Smart Leading and Parenting of Teenage Kids in the Digital Era Dr. Siddhartha Ganguli, 2021-02-10 The physical features of teenage kids change to catch up with their brain circuits ready to take on the pre historic hunter gatherer roles The goal resource mobilisation for survival Resource mobilisation would not only help them survive but also to earn them invisible rewards by way of positive brain chemicals and electricity However the post industrialisation scenario has been quite different Teenagers get groomed via skill or academic development to take on economic roles latest by their mid twenties Such grooming strategy does not always lead to the invisible rewards which they would have earned had they been playing their pre historic hunter gatherer roles Most interestingly today s versatile digital gadgets offer ample scope for earning brain rewards at the cost of sedentary lifestyles The prevailing work and study from home culture has prompted the teenagers becoming dependent on digital technology and getting addicted to the gadgets for earning rewards There is thus a new need for the parents of today s teenagers They must smartly lead themselves and their kids so that digital technology is utilised for their healthy all round development thus preventing any possibility of addiction Divided into two parts the Part 1 of this book throws light on the realities combined with tips and Part 2 introduces the new concept of Brain Tools for the use of the kids and the parents based on the author s ongoing research on Neuro management NM

The Young and the Digital Samuel Craig Watkins, 2009 Timely and deeply relevant The Young and the Digital covers a host of provocative issues the influence of social sites like MySpace and Facebook the growing appetite for anytime anywhere media and fast entertainment how online digital gates reinforce race and class divisions how technology is transforming America s classrooms and takes a fresh look at the pivotal role technology played in the historic 2008 election Watkins also debunks popular myths surrounding cyberpredators Internet addiction and social isolation

Big Food Simon N. Williams, Marion Nestle, 2017-10-02 Obesity is a global public health problem of crucial importance Obesity rates remain high in high income countries and are rapidly increasing in low and middle income countries Concurrently the global consumption of unhealthy products such as soft drinks and processed foods continues to rise The ongoing expansion of multinational food and beverage companies or Big Food is a key factor behind these trends This collection provides critical insight into the global expansion of Big Food including its incursion into low and middle income countries It examines the changing dynamics of the global food supply and discusses how low income countries can alter the Big Food diet from the bottom up It examines a number of issues related to Big Food marketing strategies including the way in which they advertise to youths and the rural poor These issues are discussed in terms of their public health implications and their relation to public health activities for example soda taxes and the promotion of nutritionally healthier products This book was originally published as a special issue of Critical Public Health *Cumulated Index to the Books* ,1999 The Adolescent Family Life Demonstration Projects ,1990 *25 Things Every Tween Needs To Know* Cassandra

Mack, 2018-03-03 *25 Things Every Tween Needs To Know* is a book of positive life tips that will help you stay on the right track and take positive charge of your life If a parent or caring adult bought this book for you take it as a sign that they care about you enough to give you some information that will help you make smart decisions now and in the future The book is a quick read Each chapter is two pages It should take about five minutes or less to read each chapter But don t be fooled by the brevity of the chapters because although each chapter can be read rather quickly it s in applying the information that makes all the difference So why a personal growth book for tweens Simple to provide tweens with quick and easy tips to make smart decisions and take positive charge of their lives Kids need as many avenues as possible to learn how to make good decisions so that they can successfully navigate their lives This book was designed for you and your tween to read together First comes the life skills tip which is essentially a one sentence strategy for success Next comes the power points for parents which are practical steps to help you reinforce the life skills tip Read the book with your tween Use the life skills tips as a springboard for talking to your tween about goals good study habits decision making and other important issues
