**Sisters Or Citizens?** Charles Sowerwine, 1982-01-28 This book is a study of the responses of working women to the oppression they faced both as women and as workers in the nineteenth century *Women in France Since 1789* Susan Foley, 2017-03-14 This compelling study traces the changes in women's lives in France from 1789 to the present Susan K Foley surveys the patterns of women's experiences in the socially segregated society of the early nineteenth century and then traces the evolution of their lifestyles to the turn of the twenty first century when many of the earlier social distinctions had disappeared Focusing on women's contested place within the political nation *Women in France since 1789* examines The on going strength of notions of sexual difference Recurrent debates over gender The anxiety created by women's perceived departure from ideals of womanhood Major controversies over matters such as reproductive rights significant cultural changes and women's often under estimated political roles By addressing and exploring these key issues Foley demonstrates women's efforts over two centuries to create a place in society on their own terms *Women and Political Activism in France, 1848-1852* Laura S. Schor, 2022-12-06 This book is organized around the personal struggles of ten extraordinary French women activists Eugenie Niboyet Eugenie Foa Suzanne Voilquin Josephine Bachellery Pauline Roland Jeanne Deroin Elisa Lemonnier Desiree Gay Adele Esquiros and Marie Noemie Constant Ranging in age from 52 to 20 in 1848 coming from different economic backgrounds these women share a common quest to be included in the economic and political rights won by the revolt against the July Monarchy Banding together in the face of exclusion from the right to work guaranteed to all men in February 1848 they write petitions to the Provisional Government and create the first daily feminist newspaper *La Voix des femmes* The newspaper is a forum for their demands midwives who demand to be paid as civil servants domestic workers who demand support while unemployed teachers who demand opportunities for higher education and for higher wages The right to vote and the right to divorce are debated in the newspaper Seeking to widen their support Niboyet and her cohort launch a political club *Le Club de femmes* which is ridiculed in the satiric press The women activists of 1848 do not withdraw from the public sphere They form workers associations Deroin and Roland are imprisoned for their activism All continue to work for women's rights as teachers writers and artists The women of 1848 inspire successive generations of women to continue their struggle *Women Artists in Interwar France* Paula J. Birnbaum, 2017-07-05 *Women Artists in Interwar France Framing Femininities* illuminates the importance of the *Société des Femmes Artistes Modernes* more commonly known as FAM and returns this group to its proper place in the history of modern art In particular this volume explores how FAM and its most famous members Suzanne Valadon Marie Laurencin and Tamara de Lempicka brought a new approach to the most prominent themes of female embodiment the self portrait motherhood and the female nude These women reimagined art's conventions and changed the direction of both art history and the politics of their contemporary art world FAM has been excluded from histories of modern art despite its prominence during the interwar years Paula Birnbaum's

study redresses this omission contextualizing the group's legacy in light of the conservative politics of 1930s France. The group's artistic response to the reactionary views and images of women at the time is shown to be a key element in the narrative of modernist formalism. Although many FAM works are missing, one reason for the lack of attention paid to their efforts is Birnbaum's extensive research through archives, press clippings, and first-hand interviews with artists' families. Birnbaum reclaims FAM as an important chapter in the history of art from the interwar years.

A History of Modern France Jeremy D. Popkin, 2020-02-14. A History of Modern France offers a framework to understand modern French history through a survey of the dramatic events that have punctuated its history from the eighteenth century to the present day. Covering events such as the French Revolution, the two World Wars, and the more recent election of Emmanuel Macron and the yellow vest movement, the book takes a balanced approach to the competing interpretations of modern France inspired by its history. This edition has been thoroughly updated to incorporate the most recent scholarship on topics including French imperial history and the empire's postcolonial legacy, the history of women and gender, and the French experience of World War I. A new section extends the narrative into mid-2019, and additional emphasis has been given to the role of historical memory in the making of French identity. Taking a chronological approach, the book is approachable for students and provides a clear and understandable picture of the history of modern France. Supported by further reading that has been updated to include the most recent publications, the book is the ideal introduction to the history of modern France for students of this fascinating country.

Gender Quotas, Parity Reform, and Political Parties in France Katherine A. R. Opello, 2006-01-01. France is notorious for the underrepresentation of women in its halls of politics. Having been unsuccessful at implementing quotas for female candidates, unlike several of their European neighbors, France passed a gender parity law in 2000 that required all political parties to field an equal number of male and female candidates. Yet in the 2002 elections, the main political parties fell well short of nominating equal numbers of male and female candidates. How did parity replace gender quotas as the preferred way to achieve greater representation for women in elected office? Why have these gender-based measures been embraced by some parties and not others? And why do parties sometimes fail to implement quotas and parity? *Gender Quotas, Parity Reform, and Political Parties in France* considers this transition from quotas to parity, providing a history of French women's rights and the French electoral process as well as an examination of the roles of the Socialist and Gaullist political parties. Compelling and clearly written, Opello has created a work that bridges an existing gap in literature about contemporary France and will appeal to scholars of gender politics and France.

*Women and Achievement in Nineteenth-Century Europe* Linda L. Clark, 2008-04-17. A history of European women's professional activities and organizational roles between 1789 and 1914.

*France since 1870* Charles Sowerwine, 2018-01-25. This thoroughly revised, updated, and expanded new edition of an established text surveys the cultural, social, and political history

of France from the Franco Prussian War of 1870 and the Paris Commune through to Emmanuel Macron's presidency. Incorporating the newest interpretations of past events, Sowerwine seamlessly integrates culture, gender, and race into political and social history. This edition features extended coverage of the 2007-8 financial crisis, the rise of the political and cultural far right, and the issues of colonialism and its contemporary repercussions. This is an essential resource for undergraduate and taught postgraduate students of history, French studies, or European studies taking courses on modern French history or European history. This text will also appeal to scholars and readers with an interest in modern French history. Richly informative and lucidly presented, Sowerwine's *France since 1870* offers essential reading for students and researchers. Particularly powerful is the new final chapter which draws on historical expertise to explore and explain the literary and political malaise of contemporary France. Jessica Wardhaugh, University of Warwick, UK. This third edition is unparalleled in its reach and excellence as a history of modern France from 1870 to the present. Sowerwine seamlessly integrates culture, gender, and race into political and social history. His incorporation of the newest interpretations of past events, as well as the historical perspective he lends to current events such as terror attacks, new laws regarding labor and marriage, modern globalization, neo-liberalism, as well as to France's darkening mood, make this highly readable book a true masterpiece. Elinor Accampo, University of Southern California, USA. Her recent social and economic challenges have cast deep shadows into the story of modern France that Charles Sowerwine tells so clearly. Those dark questions about culture, politics, and society have their full place in this. This scholarly but accessible reassessment of French history since 1870. This edition raises new questions about France's story directly and compellingly and remains the key text for readers who are curious about modern France. Julian Wright, Northumbria University, UK. Following on the fine precedent set by earlier editions, this masterful survey offers students and the public alike a readable and illuminating account of the tortuous and ever intriguing path of French history since 1870. George Sheridan, University of Oregon, USA.

**In the Footsteps of Flora Tristan** Máire Fedelma Cross, 2020-09-03. *In the Footsteps of Flora Tristan* is the first ever study devoted to Jules Puech (1879-1957) and is a double biography that examines his life's work on Flora Tristan (1803-1844), feminist and socialist. It begins by examining newly found press reports of Flora Tristan during her lifetime and subsequently then positions Puech's discovery of her as a postgraduate student in Paris in the 1900s. It continues with an account of how he embarked on the first in-depth biography published in 1925. Puech was unmatched in his expertise as a writer on Flora Tristan, having discovered her papers through his numerous political connections and having become a historian of Proudhon's legacy on the international aspirations of the labour movement. Together with his wife Marie Louise Puech nee Milhau (1876-1966), suffragist, feminist, he was a militant in the early twentieth-century pacifist movement that advocated international arbitration. His research on Flora Tristan was enriched by his other projects but was thwarted by the wars of 1914-1918 and 1940-1945. The circumstances of the long gestation of Puech's biography are drawn from his letters and papers hitherto unseen. The

correspondence curated brings a new understanding to the multi faceted nature of Puech s activism and rate of progress in the publication of his findings on his subject Flora Tristan
