Gender, State and Social Power in Contemporary Indonesia Kate O'Shaughnessy, 2009-01-13 This book examines gender state and social power in Indonesia focusing in particular on state regulation of divorce from 1965 to 2005 and its impact on women Indonesia experienced high divorce rates in the 1950s and 1960s followed by a remarkable decline Already falling divorce rates were reinforced by the 1974 Marriage Law which for the first time regulated marriage for both Muslim and non Muslim Indonesians and restricted access to divorce This law defined the roles of men and women in Indonesian society vesting household leadership with husbands and the management of the household with wives Drawing on a wide selection of primary sources including court records legal codes newspaper reports fiction interviews and case studies this book provides a detailed historical account of this period of important social change exploring fully the impact and operation of state regulation of divorce including the New Order government s aims in enacting this legal framework its effects in practice and how it was utilised by citizens both men and women to advance their own agendas It argues that the Marriage Law was a tool of social control enacted by the New Order government in response to the social upheaval and protests experienced in the mid 1970s However it also shows that state power was not hegemonic it was both contested and co opted by citizens with men and women enjoying different degrees of autonomy from the state This book explores all of these issues providing important insights on the nature of the New Order regime social power and gender relations both during the years of its rule and since its collapse

Performing Power Arnout van der Meer, 2021-02-15 Performing Power illuminates how colonial dominance in Indonesia was legitimized maintained negotiated and contested through the everyday staging and public performance of power between the colonizer and colonized Arnout Van der Meer s Performing Power explores what seemingly ordinary interactions reveal about the construction of national racial social religious and gender identities as well as the experience of modernity in colonial Indonesia Through acts of everyday resistance such as speaking a different language withholding deference and changing one s appearance and consumer behavior a new generation of Indonesians contested the hegemonic colonial appropriation of local culture and the racial and gender inequalities that it sustained Over time these relationships of domination and subordination became inverted and by the twentieth century the Javanese used the tropes of Dutch colonial behavior to subvert the administrative hierarchy of the state Thanks to generous funding from the Sustainable History Monograph Pilot and the Mellon Foundation the ebook editions of this book are available as Open Access OA volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other Open Access repositories

Marginality, Power and Social Structure Rutledge M. Dennis, 2005-04-08 The articles in this book are intended to be a much needed corrective to the literature on marginality In the recent past and at present the concept of marginality has been used with little specificity and when used with specificity the delineation of the complex dimensions of the term has been less than satisfactory To illustrate the many ways in which marginality exists and operates in many societies Rutledge Dennis has assembled a rich array of articles designed to highlight the history and evolution of the concept of marginality along with the theorists issues and situations which prompted the use of the term and the issues for which the term is applicable today The very title of the volume comes into play here because though many of the early marginality theorists took the term into the realm of psychology the contributors to this volume who discussed the theory highlighted the social structural foundation of marginality Dennis sought a marriage of theory and research while assembling the articles for this volume For this reason he actively sought papers which used divergent research strategies to uncover the existence of marginality in its various forms and contexts Thus some of the papers utilize ethnographic and life history approaches whereas others use statistical analysis and historical data analysis In addition to theoretical and methodological concerns a major theme for this volume is the combination of both theory and method towards an investigation of issues and problems emanate from the social structure and are closely linked to power and domination **Languages of Sentiment** Gary B. Gender and Power in Indonesian Islam Bianca J. Smith, Mark Woodward, 2013-09-23 The traditional Islamic boarding schools known as pesantren are crucial centres of Muslim learning and culture within Indonesia but their cultural significance has been underexplored This book is the first to explore understandings of gender and Islam in pesantren and Sufi orders in Indonesia By considering these distinct but related Muslim gender cultures in Java Lombok and Aceh the book examines the broader function of pesantren as a force for both redefining existing modes of Muslim subjectivity and cultivating new ones It demonstrates how as Muslim women rise to positions of power and authority in this patriarchal domain they challenge and negotiate normative Muslim patriarchy while establishing their own Muslim authenticity The book goes on to question the comparison of Indonesian Islam with the Arab Middle East challenging the adoption of expatriate and diasporic Middle Eastern Muslim feminist discourses and secular western feminist analyses in Indonesian contexts Based on extensive fieldwork the book explores configurations of female leadership power feminisms and sexuality to reveal multiple Muslim

selves in pesantren and Sufi orders not only as centres of learning but also as social spaces in which the interplay of gender politics status power and piety shape the course of life **Rice Societies** Irene Nørlund, Sven Cederroth, Ingela Gerdin, 1986
