to permit the doing of something like justice to his great name but not so large as in itself to kill all hope and chance of readableness By a trustworthy account I mean one that is accurate in the matters of fact and sane in the matters of judgment That there is room for an English book thus conceived will be readily granted I imagine by all those who know At any rate Schiller is one of those writers of whom a new appreciation from time to time will always be in order I have thought it important that my work while taking due note of recent German scholarship should rest throughout on fresh and independent study Accordingly among all the many books that have aided me more or less I have had in hand most often next to the works of Schiller the collection of his letters as admirably edited by Jonas Among the German biographers I owe the most to Minor Weltrich and Brahm for the period covered by their several works for the later years to Wychgram and Harnack Earlier biographers notably Hoffmeister and Palleske have also been found helpful here and there About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
