The Life of Arthur Young, 1741-1820 John Gerow Gazley,1973 *The Writing of Rural England, 1500-1800 S.* Bending,A. McRae,2003-08-12 The Writing of Rural England 1500 1800 documents and contextualizes the conflicting representations of rural life during a crucial period of social economic and cultural change It highlights the dialogues and tensions between agriculture and aesthetics economics and morality men and women leisure and labour By drawing on both canonical and marginal texts it argues that early modern writing not only reflected but played a part in constructing the cultural meanings of the English countryside with which we continue to live *The Encyclopedia of Romantic Literature, 3 Volume Set* Frederick Burwick,Nancy Moore Goslee,Diane Long Hoeveler,2012-01-30 The Encyclopedia of Romantic Literature is an authoritative three volume reference work that covers British artistic literary and intellectual movements between 1780 and 1830 within the context of European transatlantic and colonial historical and cultural interaction Comprises over 275 entries ranging from 1 000 to 6 500 words arranged in A Z format across three fully cross referenced volumes Written by an international cast of leading and emerging scholars Entries explore genre development in prose poetry and drama of the Romantic period key authors and their works and key themes Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities **The Enclosure of Knowledge** James D. Fisher,2022-07-21 The rise of agrarian capitalism in Britain is usually told as a story about markets land and wages The Enclosure of Knowledge reveals that it was also about books knowledge and expertise It argues that during the early modern period farming books were a key tool in the appropriation of the traditional art of husbandry possessed by farm workers of all kinds It challenges the dominant narrative of an agricultural enlightenment in which books merely spread useful knowledge by showing how codified knowledge was used to assert greater managerial control over land and labour The proliferation of printed books helped divide mental and manual labour to facilitate emerging social divisions between labourers managers and landowners The cumulative effect was the slow enclosure of customary knowledge By synthesising diverse theoretical insights this study opens up a new social history of agricultural knowledge and reinvigorates long term histories of knowledge under capitalism *The Rise of Economic Societies in the Eighteenth Century* K. Stapelbroek,J. Marjanen,2012-08-30 This collection of essays explores the emergence of economic societies in the British Isles and their development into a European American and global reform movement in the eighteenth century Its fourteen contributions demonstrate the intellectual horizons and international networks of this widespread and influential phenomenon **Agricultural Economics Research** ,1973 **Agricultural Writers from Sir Walter of Henley to Arthur Young, 1200-1800** Donald McDonald,1908 *A New Guide to the Collections in the Library of the American Philosophical Society* American Philosophical Society,J.  Ross Fair, 2024-06-03 Agricultural societies founded in the colony of Upper Canada were the institutional embodiment of the ideology of improvement modelled on contemporary societies in Britain and the United States In Improving Upper Canada Ross Fair explores how the agricultural improvers who established and led these organizations were important agents of state formation The book investigates the initial failed attempts to create a single agricultural society for Upper Canada It examines the 1830 legislation that publicly funded the creation of agricultural societies across the colony to be semi public agents of agricultural improvement and analyses societies established in the Niagara Home and Midland Districts to understand how each attempted to introduce specific improvements to local farming practices The book reveals how Upper Canada s agricultural improvers formed a provincial association in the 1840s to ensure that the colonial government assumed a greater leadership role in agricultural improvement resulting in the Bureau of Agriculture forerunner of federal and provincial departments of agriculture in the post Confederation era In analysing an early example of state formation Improving Upper Canada provides a comprehensive history of the foundations of Ontario s agricultural societies today which continue to promote agricultural improvement across the province **The Concise Cambridge Bibliography of English Literature** George Watson,
