The Manacle:

The Iconography of Humiliation in New Kingdom Egypt Mark D. Janzen, 2024-11-26 This volume analyzes the iconography of bound foreigners on New Kingdom monuments and artifacts to better understand Egyptian perspectives on foreigners and their treatment of prisoners of war. Depictions of foreign captives in humiliating or torturous poses are ubiquitous in Egyptian iconography and reflect the celebratory nature of royal ideology in this case by degrading enemies. Egyptologists have scrutinized these scenes for details regarding various military matters but existing scholarly literature offers few studies focused on enemy captives and the sheer physical brutality of the depictions of their bindings. Janzen examines the bound foreigner motif in New Kingdom sources demonstrating that these prisoners of war played vital roles in Egyptian ideology and religion. Their depictions in bizarre or torturous poses served to reinforce ideological underpinnings of pharaoh's right to rule perpetually ritualizing their defeat and or punishment through the presence of this iconography on ceremonial objects used primarily by the king and on temple walls and monuments. The subjugation of foreigners also constituted an important economic function as incorporating prisoners of war into the Egyptian workforce was crucial for economic prosperity and growth in New Kingdom Egypt. The volume also explores cross cultural and anthropological parallels placing Egyptian treatment of foreign prisoners in its ancient context. The book provides a fascinating study of the subject suitable for scholars and students of Egyptology and ancient history particularly that of New Kingdom Egypt as well as those working on power warfare and violence in the ancient world more broadly.

The Motor Boat ,1909 Stranger By Night Ramsey Campbell, Brian Lumley, Graham Masterton, 2005 This new installment of the award winning erotic horror series features bone chilling stories from such acclaimed authors as Ramsey Campbell, Brian Lumley and Graham Masterton. Original.

Topological Polymer Chemistry Yasuyuki Tezuka, 2013 There are examples aplenty in the macroscopic world that demonstrate the form of objects directing their functions and properties. On the other hand the fabrication of extremely small objects having precisely defined structures has only recently become an attractive challenge which is now opening the door to nanoscience and nanotechnology. In the field of synthetic polymer chemistry a number of critical breakthroughs have been achieved during the first decade of this century to produce an important class of polymers having a variety of cyclic and multicyclic topologies. These developments now offer unique opportunities in polymer materials design to create unprecedented properties and functions simply based on the form i.e topology of polymer molecules. In this book on topological polymer chemistry the important developments in this growing area will be collected for the first time with particular emphasis on new conceptual insights for polymer chemistry and polymer materials. The book will systematically review topological polymer chemistry from basic aspects to practice and give a broad overview of cyclic polymers covering new synthesis structure characterization basic properties functions and the

eventual applications **Sailing Directions for the English Channel** James Frederick Imray, 1879 *The Chainbreakers* Julian Randall, 2024-09-03 In this action packed fantasy thirteen year old Violet Moon must rescue her father and save her enchanted underwater world perfect for fans of The Marvellers and Tristan Strong series All Violet Moon has ever wanted is to be a Reaper captain like her father Born on the Tides of the Lost a magical world beneath the waves of the Atlantic Ocean Violet has spent her life at her father s side rescuing souls lost in the water But when a rescue mission turns to disaster after the arrival of the dreaded Children of the Shark weaponized ghost sharks who steal the souls for themselves her father is seized and pulled down into the darkness of the Depths With no choice for Violet but to inherit the captain s powers and helm the ship as the next in line it ll be up to her to save her father if he even still lives and stop the Children of the Shark before they devour the world A fantastical mind blowing adventure Violet and her friends don t just smash barriers they ll win over your heart too Mark Oshiro 1 New York Times bestselling co author of The Sun and the Star *The Eye of Charon* Richard A.
