# Social Mobility In Europe

**Council of Europe**

## **Social Mobility In Europe:**

*Social Mobility in Europe* Richard Breen, 2004-11-25 Social Mobility in Europe is the most comprehensive study to date of trends in intergenerational social mobility. It uses data from 11 European countries covering the last 30 years of the twentieth century to analyze differences between countries and changes through time. The findings call into question several long standing views about social mobility. We find a growing similarity between countries in their class structures and rates of absolute mobility. In other words, the countries of Europe are now more alike in their flows between class origins and destinations than they were thirty years ago. However, differences between countries in social fluidity—that is, the relative chances between people of different class origins of being found in given class destinations—show no reduction, and so there is no evidence supporting theories of modernization which predict such convergence. Our results also contradict the long standing Featherman-Jones-Hauser hypothesis of a basic similarity in social fluidity in all industrial societies with a market economy and a nuclear family system. There are considerable differences between countries like Israel and Sweden where societal openness is very marked, and Italy, France, and Germany where social fluidity rates are low. Similarly, there is a substantial difference between, for example, the Netherlands in the 1970s which was quite closed, and in the 1990s when it ranks among the most open societies. Mobility tables reflect many underlying processes, and this makes it difficult to explain mobility and fluidity or to provide policy prescriptions. Nevertheless, those countries in which fluidity increased over the last decades of the twentieth century had not only succeeded in reducing class inequalities in educational attainment but had also restricted the degree to which, among people with the same level of education, class background affected their chances of gaining access to better class destinations. **Social Mobility in the 19th and 20th Centuries** Hartmut Kaelble, 1985

*Building European Society* Andrew Miles, David Vincent, 1993 **Fostering Social Mobility As a Contribution to Social Cohesion** Council of Europe, 2013-01-01 The European Committee for Social Cohesion (CDCS) is the intergovernmental body of the Council of Europe addressing social issues at the level of its 47 member states. This publication includes the Recommendation on fostering social mobility as a contribution to social cohesion. Page 8 **New**

**Social Mobility** Jens Schneider, Maurice Crul, Andreas Pott, 2022-06-28 This open access book comparatively analyses intergenerational social mobility in immigrant families in Europe. It is based on qualitative in-depth research into several hundred biographies and professional trajectories of young people with an immigrant working class background who made it into high prestige professions. The biographies were collected and analysed by a consortium of researchers in nine European countries from Norway to Spain. Through these analyses, the book explores the possibilities of cross-country comparisons of how trajectories are related to different institutional arrangements at the national and local level. The analysis uncovers the interaction effects between structural institutional settings and specific individual achievements and family backgrounds, and how these individuals responded to and navigated successfully through sector-specific pathways into high skilled professions.

such as becoming a lawyer or a teacher By this it also explains why these trajectories of professional success and upward mobility have been so exceptional in the second generation of working class origins and it tells us a lot also about exclusion mechanisms that marked the school and professional careers of children of immigrants who went to school in the 1970s to 2000s in Europe and still do **Social Mobility in Europe [electronic Resource.]** Richard Breen,2004 **Education**

**and Intergenerational Social Mobility in Europe and the United States** Richard Breen,Walter Müller,2020

*Historical Research on Social Mobility* Hartmut Kaelble,2025-08 First published in English in 1981 Historical Research on Social Mobility treats a central area of social history the history of social mobility It provides a unique guide to the wide range of research in this area that is carried out by many specialists of varying disciplines within social science Concentrating on Western Europe and the USA during the nineteenth and twentieth centuries the book considers four topics changes in the occupational and social opportunities of the working class the inequality of educational opportunity shifts in the recruitment of business elites and changes in the social origins of the political elites Illustrating concrete results of research into the history of social mobility the volume also points to both the advances and shortcomings in this relatively new area Incorporating an extensive bibliography the book provides an invaluable stimulus for further reading and investigation

**Social Mobility in the EU** Anna Ludwinek,Fondation européenne pour l'amélioration des conditions de vie et de travail,Robert Anderson,Daphne Ahrendt,Jean-Marie Jungblut,Tadas Leončikas,2017 **Liberal Reflections on Life**

**Chances and Social Mobility in Europe** Ingemund Hägg,Alasdair Murray,2010 **Social Mobility in the 20th Century**

Florian R. Hertel,2016-08-09 Based on a novel class scheme and a unique compilation of German and American data this book reveals that intergenerational class mobility increased over most of the past century While country differences in intergenerational mobility are surprisingly small gender regional racial and ethnic differences were initially large but declined over time At the end of the 20th century however mobility prospects turned to the worse in both countries In light of these findings the book develops a narrative account of historical socio political developments that are likely to have driven the basic resemblances across countries but also account for the initial decline and the more recent increase in intergenerational inequality

**Historical Research on Social Mobility** Hartmut Kaelble,1981 **Handbook of European Societies** Stefan Immerfall,2009 European integration is one of the most ambitious and socially far reaching developments in world politics and in world economics Against growing opposition and despite increasing social heterogeneity the European Union continues to expand and to acquire new competences But to what extent is the self proclaimed ever closer union among the peoples of Europe a social reality In which ways is the political European project anchored in social developments How does social change impinge upon political integration Societal trends in multi cultural multi ethnic multi lingual and socially diverse Europe have never been studied systematically Handbook of European Societies Social Transformations in the 21st Century sets to rectify this neglect of societal developments in Europe providing

a groundwork for the sociology of European integration The book portrays social life and social relations in the enlarged Europe and gives a perspective on the European Union as an evolving social entity Handbook of European Societies is a pioneering source book analyzing the current social patterns on the continent It covers a representative selection of major topics of social concern and sociological relevance such as Collective Action Consumption Identity Power Structure Sexuality Stratification and Well being Each contribution probes key developments in a strictly comparative manner The Handbook thus offers a detailed look into the intricacies of the national societies of Europe and into the prospect of an emerging European society The Editors have enlisted leading researchers to synthesize existing knowledge and to make use of many different data sources in a straight forward style The contributions stay away from jargon simple labeling and sweeping assertions Instead they provide solid and accessible information on a wide variety of social trends and processes within and across European societies

**The Globalisation Challenge for European Higher Education** Zgaga Pavel,Teichler Ulrich,Brennan John,2013-07-26 The last decade has marked the European higher education with a particular dynamics Today after a decade of a concerted policy national systems look much more convergent but new questions and dilemmas are emerging about its nature and quality about real impact of recent reforms in different countries as well as about its future The book examines the impact of Europe wide and global developments on national higher education systems The authors try in particular to upfront issues of convergence and diversity of equity and of the relationship of centres and peripheries in higher education The book is an outcome of research collaboration between six institutes which developed a EuroHESC research proposal on the consequences of expanded and differentiated higher education systems European Societies

Mau, Steffen,Verwiebe, Roland,2010-10-08 This title looks at the European model in historical perspective commonalities and intra European exchange and characteristics of the European social structure

**Sociology of the European Union** Adrian Favell,Virginie Guiraudon,2017-09-16 Sociology of the European Union examines how core sociological theories concepts and methods can be applied to the study of the EU Carefully integrating theory and empirical research the book Explores key concepts in European studies such as Europeanization integration and transnationalism Assesses the social foundations of Europe from class and citizenship to mobility and culture Includes contributions by internationally renowned names in political economic and cultural sociology Contains a postface from George Ross one of the leading figures in contemporary European Studies This thought provoking book opens up new questions and debates whilst introducing readers to essential ideas and cutting edge research It is invaluable reading for students of Sociology European Studies Politics and International Relations

*The Petite Bourgeoisie in Europe 1780-1914* Geoffrey Crossick,Heinz-Gerhard Haupt,2021-02-25 First published in 1995 Geoffrey Crossick and Heinz Gerhard Haupt provide a major overview of the social economic cultural and political development of the petite bourgeoisie in eighteenth nineteenth and early twentieth century Europe Through comparative analysis the authors examine issues such as the centrality of small enterprise to industrial change the

importance of family and locality to the petit bourgeois world the search for stability and status and the associated political move to the right This title will be of interest to students of history      The Global Lives of German Migrants Marcel Erlinghagen,Andreas Ette,Norbert F. Schneider,Nils Witte,2021-04-29 Based on the German case this open access book highlights the increasing flows of migration and the internationalisation of individual life courses It analyses the experiences of migration across four central domains employment and income partners and families health and wellbeing as well as friends and social participation which potentially have far reaching consequences for social inequalities and life chances The book showcases results from an innovative probability sample that is representative of German emigrants who recently moved abroad and remigrants who recently returned from abroad and compares their international experiences with the sedentary population in Germany Stays abroad whether temporary or permanently have become the new normal for increasing numbers of people from highly developed welfare states Unnoticed from mainstream migration studies these countries are today not only major immigration countries but also important sources of international mobility By providing an empirically founded prism of the global lives of German migrants this book is a valuable resource for students and researchers of migration social inequality and the life course and provides practitioners with insights into these regularly overlooked aspects of international migration      Research Handbook on Intergenerational Inequality Elina Kilpi-Jakonen,Jo Blanden,Jani Erola,Lindsey Macmillan,2024-05-02 The Research Handbook on Intergenerational Inequality is motivated by a core question in social science to what extent does one s family background and childhood experience predict success in life Bringing together experts in their respective fields from across the globe this innovative Research Handbook provides a comprehensive multidisciplinary account of the rich research on intergenerational inequality focusing on its origins in sociology and economics This title contains one or more Open Access chapters      *European Modernity and Beyond* Göran Therborn,1995-03-06 In this book one of Europe s foremost sociologists offers a profound and accessible overview of the trajectory of European societies East and West since the end of World War II Combining theoretical depth with factual analysis G ran Therborn addresses the questions that underpin an understanding of the nature of European modernity including To what extent is the period 1945 2000 producing fundamental change and what are the areas of continuity Have the societies of Europe become more similar to others on the globe or more distinctively European What are the prospects of Europe after decades of postwar change and the end of the Cold War Issues covered include the division of paid and unpaid labour patterns of rights in different social spheres the development of mass consumption the evolution of risks the spatial range of economic and cultural change collective memory and identities the geography of happiness and modes of collective action The author relates these issues to the two great social steering projects of the period socialism in the East and the European Union in the West

## The Enigmatic Realm of **Social Mobility In Europe**: Unleashing the Language is Inner Magic
