Freedom, Union, and Power Michael S. Green,2004 Freedom Union and Power analyzes the beliefs of the Republican Party during the Civil War how those beliefs changed and what those changes foreshadowed for the future The party s pre war ideology of free soil free labor free men changed with the Republican ascent to power in the White House With Lincoln s election Republicans faced something new responsibility for the government With responsibility came the need to wage a war for the survival of that government the country and the party And with victory in the war came responsibility responsibility for saving the Union by ending slavery and for pursuing policies that fit into their belief in a strong free Union Michael Green shows how Republicans had to wield federal power to stop a rebellion against freedom and union Crucial to their use of federal power was their hope of keeping that power the intersection of policy and politics **Kalamazoo Torch Club**

Bowers,2025-01-01T00:00:00Z The Tragic Era is an essential work on Abe Lincoln and his times which covers the period

from the assassination of Lincoln to the election of Hayes in 1877 The true story of the twelve tragic years that followed the death of Lincoln should be entertaining They were years of revolutionary turmoil with the elemental passions predominant and with broken bones and bloody noses among the fighting factionalists The prevailing note was one of tragedy though as we shall see there was an abundance of comedy Never have American public men in responsible positions directing the destiny of the Nation been so brutal hypocritical and corrupt The Constitution was treated as a door mat which politicians and army officers wiped their feet after wading in the muck Never has the Supreme Court been treated with such ineffable contempt and never has that tribunal so often cringed before the clamor of the mob So appalling is the picture of these revolutionary years that even historians have preferred to overlook many essential things This is the detailed story of that tragic era New International Encyclopedia ,1914 **The Literature of the American People** Arthur Hobson Quinn,1951 **National Parks** Alfred Runte,1997-01-01 This third edition includes a new essay on recent environmental issues and concerns especially as they center on Yellowstone National Park **The New International Encyclopædia** Frank Moore Colby,Talcott Williams,1917
