PALMER, 2018      *The Life and Letters of Samuel Palmer, Painter and Etcher (Classic Reprint)* Alfred Herbert Palmer, 2015-08-04 Excerpt from *The Life and Letters of Samuel Palmer Painter and Etcher* About ten years ago when I was writing a short memoir of my father it occurred to me that a companion volume of his letters might be published I knew that many of these were preserved by his friends and esteemed not only on account of regard for the writer but for what was thought considerable originality Yet I was not prepared for the extent of the collection which was most courteously placed at my disposal carrying with it by virtue of its very existence the evidence of some merit The publication of the volume was postponed but the delay was by no means unfortunate inasmuch as it gave me leisure to sift the material and reject that which was unsuitable while applying myself at the same time to a closer and more unprejudiced study of my father's life There being an analogy between writing dashed off for the most part without the slightest thought of publicity or of literary precision and rapid sketches from nature done with a purpose and a will I thought there would be as much danger in tampering in the one case as there always is in the other and that it would be best to leave the selected letters to stand or fall on their own merits without the manipulation such collections have sometimes received Nevertheless I deemed it well to omit passages that were of no interest whatever except to my father's correspondents the omissions being indicated in the usual way A few explanatory comments were necessary but I compressed these within the narrowest possible bounds I was unable to fill up the gap between the years 1839 and 1848 having no letters of any interest at my disposal written within that period Should any such exist I should be grateful for the loan of them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

compositions or iconographic motifs but subtly metamorphose the previously distinct human figures into the natural landscape In this revelatory book Nina Amstutz combines fresh visual analysis with broad interdisciplinary research to investigate the intersection of landscape painting self exploration and the life sciences in Friedrich s mature work Drawing connections between the artist s anthropomorphic landscape forms and contemporary discussions of biology anatomy morphology death and decomposition Amstutz brings Friedrich s work into the larger discourse surrounding art nature and life in the 19th century Anglia ,1892 *The Grove Book of Art Writing* Martin Gayford,Karen Wright,2000 A collection of thoughts and ideas about art spanning thousands of years from Pliny the Elder to Picasso
