## **The Leaning Tree Poems:**

*The Leaning Tree* Patrick Overton, 1975      **John Clare: Poems of the Middle Period, 1822-1837** John Clare, 1996  
Completing the influential Oxford edition of Clare's collected poems this volume presents the poems of the Northborough period of Clare's creativity. As with other volumes in the edition many of the poems have never before been published and Clare's spelling punctuation grammar and vocabulary have all been carefully preserved. This final volume also includes corrections to the texts variants and notes in previously published volumes in the series along with a cumulative glossary and cumulative indices of first lines and titles that will assist readers in their use of the edition as a whole. Clare's poetry deals not only with his own countryside but also with its ceremonies and celebrations its customs and games its political economic and religious concerns its proverbs tales and songs indeed with all aspects of its popular culture. The poems of the Northborough period are some of Clare's best work demonstrating a particularly concise vision of Clare's experience of Nature.      **A**

**Hebrew Anthology: Lyrical, narrative and devotional poems** George Alexander Kohut, 1913      *The Making of Poetry* Adam Nicolson, 2020-01-21  
Brimming with poetry art and nature writing Wordsworth and Coleridge as you've never seen them before June 1797 to September 1798 is the most famous year in English poetry. Out of it came Samuel Taylor Coleridge's *The Rime of the Ancient Mariner* and *Kubla Khan* as well as his unmatched hymns to friendship and fatherhood and William Wordsworth's revolutionary songs in *Lyrical Ballads* along with *Tintern Abbey*. Wordsworth's paean to the unity of soul and cosmos love and understanding. In *The Making of Poetry* Adam Nicolson embeds himself in the reality of this unique moment exploring the idea that these poems came from this particular place and time and that only by experiencing the physical circumstances of the year in all weathers and all seasons at night and at dawn in sunlit reverie and moonlit walks can the genesis of the poetry start to be understood. The poetry Wordsworth and Coleridge made was not from settled conclusions but from the adventure on which they embarked thinking of poetry as a challenge to all received ideas stripping away the dead matter looking to shed consciousness and so change the world. What emerges is a portrait of these great figures seen not as literary monuments but as young men troubled ambitious dreaming of a vision of wholeness knowing they had greatness in them but still in urgent search of the paths toward it. The artist Tom Hammick accompanied Nicolson for much of the year making woodcuts from the fallen timber in the park at Alfoxden where the Wordsworths lived. Interspersed throughout the book his images bridge the centuries depicting lives at the source of our modern sensibility a psychic landscape of doubt and possibility full of beauty and thick with desire for a kind of connectedness that seems permanently at hand and yet always out of reach.      **Fugitive Poetry** Nathaniel Parker Willis, 2019-11-27  
In *Fugitive Poetry* Nathaniel Parker Willis presents a captivating collection that encapsulates the literary zeitgeist of early 19th century America. The book features a rich tapestry of lyrical verses and vivid imagery showcasing Willis's mastery of romanticism and his keen ability to depict the emotional landscape of his time.
