Orchid Biology: Reviews and Perspectives X Tiiu Kull, J. Arditti, Sek Man

Wong, 2009-01-21 As stated many times before the purpose of Orchid Biology Reviews and Perspectives OB is to present

reviews on all aspects of orchids The aim is not to balance every volume but to make a balanced and wide ranging

presentation of orchids in the series as a whole The chapters in this the last volume of the series range over a number of

topics which were not covered before Singapore is justly famed for its orchids They can be seen on arrival or dep ture in its

modern highly efficient and comfortable Changi Airport and on the way from it to town Vanda Miss Joaquim the first hybrid

to come from Singapore became its National Flower This natural hybrid can be seen on its currency stamps and public and

private decorations Many excellent breeders starting with Prof Eric Holttum who bred the first man made hybrid

Spathoglottis Primrose produced numerous magnificent hybrids and won countless awards in Singapore and elsewhere

These hybrids served to enrich the country s orchid mystique In the opening chapter of this volume Dr Teoh Eng Soon

Western style Eng Soon Teoh himself a prize winning orchid breeder grower and author writes about some of the breeders

who contributed to the Singapore orchid fame Prof Hans Fitting was one of the best known plant physiologists of his time As

a young man he studied the effects of pollen on orchid flowers *Understanding Orchids* William Cullina, 2004 Featuring

more than 200 color photographs *Understanding Orchids* provides readers with easy to follow instructions for the orchids

they would like to grow *Orchid Biology* J. Arditti, Alec M. Pridgeon, 2013-04-17 A Personal Note I decided to initiate

Orchid Biology Reviews and Perspectives in about 1972 and alone or with co authors started to write some of the chapters

and the appendix for the volume in 1974 during a visit to the Bogor Botanical Gardens in Indonesia Professor H C D de Wit of

Holland was also in Bogor at that time and when we discovered a joint interest in Rumphius he agreed to write a chapter

about him I visited Bangkok on my way home from Bogor and while there spent time with Professor Thavorn Vajrabhaya He

readily agreed to write a chapter The rest of the chapters were solicited by mail and I had the complete manuscript on my

desk in 1975 With that in hand I started to look for a publisher Most of the publishers I contacted were not interested

Fortunately Mr James Twiggs at that time editor of Cornell University Press grew orchids and liked the idea He decided to

publish *Orchid Biology Reviews and Perspectives* and volume I saw the light of day in 1977 I did not know if there would be

a volume II but collected manuscripts for it anyway Fortunately volume I did well enough to justify a second book and the

series was born It is still alive at present 20 years seven volumes and three publishers later I was in the first third of my

career when volume I was published **Florida Gardener's Handbook, 2nd Edition** Tom MacCubbin, Joe Lamp'l, Georgia
