

The background of the cover is a historical map of the world, likely from the 17th or 18th century. The map is rendered in a light tan or yellowish-brown color, showing the outlines of the continents. A dark green rectangular band is superimposed over the upper portion of the map, serving as a background for the title and volume information. At the bottom of the cover, there are three detailed illustrations of sailing ships on the ocean. The ships are depicted in a style consistent with the historical map, with multiple masts and sails. The overall aesthetic is that of a classic, scholarly book cover.

Mystery Interactions in Interpretation, 2020-11-04 The concept of intertextuality was originally coined as an instrument in answering the question of how meaning is communicated through texts The Interactions in Interpretation discusses various aspects of how the world of the Bible seen as a world of a certain language a complex of ideas notions images idioms stories that are shared and referred to communicates with other worlds in both directions The collection of studies follows three types of interactions with marked bearing on understanding 1 interactions with a particular motif of dream 2 interactions with a particular text of Isa 6 9 10 3 intertextuality in changing contexts **Reconceiving Religious Conflict** Wendy Mayer, Chris L. de Wet, 2018-01-17 *Reconceiving Religious Conflict* deconstructs instances of religious conflict within the formative centuries of Christianity the first six centuries CE It explores the theoretical foundations of religious conflict the dynamics of religious conflict within the context of persecution and martyrdom the social and moral intersections that undergird the phenomenon of religious conflict and the relationship between religious conflict and religious identity It is unique in that it does not solely focus on religious violence as it is physically manifested but on religious conflict and tolerance looking too at dynamics of religious discourse and practice that often precede and accompany overt religious violence Castration and Culture in the Middle Ages Larissa Tracy, 2013 Essays exploring medieval castration as reflected in archaeology law historical record and literary motifs Castration and castrati have always been facets of western culture from myth and legend to law and theology from eunuchs guarding harems to the seventeenth and eighteenth century castrati singers Metaphoric castration pervades a number of medieval literary genres particularly the Old French fabliaux exchanges of power predicated upon the exchange or absence of sexual desire signified by genitalia but the plain literal act of castration and its implications are often overlooked This collection explores this often taboo subject and its implications for cultural mores and custom in Western Europe seeking to demystify and demythologize castration Its subjects include archaeological studies of eunuchs historical accounts of castration in trials of combat the mutilation of political rivals in medieval Wales Anglo Saxon and Frisian legal and literary examples of castration as punishment castration as comedy in the Old French fabliaux the prohibition against genital mutilation in hagiography and early modern anxieties about punitive castration enacted on the Elizabethan stage The introduction reflects on these topics in the context of arguably the most well known victim of castration in the middle ages Abelard LARISSA TRACY is Associate Professor of Medieval Literature at Longwood University Contributors Larissa Tracy Kathryn Reusch Shaun Tougher Jack Collins Rolf H Bremmer Jr Jay Paul Gates Charlene M Eska Mary A Valante Anthony Adams Mary E Leech Jed Chandler Ellen Lorraine Friedrich Robert L A Clark Karin Sellberg Lena W nggren *The Psychology of Science and the Origins of the Scientific Mind* Gregory J. Among Ourselves and with All Nations Angelo Codevilla,2014-05-01 Author Angelo Codevilla asks What is to be America's peace How is it to be won and preserved in our time He notes that our government's increasingly unlimited powers flow in part from our statesmen's inability to stay out of wars or to win them and that our statesmen and academics have ceased to think about such things The purpose of this book is to rekindle such thoughts The author reestablishes early American statecraft's understanding of peace what it takes to make it and what it takes to keep it He reminds Americans why our founding generation placed the pursuit of peace ahead of all other objectives he shows how they tried to keep the peace by drawing sharp lines between America's business and that of others as well as between peace and war He shows how our 20th century statesmen confused peace and war as well as America's affairs with that of mankind's The result he shows has been endless war abroad and spiraling strife among Americans Codevilla provides intellectual guidelines for recovering the pursuit of peace as the guiding principle by which the American people and statesmen may navigate domestic as well as international affairs **The Medical Pickwick** ,1923 **Get Well Soon** Jennifer Wright,2017-02-07 A witty irreverent
