surveys of East Asian exporters including Japan the People s Republic of China the Republic of Korea and three ASEAN economies of the Philippines Singapore and Thailand to shed light on the FTA debate Critics are concerned that FTAs erode the multilateral trading process and foster an alarming noodle bowl of overlapping regulations and rules of origin requirements which may be costly to business Asia s Free Trade Agreements makes key recommendations for improving business use of FTA preferences reducing costs of FTAs and creating a region wide FTA This well researched and documented book will appeal to undergraduate and postgraduate students in international business international economics economic development public administration and public policy Academics researchers and members of think tanks around the world will also benefit from this book as will trad Jamaica: trade, integration and the quest for growth (Occasional Paper ITD = Documento de Divulgación ITD; n. 30) Anneke Jessen, Christopher Vignoles, 2005 **Commerce as Politics** Sean M.
