The Mafia Killed President Kennedy:

The Mafia Killed President Kennedy David E. Scheim, 1992 *The Hidden History of the JFK Assassination* Lamar Waldron, 2013-10-21

INSIDE THE CRIME OF THE CENTURY This fascinating history draws on never before published information to reveal the Mafia conspiracy that led to the assassination of John F Kennedy Answering the questions that have haunted Americans for decades Why and how was JFK murdered The Hidden History of JFK s Assassination draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy in addition to former FBI Secret Service military intelligence and Congressional personnel who provided critical first hand information The book also uses government files including the detailed FBI confession of notorious Mafia godfather Carlos Marcello to simply and clearly reveal who killed JFK Using information never published before the book uses Marcello s own words to his closest associates to describe the plot His confession is also backed up by a wealth of independent documentation This book builds on the work of the last Congressional committee to investigate JFK s murder which concluded that JFK was probably assassinated as a result of a conspiracy and that godfathers Santo Trafficante and Carlos Marcello had the motive means and opportunity to assassinate President Kennedy However it also draws on exclusive files and information not available to Congress that have only emerged in recent years to fully explain for the first time how Marcello and Trafficante committed and got away with the crime of the 20th century

First Hand Knowledge Robert D. Morrow, 1993-11 The only inner circle operative not to have been mysteriously killed the author steps out of the shadows to give riveting testimony Morrow who was a CIA covert agent reveals how he came to purchase the rifles used by Oswald and others to kill JFK Ties into the 30th anniversary of the assassination

Betrayal in Dallas Mark North, 2011-07 North demystifies the most infamous crime of the twentieth century arguing that President John F Kennedy was assassinated in Dallas by Mafia contract killers hired by Louisiana mob boss Carlos Marcello Critical characters emerge in the plot to murder JFK Henry Wade the long time district attorney turned corrupt Lyndon B Johnson himself who while a senator in the 1950s accepted bribes from the mob corrupt FBI director J Edgar Hoover and more In late 1961 U S Attorney General Robert Kennedy and his brother John initiated a covert Organized Crime Task Force investigation of the Civello mob in Dallas with the understanding that destroying the Dallas Mafia would also destroy LBJ Johnson through Wade and other local federal officials he had placed in power learned of the plan and cooperated with the Civello mob to have JFK killed North s conclusions are based on classified federal documents

Contract on America David E. Scheim, 1988 Presents evidence of long suspected Mafia culpability in the murder of John F Kennedy

The Kennedy Assassination Finally Solved Dylan Wynn, 2023-11-13 The assassination of President Kennedy is the greatest murder mystery ever This book finally explains the truth as to who really killed the president and why This books solves the mystery of who Lee Harvey Oswald was how was the CIA and mafia involved in the assassination On Nov 22 1963 President Kennedy was assassinated There appeared to be a government coverup to hide what really happened and who was

guilty This is the only book that has all the clues about the assassination This is the closest you ll ever get to finding out the whole truth about what happened Also are chapters that explain the assassinations of Robert Kennedy his brother and Martin Luther King Jr **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael

Palamara,2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject The Kennedy Assassinations Mel Ayton,2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders Was a shot fired from Dealey Plaza s grassy knoll Why did Jack Ruby shoot Oswald Was it the CIA the Soviets Cuban nationalists or the Mafia that arranged John Kennedy s assassination Was Robert Kennedy shot from in front and behind and who had the most to gain from his death These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents and eyewitness statements he has demolished each one In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories These have now been brought together to provide a comprehensive analysis of all the main theories as to who how and why the two Kennedy brothers met their deaths in such unusual circumstances Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy s assassination the harsh reality is that the Kennedy brothers were each killed by lone gunmen This is an absorbing read brought up to date with the addition of new material as it has been uncovered Maybe just maybe this book will persuade people that the official accounts of both murders although flawed are not cover ups but simply statements of fact Who Killed Kennedy? Matthew Smith,2013-08-29 The people of America were not satisfied that Lyndon B Johnson s presidential inquiry into the murder of President John F Kennedy in 1963 had revealed the truth This inspired a people s investigation the nature and the scale of which were unequalled It was the beginning of a quest to establish the truth which has so far taken 50 years and which still

goes on Who Killed Kennedy is an exhaustive account of that quest through the eyes of a historian who has been involved in it from the very beginning It is a story of treachery lies deceit and murder As the investigation has progressed over the years the revelations have been breathtaking the facts staggering and the real story so dramatic that fiction simply cannot equal it

Dallas 50 Years On: The Murder of John F. Kennedy Blaine Taylor, 2014-03-27 JFK had won the Presidency in 1960 by a razor thin majority and his re election campaign for 1964 was expected to be as close He began it in November 1963 with a kick off multi city four day swing across the important state of Texas It was going unexpectedly well when shots were fired into his triumphant motorcade in downtown Dallas that ripped history apart changing it forever The assassination of American President John F Kennedy in 1963 came at the very height of both the Cold War following the Second World War and the Pax Americana that was thought to exist at the war s conclusion in 1945 The United States and its allies possessed a far greater number of nuclear weapons than their Soviet adversaries but the latter could unleash World War 3 and a nuclear Armageddon that would destroy them all The sudden and totally unexpected murder in broad daylight in an American city of one of the most popular presidents in history was the murder mystery of the 20th century The Cold War could have become hot and nuclear within minutes The murderer had to be found and vital questions had to be answered quickly Who did it why and who ordered Kennedy s assassination Was the deed part of a conspiracy foreign domestic or both Were none of the these questions part of the bloody puzzle and was it entirely possible that only one man was responsible The questions remain to this very day and Dallas Fifty Years On The Murder of John F Kennedy reveals sensational new evidence eyewitness accounts and top secret documentation
