Philip, James Wallace McCulloch, N.J. Smith, 1975 Library of Congress Catalogs Library of Congress, 1977 **Methods of Social Research** Margaret Stacey, 2013-10-22 Methods of Social Research provides an introduction to the procedures of social research This book shows that sample surveys are only one approach among many of undertaking social research Organized into nine chapters this book begins with an overview of the various methods of social investigation concerning those that increase the knowledge of the facts of social life This text then explains the main reasons for doing research including solving a practical problem and determining how something works just because it is interesting to know Other chapters consider the method of observation utilized in the social sciences that fall into two main groups namely participant and non participant This book discusses as well the importance of sample survey in gathering information about a particular population either on a simple matter of fact or religious or political allegiance The final chapter considers several problems involved in designing and asking questions Social scientists will find this book useful Experimental Methods for Social Policy Research George W. Fairweather, Louis G. Tornatzky, 2013-10-22 Experimental Methods for Social Policy Research explains how experimental methods can be used in social policy research to help solve contemporary human problems and to preserve and improve the world's physical and social climates This book argues that scientists can make a major contribution to the solution of social problems by aiding the society in incorporating scientific methods into the social decision making process Two principal methods required for solving social problems are highlighted methods for evaluating social models aimed at solving particular problems and methods for disseminating those models that are beneficial to the state the region and the nation This book is comprised of 14 chapters and begins with the argument that contemporary social policy decision making is inadequate for the late 20th and 21st centuries It then defines the basic ingredients for an adequate social policy decision making apparatus and explains

how it can be accomplished The next chapter outlines the basic parameters of social models and dissemination processes from a conceptual point of view The remaining chapters describe general experimental procedures from the inception of the ideas to the implementation of social models found to be beneficial The final chapter is reserved for a discussion of a proposed center for experimental social innovation that would provide research and training This monograph will be a valuable resource for social scientists and researchers as well as social policymakers public officials and citizens who are committed to the improvement of living conditions for all members of society
