowed the emerging history profession s objective methodology and established a document driven standard for later Indian histories By the twentieth century historians Emma Helen Blair Louise Phelps Kellogg and Annie Heloise Abel in a bid to boost their professional status established Indian history as a formal specialized

field However enduring barriers continued to discourage American Indians from pursuing their own document driven histories Cultural and academic walls crumbled in 1919 when Cherokee scholar Rachel Caroline Eaton earned a Ph D in American history Eaton and later Indigenous historians Anna L Lewis and Muriel H Wright would each play a crucial role in shaping Angie Debo s 1940 indictment of European American settler colonialism And Still the Waters Run Rhea s wide ranging approach goes beyond existing compensatory histories to illuminate the national consequences of women s century long predominance over American Indian scholarship In the process his thoughtful study also chronicles Indigenous women s long and ultimately successful struggle to transform the way that historians portray American Indian peoples and their pasts

Notable American Women Susan Ware,2004 This latest volume brings the project up to date with entries on almost 500 women whose death dates fall between 1976 and 1999 You will find here stars of the golden ages of radio film dance and television scientists and scholars civil rights activists and religious leaders Native American craftspeople and world renowned artists For each subject the volume offers a biographical essay by a distinguished authority that integrates the woman s personal life with her professional achievements set in the context of larger historical developments **Report of**
