Social Support An International View:

Psychology in International Perspective U.P. Gielen, L. Loeb-Adler, N. Milgram, 1992-01-01 *A Global View on Intercultural Management* Jürgen Rothlauf, 2014-12-11 Whatever their industry of origin all companies are facing the same challenge to a greater or lesser degree globalization It is becoming more and more evident that companies need to plan ahead and anticipate coming developments if they are to be successful in the future Today it is crucial to establish a solid competitive position in the global arena There is no doubt that a corporate culture that is open to innovation and shaped by global thinking plays a key role in this context A culture in which representatives of different countries and cultures can come together anticipating and understanding the cultural challenges creates the foundation of any international business A global view on intercultural management will be the key to successfully doing business in diverse cultural environments

Social Networks and Social Support in Childhood and Adolescence Frank Nestmann, Klaus Hurrelmann, 2012-01-02 No detailed description available for Social Networks and Social Support in Childhood and Adolescence *International Handbook of Population Aging* Peter Uhlenberg, 2009-04-29 The International Handbook of Population Aging examines research on a wide array of the profound implications of population aging It demonstrates how the world is changing through population aging and how demography is changing in response to it

Coaching for Performance: Realising the Olympic Dream Sarah Lee, Martin Dixon, Tony Ghaye, 2016-04-29 This book celebrates two important aspects of the London 2012 Olympic and Paralympic Games 1 For those involved in any aspect of Olympism and particularly coaches and athletes London 2012 was about realising dreams achieving success and participating in competitive sport at the highest level This book sets out some of these dreams and the part coaches play in this 2 The book also looks at the notion of coaching for performance and does this from an international and multi sport perspective From interviews with Olympic coaches the experiences of those working in the field of high performance and from applied sport researchers the book uses the metaphor of the coach as alchemist in order to capture the dynamics of coach athlete relationships and performance Sports such as diving swimming gymnastics skiing are included as well as individual and team sports The book is set within the context of elite sport high performance and coaching Its contents illuminate two important kinds of reflective practice a Reflection ON action b Reflection FOR action The style of presentation includes narratives reflective conversations ethnographic work interview analysis and video clips available on line This book was published as a special issue of Reflective Practice

Family Dynamics and Intergenerational Relations Sunil K. Verma, A. Satyanarayana, 2018-01-01 Indian society is at the crossroad between the dynamism of modernization and stability of tradition This is best reflected in the changing nature of intergenerational relations IGR in Indian families The changes have attracted widespread attention from policy makers to public intellectuals with some vociferously opposing the effects of modernity and some supporting the shift as rise of the individual This book is a psychological mapping of interactions and relationships among different generations in terms of

attitudes beliefs values and familial role obligations The integration of psychological anthropological and sociological perspectives enriches the content and provides a holistic view to readers *Society and Health* Benjamin C. Amick,1995

How do some families create more healthful environments for their children How do we explain the health status differences between men and women blacks and whites and different communities or cultures How is stress generated in the workplace What accounts for the persistent social class differences in mortality rates Why do societies experience higher rates of mortality after economic recession Such fundamental questions about the social determinants of health are discussed in depth in this wide ranging and authoritative book Well known contributors from North America and Europe assess the evidence for the diverse ways by which society influences health and provide conceptual frameworks for understanding these relationships The book opens with a broad review of research on the social environment s contribution to health status and then addresses particular social factors the family the community race gender class the economy the workplace and culture The concluding two chapters examine the contribution of medicine to the improved health of Americans and recast the health care policy debate in a broad social policy context Perspectives on the Intersection of Multiculturalism and Positive Psychology Jennifer Teramoto Pedrotti,Lisa M. Edwards,2014-03-24

The volume will be a collection of chapters about current theory research and practice related to multiculturalism and positive psychology This book will serve as a reference to any who are interested in the intersection of positive psychology and multicultural context While many in the field of positive psychology have begun to move more strongly towards a culturally embedded approach that recognizes the importance of context in discussing viewing and cultivating strengths in individuals from different backgrounds there is still a dearth of research in this area compared with studies that take a cross cultural approach comparing people from different countries or one that is purported to be culture free or universal in its application While it is becoming more common to see various articles or chapters published on these topics there is still no comprehensive text aimed at discussion of the collection of these topics presented in a cohesive and structured way This book aims to fill this gap in the literature In this book a broad definition of culture is utilized that includes such facets as race ethnicity socioeconomic or social class status disability religion sexual orientation and gender This book is intended to present research theory and suggestions for practice that are grounded in diverse cultural contexts and current scholarship It will assist researchers students and practitioners who are studying and working within diverse populations Currently there exists no comprehensive text that addresses the intersection of positive psychology and multiculturalism Several edited volumes address positive psychology constructs e g well being optimal experience autonomy across cultures but they do not focus on multicultural populations within the United States Other books focus more specifically on mental health applications and stress and coping among multicultural populations however these books do not provide a broad perspective on psychology beyond this application piece The proposed book will review current theory and research about constructs in addition to applications across contexts Finally

other published books have focused on youth within multicultural society this volume is more broad in its address of issues of positive psychology across the lifespan and across various aspects of identity including disability gender social class and sexual orientation **Social Support of Young People in and after Residential Care: Is Someone There for You?**

Eunice Magalhães, Shalhevet Attar-Schwartz, 2025-05-21 Decades of research highlight the protective role of strong positive and secure relationships for children and young people at risk both in the community and in out of home care This volume offers an in depth exploration of social support among young people in residential care and after leaving care emphasizing its role in their well being Drawing on research from Australia Brazil Canada Ghana India Ireland Israel Norway the Netherlands Portugal Spain and the United States the contributions in this collection focus on the residential care setting while offering insights relevant to other out of home care contexts such as foster care and educational residential facilities Academics and professionals working in social work education child protection and child psychology will find this book a valuable resource Human Rights and Social Justice in a Global Perspective Susan C. Mapp, 2020-07-31 In this book Susan C Mapp uses the human rights approach to explain the variety of social issues that occur around the world and what social workers can learn from these unexpected changes around the globe Proceeding of International Conference-VAYASTHAPANAM-2021 Parul Institute of Ayurved, Parul University, Vadodara, Gujarat, 2021-11-18 *Transnational Social Support* Adrienne Chambon, Wolfgang Schröer, Cornelia Schweppe, 2013-06-17 In the context of ever increasing globalization transnational systems of support have emerged in response to the needs of transnational families labour forces and the communities within which they are located This volume will be the first to systematically address transnational support research from a theoretical and empirical perspective making the concept of transnationality part of the core knowledge structure of social work *The Handbook of Group Communication Theory and Research* Lawrence R.
