Doughty, 2013-05-11 Children's literature is an excellent way to educate children on everything from social behavior and beliefs to attitudes toward education itself A major aspect of children's literature is the importance of books and reading Books represent adult authority This book examines the role that books reading and writing play in children's fantasy fiction from books that act as artifacts of power The Abhorsen Trilogy The Spiderwick Chronicles Harry Potter to interactive books The Neverending Story Malice Inkheart to books with character writers Percy Jackson Captain Underpants The author finds that although books and reading often play a prominent role in fantasy for children the majority of young protagonists gain self sufficiency not by reading but specifically by moving beyond books and reading **Preserving the Spell** Armando Maggi, 2024-05-31 Fairy tales are supposed to be magical surprising and exhilarating an enchanting counterpoint to everyday life that nonetheless helps us understand and deal with the anxieties of that life Today however fairy tales are far from marvelous in the hands of Hollywood they have been stripped of their power offering little but formulaic narratives and tame surprises If we want to rediscover the power of fairy tales as Armando Maggi thinks we should we need to discover a new mythic lens a new way of approaching and understanding and thus re-creating the transformative potential of these stories In Preserving the Spell Maggi argues that the first step is to understand the history of the various traditions of oral and written narrative that together created the fairy tales we know today He begins his exploration with the ur-text of European fairy

tales Giambattista Basile's *The Tale of Tales* then traces its path through later Italian French English and German traditions with particular emphasis on the Grimm Brothers adaptations of the tales which are included in the first ever English translation in an appendix Carrying his story into the twentieth century Maggi mounts a powerful argument for freeing fairy tales from their bland contemporary forms and reinvigorating our belief that we still can find new powerfully transformative ways of telling these stories

Grimm Legacies Jack Zipes, 2014-11-23 In *Grimm Legacies* esteemed literary scholar Jack Zipes explores the legacy of the Brothers Grimm in Europe and North America from the nineteenth century to the present Zipes reveals how the Grimms came to play a pivotal and unusual role in the evolution of Western folklore and in the history of the most significant cultural genre in the world the fairy tale Folklorists Jacob and Wilhelm Grimm sought to discover and preserve a rich abundance of stories emanating from an oral tradition and encouraged friends colleagues and strangers to gather and share these tales As a result hundreds of thousands of wonderful folk and fairy tales poured into books throughout Europe and have kept coming Zipes looks at the transformation of the Grimms tales into children's literature the Americanization of the tales the Grimm aspects of contemporary tales and the tales utopian impulses He shows that the Grimms were not the first scholars to turn their attention to folk tales but were vital in expanding readership and setting the high standards for folk tale collecting that continue through the current era Zipes concludes with a look at contemporary adaptations of the tales and raises questions about authenticity target audience and consumerism With erudition and verve *Grimm Legacies* examines the lasting universal influence of two brothers and their collected tales on today's storytelling world

Tales from the Hood (Sisters Grimm #6) Michael Buckley, 2011-04-22 Now an Apple TV Original Series Discover the bestselling fantasy adventure that inspired the show *The Big Bad Wolf* is on trial and it's up to the Sisters Grimm to prove his innocence in the sixth adventure in the beloved New York Times bestselling fantasy series In *Ferryport Landing* everyone gets their day in court even the Big Bad Wolf Mr Canis is put on trial for past crimes and Mayor Heart's kangaroo court is sure to find him guilty It's up to the Grimms to uncover evidence to save their friend though Sabrina starts to wonder whether they would all be safer with the Wolf in jail Despite her misgivings Sabrina and her sister Daphne investigate what really happened in the Big Bad Wolf's most famous tale and the real story might bring long awaited justice for more than just Mr Canis Millions of readers have fallen in love with the Grimm sisters adventures The books are ideal for middle grade readers but enjoyable for anyone who loves a good fairy tale twist
