Peterson's

Social Sciences And Public Policy In Canada:

Law, Social Sciences, and Public Policy Anthony Chin, Alfred Choi, 1998 Professionals and government officials often encounter a variety of legal and public policy questions which have economic sociological political and spatial overtones and implications This volume brings together lawyers and social scientists to discuss pertinent issues from their relevant expertise with the aim of providing new insights into the different training skills and background of law and the social sciences which would in turn contribute to a more symbiotic relationship between the two disciplines to help policy and decision makers be fair and efficient in implementing or advising regulatory and developmental programmes This volume should be a useful reference to policy makers professionals advising the government lawyers and researchers undertaking inter disciplinary studies BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Social Sciences in Canada Donald Fisher, 2006-01-01 The Social Sciences in Canada is about the background and history of the Social Science Federation of Canada in honour of its fifty years of national activity There can be little doubt that during the last fifty years the federation and its predecessors have had a substantial impact on the development of the social sciences in Canada The history of this organization is probably the best barometer that we have for recording the changes that have occurred in the relation between social scientists and Canadian society *Canadian Public Policy* Michael Howlett, 2012-04-30 Studies of public policy in Canada are traditionally narrow focusing on a particular policy area or jurisdiction without giving consideration to the significant procedural commonalities that can be identified across the public policy spectrum Canadian Public Policy provides the first comprehensive theoretically informed empirical evaluation of the development of public policy in Canada It represents the culmination of a fifteen year program of large scale primary research into Canadian policy making by Michael Howlett an internationally recognized public policy expert Each of the chapters investigates one stage of the policy process including agenda setting policy formulation decision making policy implementation and policy evaluation in the Canadian context The volume is book ended by an introductory section setting out the logic of the policy cycle model and a conclusion summarizing the research program and results Investigating how Canadian experiences can inform and contribute to existing policy models this unique volume will be a fixture in the Canadian public policy literature for years to come

Schooling in a Plural Canada John R. Mallea, 1989 This text adopts a case study approach to the analysis of schooling in a plural society It is divided into two parts the first providing a critical review of relevant theory the second focusing on the application of this theory in the Canadian context **PEACE**

STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume XI Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot, 2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a

Social Sciences and Modern States Peter Wagner, 1991-03-28 Modern social sciences have over the past forty years been committed to the improvement of public policy More recently however doubts have arisen about the possibility and desirability of a policy oriented social science In this book leading specialists in the field analyze both the development and failings of policy oriented social science In contrast to other writings on the subject this volume presents a distinctively historical and comparative approach By looking at earlier periods the contributors demonstrate how policy orientation has been central to the emergence and evolution of the social sciences as a form of professional activity Case studies of rarely examined societies such as Poland Brazil and Japan further demonstrate the various ways in which intellectual developments have been shaped by the societal contexts in which they have emerged and how they have taken part in the shaping of these societies

The Encyclopedia of Public Choice Charles Rowley, Friedrich Schneider, 2004-07-06 The Encyclopedia provides a detailed and comprehensive account of the subject known as public choice However the title would not convey sufficiently the breadth of the Encyclopedia's contents which can be summarized better as the fruitful interchange of economics political science and moral philosophy on the basis of an image of man as a purposive and responsible actor who pursues his own objectives as efficiently as possible This fruitful interchange between the fields outlined above existed during the late eighteenth century during the brief period of the Scottish Enlightenment when such great scholars as David Hume Adam Ferguson and Adam Smith contributed to all these fields and more However as intellectual specialization gradually replaced broad based scholarship from the nineteenth century onwards it became increasingly rare to find a scholar making major contributions to more than one Once Alfred Marshall defined economics in neoclassical terms as a narrow positive discipline the link between economics political science and moral philosophy was all but severed and economists redefined their role into that of the humble dentist providing

technical economic information as inputs to improve the performance of impartial benevolent and omniscient governments in their attempts to promote the public interest This indeed was the dominant view within an economics profession that had become besotted by the economics of John Maynard Keynes and Paul Samuelson immediately following the end of the Second World War

Policy Analysis David L. Weimer, Aidan R. Vining, 2015-07-02 Updated in a new 5th edition this book lays a strong conceptual foundation to understanding the rationales of and limitations to public policy It gives practical advice about how to do policy analysis while demonstrating the application of advanced analytical techniques through case study examples *Policy Analysis Concepts and Practices* is a comprehensive accessible and rich introduction to policy analysis for readers in public policy public administration and business programs

Routledge Handbook of Policy Design Michael Howlett, Ishani Mukherjee, 2018-07-17 Uniting theoretical bases and advancements in practice the *Routledge Handbook of Policy Design* brings together leading experts in the academic field of policy design in a pioneering effort of scholarship Each chapter provides a multi topic overview of the state of knowledge on how why where or when policies are designed and how such designs can be improved These experts address how a new emphasis on effective policy design has re emerged in public policy studies in recent years and clarify the role of historical policy decisions policy capacities and government intentions in promoting a design orientation towards policy formulation and policy making more generally They examine many previously unexplored aspects of policy designs and designing activities which focus upon analyzing and improving the sets of policy tools adopted by governments to correct policy problems Ranging from the fundamentals of policy design and its place in greater policy studies to new questions regarding policy design content and effectiveness to contemporary design trends such as the use of digital tools and big data the *Routledge Handbook of Policy Design* is a comprehensive reference for students and scholars of public policy public administration and public management government and business
