**The Lincoln Legend** Roy P. Basler, 1969      **The Lincoln legend; a study in changing conceptions** Roy P. Basler, 1935      **Lincoln Legends** Edward Steers, 2007-10-12 Succinctly and eloquently debunks 14 popular myths about the Great Emancipator's life and death with solid documentation Publishers Weekly In the more than 150 years since his death Abraham Lincoln has become America's most revered president The mythmaking about this self-made man began early some of it starting during his campaign for the presidency in 1860 As an American icon Lincoln has been the subject of speculation and inquiry as authors and researchers have examined every aspect personal and professional of the president's life In *Lincoln Legends* noted historian and Lincoln expert Edward Steers Jr carefully scrutinizes some of the most notorious tall tales and distorted ideas about America's sixteenth president Did he write his greatest speech on the back of an envelope on the way to Gettysburg Did he appear before a congressional committee to defend his wife against charges of treason Was he an illegitimate child Did he have romantic encounters with women other than his wife or love affairs with men What really happened in the weeks leading up to April 14 1865 and in the aftermath of Lincoln's tragic assassination *Lincoln Legends* evaluates the evidence on all sides of the many heated debates about the Great Emancipator and also traces the often fascinating evolution of flawed theories about Lincoln and the motivations of the individuals occasionally sincere but more often cynical self-serving and nefarious who are responsible for their dispersal Based on extensive primary research *Lincoln Legends* will settle many of the enduring questions and persistent myths about Lincoln's life once and for all Fascinating reading Tucson Citizen      **Theatre History Studies 2008, Vol. 28** Theatre History Studies, 2008-09-14 Theatre History Studies is a peer-reviewed journal of theatre history and scholarship published annually since 1981 by the Mid American Theatre Conference MATC a regional body devoted to theatre scholarship and practice The conference encompasses the states of Illinois Iowa Nebraska Kansas Missouri Minnesota North Dakota South Dakota Wisconsin Indiana Michigan and Ohio The purpose of the conference is to unite persons and organizations within the region with an interest in theatre and to promote the growth and development of all forms of theatre      *The Sound of Freedom* Raymond Arsenault, 2010-01-19 Chronicles the landmark 1939 concert offers insight into the period's racial climate describes Eleanor Roosevelt's resignation from the DAR for barring Anderson's performances and pays tribute to the singer's significant contributions      Special Bibliography, 1982      *The Era of the Civil War--1820-1876* Louise A. **Film and the American Presidency** Jeff Menne, Christian B. Long, 2015-02-20 The contention of *Film and the American Presidency* is that over the twentieth century the cinema has been a silent partner in setting the parameters of what we might call the presidential imaginary This volume surveys the partnership in its longevity placing stress on especially iconic presidents such as Lincoln and FDR The contributions to this collection probe the rich interactions between these high institutions of culture and politics Hollywood and the presidency and argue that not only did Hollywood acting become an

idiom for presidential style but that Hollywood early on understood its own identity through the presidency's peculiar mix of national epic and unified protagonist. Additionally, they contend that studios often made their films to sway political outcomes, that the performance of presidential personae has been constrained by the kinds of bodies for so long white and male that have occupied the office such that presidential embodiment obscures the body politic and that Hollywood and the presidency may finally be nothing more than two privileged figures of media age power. **Shadowed Ground** Kenneth E.

Foote, 2013-12-06 Winner John Brinckerhoff Jackson Prize Association of American Geographers 1997 *Shadowed Ground* explores how and why Americans have memorialized or not the sites of tragic and violent events spanning three centuries of history and every region of the country. For this revised edition, Kenneth Foote has written a new concluding chapter that looks at the evolving responses to recent acts of violence and terror, including the destruction of the Branch Davidian compound at Waco, Texas, the Oklahoma City bombing, the Columbine High School massacre, and the terrorist attacks of 9/11.

*Faith and the Presidency From George Washington to George W. Bush* Gary Scott Smith, 2006-10-12 Publisher description **We Called Him Rabbi Abraham** Gary Phillip Zola, 2014-03-21 Over the course of American history, Jews have held many American leaders in high esteem, but they maintain a unique emotional bond with Abraham Lincoln. From the time of his presidency to the present day, American Jews have persistently viewed Lincoln as one of their own, casting him as a Jewish sojourner and in certain respects a Jewish role model. This pioneering compendium, the first volume of annotated documents to focus on the history of Lincoln's image, influence, and reputation among American Jews, considers how Lincoln acquired his exceptional status and how, over the past century and a half, this fascinating relationship has evolved. Organized into twelve chronological and thematic chapters, these little-known primary source documents, many never before published and some translated into English for the first time, consist of newspaper clippings, journal articles, letters, poems, and sermons and provide insight into a wide variety of issues relating to Lincoln's Jewish connection. Topics include Lincoln's early encounters with Central European Jewish immigrants living in the Old Northwest; Lincoln's Jewish political allies; his encounters with Jews and the Jewish community; as President, Lincoln's response to the Jewish chaplain controversy; General U.S. Grant's General Orders No. 11 expelling Jews as a class from the Military Department of Tennessee; the question of amending the U.S. Constitution to legislate the country's so-called Christian national character; and Jewish eulogies after Lincoln's assassination. Other chapters consider the crisis of conscience that arose when President Andrew Johnson proclaimed a national day of mourning for Lincoln on the festival of Shavuot, the Feast of Weeks, a day when Jewish law enjoins Jews to rejoice and not to mourn; Lincoln's Jewish detractors contrasted to his boosters; how American Jews have intentionally Judaized Lincoln ever since his death; the leading role that American Jews have played in crafting Lincoln's image and in preserving his memory for the American nation; American Jewish reflections on the question, "What Would Lincoln Do?" and how Lincoln for America's Jewish citizenry became the avatar of America's highest moral aspirations. With

thoughtful chapter introductions that provide readers with a context for the annotated documents that follow this volume provides a fascinating chronicle of American Jewry's unfolding historical encounter with the life and symbolic image of Abraham Lincoln shedding light on how the cultural interchange between American ideals and Jewish traditions influences the dynamics of the American Jewish experience Finalist 2014 National Jewish Book Award Finalist 2015 Ohioana Book Award

**Televised Presidential Debates and Public Policy** Sidney Kraus, 2013-10-11 With this second edition Kraus continues his examination of formal presidential debates considering the experience of television in presidential elections reviewing what has been learned about televised debates and evaluating that knowledge in the context of the election process specifically and the political process generally He also examines the media and the role they occupy in presidential elections Because critics often refer to the Lincoln Douglas debates when reproaching presidential debates comparisons of the two are discussed throughout the book Much of the data and information for this accounting of televised presidential debates comes from the author's first hand experience as one who was involved with these debates as a participant observer on site at nearly all of the debates discussed Throughout these discussions emphasis is placed on the implications for public policy To suggest policy that will be accepted and adopted by politicians and the public is at best difficult Proposals for changes in public policy based on experience even when scientific data support those changes must be subjected to an assessment of the values and predispositions of the proponent These values and predispositions however may not necessarily inhibit the proponent's objectivity As such this review of television use in the presidential election process provides the context for examining televised debates

*The Erotic Whitman* Vivian R. Pollak, 2000-08-04 In this provocative analysis of Whitman's exemplary quest for happiness Vivian Pollak skillfully explores the intimate relationships that contributed to his portrayal of masculinity in crisis She maintains that in representing himself as a characteristic nineteenth century American and in proposing to heal national ills Whitman was trying to temper his own inner conflicts as well The poet's expansive vision of natural eroticism and of unfettered comradeship between democratic equals was however only part of the story As Whitman waged a conscious campaign to challenge misogynistic and homophobic literary codes he promoted a raceless classless ideal of sexual democracy that theoretically equalized all varieties of desire and resisted none Pollak suggests that this goal remains imperfectly achieved in his writings which liberates some forbidden voices and silences others Integrating biography and criticism Pollak employs a loosely chronological organization to describe the poet's multifaceted faith in sex Drawing on his early fiction journalism poetry and self reviews as well as letters and notebook entries she shows how in spite of his personal ambivalence about sustained erotic intimacy Whitman came to imagine himself as the phallic choice of America

*Museums in the Material World* Simon Knell,2007-08-07 *Museums in the Material World* seeks to both introduce classic and thought provoking pieces and contrast them with articles which reveal grounded practice The articles are selected from across the full breadth of museum disciplines and are linked by a logical narrative as detailed in the section introductions The choice of articles reveals how the debate has opened up on disciplinary practice how the practices of the past have been critiqued and in some cases replaced how it has become necessary to look beyond and outside disciplinary boundaries and how old practices can in many circumstances continue to have validity *Museums in the Material World* is about broadening horizons and moving museum studies students and others beyond the narrow confines of their own disciplinary thinking or indeed any narrow conception of collections In essence this is a book about the practice of interpretation and will therefore be of great use to those students and museum practitioners involved in the field of material culture in museums

**The Reel Civil War** Bruce Chadwick,2009-08-19 During the late nineteenth century magazines newspapers novelists and even historians presented a revised version of the Civil War that intending to reconcile the former foes downplayed the issues of slavery and racial injustice and often promoted and reinforced the worst racial stereotypes *The Reel Civil War* tells the history of how these misrepresentations of history made their way into movies More than 800 films have been made about the Civil War Citing such classics as *Birth of a Nation* and *Gone With the Wind* as well as many other films Bruce Chadwick shows how most of them have until recently projected an

image of gallant soldiers beautiful belles sprawling plantations and docile or dangerous slaves He demonstrates how the movies aided and abetted racism and an inaccurate view of American history providing a revealing and important account of the power of cinema to shape our understanding of historical truth      *Writing Illinois* James Hurt, 1992
