The Making Of Saints Contesting Sacred Ground:

The Making of Saints James F Hopgood, 2005-04-24 A multidisciplinary study of the commonalities between heroes icons saints and their institutions across several cultures *Borderlands Saints* Desirée A. Martín, 2013-12-19 In *Borderlands Saints* Desirée A. Martín examines the rise and fall of popular saints and saint like figures in the borderlands of the United States and Mexico Focusing specifically on Teresa Urrea La Santa de Cabora Pancho Villa César Chavez Subcomandante Marcos and Santa Muerte she traces the intersections of these figures their devotees artistic representations and dominant institutions with an eye for the ways in which such unofficial saints mirror traditional spiritual practices and serve specific cultural needs Popular spirituality of this kind engages the use and exchange of relics faith healing pilgrimages and spirit possession exemplifying the contradictions between high and popular culture human and divine and secular and sacred Martín focuses upon a wide range of Mexican and Chicano cultural works drawn from the nineteenth century to the present covering such diverse genres as the novel the communiqué drama the essay or cinematic film and contemporary digital media She argues that spiritual practice is often represented as narrative while narrative whether literary historical visual or oral may modify or even function as devotional practice **Making Miracles in Medieval**

England Tom Lynch, 2022-08-05 The cult of the saints was central to medieval Christianity largely due to the miraculous Saints were members of the elect of heaven and could intercede with God on the behalf of supplicants Whilst people visited shrines and prayed to the saints for many reasons it was the hope of intercession and the praise of miracles past which drove the cult of the saints This book examines how a person solicited aid from a saint how they might give thanks and the ways in which post mortem miracles structured the cult of the saints A huge number of miracle stories survive from medieval England in dedicated collections as well as in saints lives and other source material This corpus is full of stories of human relationships vulnerability and deliverance of people from all parts of society These stories reveal all manner of details about ordinary people in extraordinary circumstances They also show us how people navigated the world with the aid of the saints Saints could help with wayward livestock lost property or lawsuits as well as fire plague and injury They could also protect members of their communities correct lapses by their custodians and even kill those who mistreated them A respectful relationship with a saint could be proof against any problem *Making Miracles in Medieval England* will appeal to all those interested in religious practices in medieval England medieval English culture and medieval perceptions of miracles

Cultural Memories of Nonviolent Struggles A. Reading, T. Katriel, 2015-06-09 If societies have only memories of war of cruelty of violence then why are we called humankind This book marks a new trajectory in Memory Studies by examining cultural memories of nonviolent struggles from ten countries The book reminds us of the enduring cultural scripts for human agency solidarity resilience and human kindness

Saint George Liberator Aaron T. Hollander, 2025-12-09 A groundbreaking investigation of how representations of Orthodox Christian saints serve as means of resistance amid cultural and political domination On the eastern Mediterranean island of Cyprus repeatedly conquered and colonized Orthodox Christians have long struggled for political self determination agricultural sustainability and spiritual wholeness Saint George Liberator illuminates the intimate interplay of Christian theology and Mediterranean politics through the lens of St George the martyred soldier of pre Constantinian Christianity the liberator of captives and protector of the downtrodden the dragonslayer of medieval legend A saint beloved by Christians and Muslims alike St George s representations across many different media are upheld as means of resistance and hope in contexts of domination and suffering The book offers a profound and original reading of Orthodox hagiography demonstrating how hagiography is not only an art form of historical significance but also a vibrant living theology of liberation amid struggles to be whole and free Saint George Liberator is interdisciplinary in its methodology and scope deepening its vivid ethnographic narration through conversation with sociological theory and the historical theology that has shaped Orthodox Christian society and consciousness over the course of centuries Enmeshed in the multicultural complexity of the Ottoman and British Empires modern Cyprus offers a case study of how colonized and colonizing populations may turn to the same religious repertoires for understanding themselves and one another telling opposing stories with shared symbols and claiming the means of interpretation as a path of cultural resistance As a case study in interreligious imagination and the political power of vernacular theology the book speaks of psychosocial dynamics that far exceed their enactment in Cyprus It shows that Christian saints mediated diversely in material and intellectual culture may

not only propose magnetic alternatives to the world as it is but also directly aid in forming Christian publics for liberative politics in the present

Making the Medieval Relevant Chris Jones, Conor Kostick, Klaus Oschema, 2019-12-02 When scholars discuss the medieval past the temptation is to become immersed there to deepen our appreciation of the nuances of the medieval sources through debate about their meaning But the past informs the present in a myriad of ways and medievalists can and should use their research to address the concerns and interests of contemporary society This volume presents a number of carefully commissioned essays that demonstrate the fertility and originality of recent work in Medieval Studies Above all they have been selected for relevance Most contributors are in the earlier stages of their careers and their approaches clearly reflect how interdisciplinary methodologies applied to Medieval Studies have potential repercussions and value far beyond the boundaries of the Middle Ages These chapters are powerful demonstrations of the value of medieval research to our own times both in terms of providing answers to some of the specific questions facing humanity today and in terms of much broader considerations Taken together the research presented here also provides readers with confidence in the fact that Medieval Studies cannot be neglected without a great loss to the understanding of what it means to be human

The Authority of the Saints Pauline Dimech, 2017-05-18 Pauline Dimech explores whether and to what extent we may attribute authority to the saints but also how we may ensure that it is the saints and not the scoundrels whose influence persists and whose memory endures The thing that drives her research is the thought that history is full of examples of individuals who held positions of official authority that they did not deserve Dimech is convinced that Hans Urs von Balthasar can help us clarify the issues surrounding the authority of the saints Besides establishing Balthasar's involvement with the enterprise this book tries to establish the theological foundations upon which the authority of the saints would have to be based in theory and possibly already however implicitly based in practice

Shrines and Pilgrimage in the Modern World Peter Jan Margry, 2008 The modern pilgrimage to sites ranging from Graceland to the veterans annual ride to the Vietnam Veterans Memorial to Jim Morrison's Paris grave is intertwined with man's existential uncertainties in the face of a rapidly changing world In a climate that reproduces the religious quest in seemingly secular places it's no longer clear exactly what the term pilgrimage infers and Shrines and Pilgrimage in the Modern World critiques our notions of the secular and the sacred while commenting on the modern media's multiplication of images that renders the modern pilgrimage a quest without an object Using new ethnographical and theoretical approaches this volume offers a surprising new vision on the non secularity of the secular pilgrimage This book will be sure to stoke our intellectual fire and heat up the discussion over the highly charged topic of secular pilgrimage Simon Bronner Penn State University
