party The advocates of catholicism and those of feudality have quarrelled and the latter have Split into partisans of aristocracy and defenders of royalty Under the complete restored supremacy the schisms would only break out again with more violence through the incompatibility of the existing social state with the old political system The vague assent to its general principles which is yielded in a speculative sense must give way in their application and every practical development must engender further divisions and this is the scientific description of any theory which is incompatible with the facts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
