 Hollywood or commercial film and television productions is anything but a new approach and has been something of a
 mainstay in the classroom for nearly a century However purposeful and effective instruction through film is not problem free
 and there are many challenges that accompany classroom applications of Hollywood motion pictures In response to the
 problems and possibilities associated with teaching through film we are developing a collection of practical classroom ready
 lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of
 film in their classrooms We believe that film can serve as a powerful tool in the social studies classroom and where
 appropriately utilized foster critical thinking and civic mindedness The NCSS College Career and Civic Life C3 framework
 represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing We
 believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country the
 desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom
 will grow increasingly acute Our hope is that this edited book might play a small role in the larger project of supporting
 practitioners specifically K 6 teachers of social studies content by offering a collection of classroom ready tools based on the
 Hollywood or History strategy and designed to foster inquiry through the careful use of selected motion pictures and
 television productions Engaging Minds in English Language Arts Classrooms Mary Jo Fresch, 2014-02-05 College and
