**Slovakia Since Independence** Minton F. Goldman, 1999-01-30 Since becoming an independent country after its split from Czechoslovakia in January 1993 Slovakia's development from communism to political and economic democracy underway when it was part of post Communist Czechoslovakia has been difficult and halting Goldman starts with an analysis of the influence of a strong ethnic based nationalism on Slovak relations with Czechs from 1918 through the Second World War and the years of Communist rule through to the breakaway from Czechoslovakia and the creation of an independent state Goldman then examines the political economic socio cultural problems and international difficulties the new Slovak state experienced as it tried to develop a democratic political system move toward a free market economy achieve societal unity and cohesion and protect its interests abroad In showing how a strong Slovak nationalism rooted in recent history has had an impact on policymaking in almost every sphere of national life Goldman examines the roots and causes of Prime Minister Meciar's authoritarian leadership the halting and uncertain transformation of the Slovak economy to a free market the difficulties of governing the country's minorities and the development of new relationships with areas of strategic as well as economic importance to Slovakia's well being as an independent state This comprehensive and up to date analysis will be of great importance to scholars students and other researchers involved with Eastern European Studies *Socio-Economic Transformation of Slovakia since its Independence* Thomas Kovacs, 2016-11-24 Diploma Thesis from the year 2006 in the subject Business economics Economic Policy grade 2 Fachhochschule des bfi Wien GmbH language English abstract This thesis analyses the socio economic and political transformation processes of Slovakia since its separation from Czechoslovakia The main question to be answered is how successful Prime Minister Vladimir Meciar's policies were in attracting FDI into Slovakia After the Velvet Revolution in 1989 Czechoslovakia started to initiate fundamental democratic measures concerning the public administration in the country Two interconnected reforms took place in 1990 decentralization and the civil service reform In 1992 a new government was voted into office under the leadership of Prime Minister Vladimir Meciar from the HZDS party On 1 January 1993 Slovakia became independent by non violent means from the Czech Republic with Bratislava as its capital For a country which did not have economic wealth as high as the Czech Republic and an increasing unemployment rate the total change of their whole economy meant that much time was spent on the question of how to finance the state In terms of economic changes the Prime Minister wanted to create a strong entrepreneurial Slovakian class that would be able to control the economy But his privatization policies led to financial difficulties for the Slovakian state its economy and its people Although there was co operation with Russia the unemployment rate in Slovakia remained at 16.2% percent at the end of 1998 Constant discriminations in Slovakia and the fact that Meciar excluded the opposition parties completely from parliamentary control organs the Slovakian Secret Service SIS the media and the process of privatization caused international protests against Meciar and his regime This caused the EU to warn
