Promoting the digitalization of small and medium-sized agrifood enterprises in Asia and the Pacific Gálvez Nogales, E.,Casari, G.,2023-12-11 Small and medium sized enterprises SMEs constitute the large majority of businesses both globally and in Asia and the Pacific Despite their undeniable importance the literature on SMEs in general and agrifood SMEs in particular is relatively limited One specific area that deserves deeper consideration is the extent of digital engagement of agrifood SMEs along the agrifood value chain from farm to retail and food services in countries in Asia and the Pacific The goal of this publication is to understand the current status of digitalization of agri SMEs in Asia and the Pacific what this process looks like and how to improve it A value chain approach was adopted to evaluate the digital maturity of all types of agri SMEs across previously siloed categories from farm to fork and in the core and the extended value chain The report analyses the benefits of digital transformation for agri SMEs and the challenges they face in this process Next the report outlines practical and actionable measures that governments and other stakeholders may undertake to help agrifood SMEs stay ahead in the digital age Special attention is given to the creation of a digital environment that enables agri SMEs to increase the efficiency of their operations and allow them to grow This is particularly important given that many agri SMEs are located in rural agricultural areas where more than half of the population in Asia and the Pacific still resides but where the environment is less favourable to digital transformation

Revolutionary Retailing Robert Kramer, 2004-06 Sunset Illusions may be one of the most unusual stories ever told In an expanding Universe with forward moving time Sam Hevi had to do his job raise his family and maintain his dignity as a human being These were not easy tasks in the difficult world he faced Sam Hevi an astronomer and leader of the freedom movement had to try to live free within a government that didn't believe in freedom He had to search for truth in a world driven by unquestioned belief and he had to try to find reality in a life smothered in illusion These were not easy tasks in the difficult world he faced All seemed to be going about as well as could reasonably be expected until the day Sam lost his wife It was the first blow to his world The second came with the loss of his brother and best friend in the war The final blow came toward the end of his life when his only son had him committed to the government's Old Folks home an acknowledged warehouse for senile senior citizens In many ways this last act was the worst blow of all because it shattered Sam's self esteem He was determined that this was the final intolerable indignity he would ever face It took some planning but Sam did make his final escape At least that's what he thought After his escape Sam woke up very cold and confused He realized that something was not quite right Things were the same and yet different at the same time It took him awhile to find out why but when he did he couldn't believe it He had awakened in a world that looked the same as before but now the Universe was

contracting and time was running backwards That alone was a shock especially when he discovered that time was running in reverse and he was going to have to live his life over again only this time he had to do it backwards Welcome to Sunset Illusions *Small Store Planning for Growth* John Williams Wingate, Seymour Helfant, 1977 **More Profit from Your Retail Business** Glen A.
