The contributors are all well recognized names who have contributed extensively to the field and accept and embrace the tensions that emerge when integrating theoretical perspectives and science in clinical settings to document the current evolution of couples and family therapy practice and research. Each individual chapter contribution is organized around a central theme that the integration of theory, clinical wisdom and practical and meaningful research produce the best understanding of couple and family relationships and the best treatment options. The handbook contains five parts. Part I describes the history of the field and its current core theoretical constructs. Part II analyzes the theories that form the foundation of couple and family therapy chosen because they best represent the broad range of schools of practice in the field. Part III provides the best examples of approaches that illustrate how clinical models can be theoretically integrative, evidence based and clinically responsive. Part IV summarizes evidence and provides useful findings relevant for research and practice. Part V looks at the application of couple and family interventions that are based on emerging clinical needs such as divorce and working in medical settings. Handbook of Family Therapy illuminates the threads that are common to family therapies and gives voice to the range of perspectives that are possible. Pax et Bonum Rev. Msgr. Craig F. Harrison, 2017-04-18 Pax et Bonum by Rev Msgr Craig F Harrison. Rev Msgr Craig F Harrison takes us on a spiritual and cultural journey through the streets of Assisi, a small town in Italy and the home of Saint Francis. Pax et Bonum, which appears in the title of the book and many times in the work itself, refers to peace and blessings, which is certainly this book's ultimate motive. Harrison describes travelling through the gates of life as a metaphor for suffering through challenges and undergoing changes in our daily lives. We often pass through our gates with mixed emotions; some evoke sadness, happiness, excitement or dread. By remembering his own journey through the gates in his own life, Harrison invites you to travel with him to Assisi.
