The Crime Novel Tony Hilfer, 2014-07-03 Although rarely distinguished from the detective story the crime novel offers readers a quite different experience In the detective novel a sympathetic detective figure uses reason and intuition to solve the puzzle restore order and reassure readers that right will always prevail In the crime novel by contrast the hero is either the killer the victim a guilty bystander or someone falsely accused and the crime may never be satisfactorily solved These and other fundamental differences are set out by Tony Hilfer in *The Crime Novel* the first book that completely defines and explores this popular genre Hilfer offers convincing evidence that the crime novel should be regarded as a genre distinct from the detective novel whose conventions it subverts to develop conventions of its own Hilfer provides in depth analyses of novels by Georges Simenon Margaret Millar Patricia Highsmith and Jim Thompson He also treats such British novelists as Patrick Hamilton Shelley Smith and Marie Belloc Lowndes as well as the American novelists Cornell Woolrich John Franklin Bardin James M Cain and Fredric Brown In addition he defines the distinctions between the American crime novel and the British showing how their differences correspond to differences in American and British detective fiction This well written study will appeal to a general audience as well as teachers and students of detective and mystery fiction For anyone interested in the genre it offers valuable suggestions of what to read next **Crime Fiction in German** Katharina

Hall, 2016-03-03 Crime Fiction in German is the first volume in English to offer a comprehensive overview of German language crime fiction from its origins in the early nineteenth century to its vibrant growth in the new millennium. As well as introducing readers to crime fiction from Germany, Austria, Switzerland, and the former East Germany, the volume expands the notion of a German crime writing tradition by investigating Nazi crime fiction, Jewish German crime fiction, Turkish German crime fiction, and the Afrika Krimi. Significant trends including the West German social crime novel, women's crime writing, regional crime fiction, historical crime fiction, and the Fernsehkrimi (television crime drama) are also explored, highlighting the genre's distinctive features in German language contexts. This volume includes a map of German-speaking Europe, a chronology of key crime publishing milestones, primary texts, and trends, as well as an annotated bibliography of print and online resources in English and German.

Crime Fiction Migration Christiana Gregoriou, 2017-07-27 Crime narratives form a large and central part of the modern cultural landscape. This book explores the cognitive stylistic processing of prose and audiovisual fictional crime texts. It also examines instances where such narratives find themselves through popular demand, migrating meaning that they cross languages, media formats, and/or cultures. In doing so, *Crime Fiction Migration* proposes a move from a monomodal to a multimodal approach to the study of crime fiction. Examining original crime fiction works alongside their translations, adaptations, and remakings proves instrumental in understanding how various semiotic modes interact with one another. The book analyses works such as *We Need to Talk About Kevin*, the Killing trilogy, and the reimaginings of plays such as *Shear Madness* and films such as *Funny Games*. Crime fiction is consistently popular, and on the move: witness the spate of detective series exported out of Scandinavia or the ever-popular exporting of these shows from the USA. This multimodal and semiotically aware analysis of global crime narratives expands the discipline and is key reading for students of linguistics, criminology, literature, and film.
