**Political Economy of Social Development in Pakistan** Zafar Hamid Ismail, 2016      **Social Development in Pakistan**, 1999      The Post-Colonial States of South Asia Amita Shastri, A. Jeyaratnam Wilson, 2013-01-11 This text discusses the principal political and constitutional questions that have arisen in the states of Bangladesh India Pakistan and Sri Lanka following fifty years of independence In Sri Lanka the pressing problems have been around the inter ethnic civil war experiments with constitutional designs widespread prevalence of corruption and the recrudescence of Buddhist militancy In India it has been corruption Hindu nationalism and general political instability In Bangladesh and Pakistan it has been the role of the military the state and religion A general theme is an analysis of the malaise that is prevalent and how and why this was inherited despite the colonial legacy of parliamentary democracy the steel framework of a trained bureaucracy the independence of the judiciary and the rule of law      Pakistan in Regional and Global Politics Rajshree Jetly, 2012-04-27 Pakistan is at currently at the centre of regional and global geo strategic issues as a frontline state in the global war on terrorism It is seeking to project itself as a modern Islamic state that can engage both the Islamic bloc and the western world in the post 9 11 era This book addresses some questions under the broad rubric of International Relations and Security It focuses on four themes Pakistan and global security Pakistan s international relations politics and identity in Pakistan and economic development of Pakistan Leading international experts have contributed articles within the framework of these themes      *Pakistan Enduring Assistance and Cooperation Enhancement Act of 2009 (Peace Act of 2009)*, May 22, 2009, 111-1 House Report 111-129, Part 1, 2009      *Developing Sustainable Agriculture in Pakistan* Iqbal Ahmad Khan, Muhammad Sarwar Khan, 2018-04-17 Agriculture plays a pivotal role in the economy and development of Pakistan providing food to consumers raw materials to industries and a market for industrial goods Unfortunately agricultural production is stagnant due to several barriers including a fixed cropping pattern reliance on a few major crops a narrow genetic pool poor seed quality and a changing climate In addition the high cost of production weak phytosanitary compliance mechanisms and a lack of cold chain facilities makes Pakistan agriculturally uncompetitive in export markets Despite all these issues agriculture is the primary industry in Pakistan and small farmers continue to dominate the business Small farmers grow crops for subsistence under a fixed cropping pattern and a holistic approach is required to develop agriculture to improve the livelihoods of the rural populace This book presents an exhaustive look at agriculture in Pakistan Chapters provide critical analyses of present trends inadequacies in agriculture strategic planning improvement programs and policies while keeping in view the natural resources plant and animal related agricultural production technologies input supplies population planning migration and poverty and balanced policies on finance credit marketing and trade      **Civil Society and Pakistan's Economy** Fayyaz Baqir, 2023-03-17 This book analyses the paradoxes of Pakistan s economy meritocratic domestic policy and the role of the state and the civil society It argues that the transition in the country s foreign policy from

geo politics to geo economic depends on a fundamental domestic policy transition from kleptocracy to meritocracy Civil Society and Pakistan s Economy discusses how the prevalence of rent seeking practices has undermined merit based practices by increasing the cost of doing business and converting public loss into private profit by awarding inappropriate subsidies and imposing regressive taxes The analyses are supported by describing the instruments and mechanisms used for rent seeking practices and the creation of public awareness of options available to change these practices through citizen s action and civil society engagement The book also shows the path of transformation and the role of participation and argues that aspiring for and capturing power is not the only way to transform Pakistan A novel analysis depicting macro micro linkages of encroachment of socio economic space by the power elites and effective strategies used for its reappropriation by the people the book will be of interest to academics researching South Asian Studies in particular South Asian economics and politics
