Social Movements And Cultural Change The First Abolition Campaign Revisited

Megan Ming Francis

Social Movements And Cultural Change The First Abolition Campaign Revisited:

Social Movements and Cultural Change Leo D'Anjou, 1996 In the half decade between 1787 and 1792 thanks to the work of the Abolition Committee in Britain a vast change occurred in the way slavery and the slave trade were defined Previously seen as necessary evils they were seen after 1792 as gross injustices and evils that had to disappear The present volume uses the abolition movement to show how social movements produce and change meanings and thus bring about cultural change D Anjou s analytical strategy has two aspects It distinguishes the social movement as whole from its component elements and separates its organizational context from other historical developments the historical context In adopting this strategy collective campaigns are studied as instances of contentious actions that depend on antecedent developments and of characteristics that are central in explaining the effect of those actions on the culture of a society Devising a tentative model from existing empirical research on social movements the author tests that model against the results of his case study The resulting conceptual model as refined may be used as an instrument in further research on movements and the construction of meaning This evolved model is built around three notions history agency and the collective campaign resulting in a public discourse When as happened in abolition the views of the actors prevail in the public discourse cultural change occurs

Social Movements and Cultural Change Leo d'Anjou, As a result of the efforts of the Abolition Committee in Great Britain in the half decade between 1787 and 1792 slavery and the slave trade previously accepted as necessary evils were perceived as gross injustices and evils to be eradicated This volume examines that first abolition movement in order to show how social movements produce and alter meanings thus bringing about cultural change

Methodological Practices in Social Movement Research Donatella Della Porta, 2014 Social movement studies have grown enormously in the last few decades spreading from sociology and political science to other fields of knowledge as varied as geography history anthropology psychology economics law and others With the growing interest in the field there has been also an increasing need for methodological guidance for empirical research This volume aims at addressing this need by introducing main methods of data collection and data analysis as they have been used in past research on social movements The book emphasises a practical approach presenting in each chapter specific discussions on the main steps of research using a certain method from research design to data collection and the use of information In doing so dilemmas and choices are presented and illustrated within chapters following the same systemic approach

Social Movements Donatella della Porta, Mario Diani, 2009-02-09 Social Movements is a comprehensive introduction and critical analysis of collective action in society today In this new edition the authors have updated all chapters with the most recent scientific literature expanded on topics such as individual motivations new media public policies and governance Draws on research and empirical work across the social sciences to address the key questions in this international field New edition expands on topics such as individual motivations new media public policies and governance Has been redesigned in a more user friendly format

Civil Rights and the

Making of the Modern American State Megan Ming Francis, 2014-04-21 This book extends what we know about the development of civil rights and the role of the NAACP in American politics Through a sweeping archival analysis of the NAACP's battle against lynching and mob violence from 1909 to 1923 this book examines how the NAACP raised public awareness won over American presidents secured the support of Congress and won a landmark criminal procedure case in front of the Supreme Court

The Israeli Settler Movement Sivan Hirsch-Hoefler, Cas Mudde, 2020-12-03 The first systematic analysis and explanation of the political success of the Israeli settler movement Based on a comprehensive original theoretical framework and rich empirical analysis this book provides key new insights for the study of both Israeli politics and social movements in general

[Social Networks and Social Movements](#) Nick Crossley, 2016-03-22 The concept of networks and the techniques of social network analysis have each assumed increasing importance in social science in recent years not least in relation to the analysis of collective action and particularly social movements This timely collection offers a fascinating glimpse into the state of the art Each chapter uses network analysis to tackle a different question regarding the nature and dynamics of social movement activity and each reflects upon the advantages and limitations of the method for its purposes The case studies focused upon are drawn from a variety of national contexts both contemporary and historical and both the methods used and the uses to which they are put are no less diverse A must have book for anybody interested in social movement networks and contemporary ways of analysing them This book was published as a special issue of *Social Movement Studies*

Debating the Slave Trade Srividhya Swaminathan, 2016-05-13 How did the arguments developed in the debate to abolish the slave trade help to construct a British national identity and character in the late eighteenth century Srividhya Swaminathan examines books pamphlets and literary works to trace the changes in rhetorical strategies utilized by both sides of the abolitionist debate Framing them as competing narratives engaged in defining the nature of the Briton Swaminathan reads the arguments of pro and anti abolitionists as a series of dialogues among diverse groups at the center and peripheries of the empire Arguing that neither side emerged triumphant Swaminathan suggests that the Briton who emerged from these debates represented a synthesis of arguments and that the debates to abolish the slave trade are marked by rhetorical transformations defining the image of the Briton as one that led naturally to nineteenth century imperialism and a sense of global superiority Because the slave trade debates were waged openly in print rather than behind the closed doors of Parliament they exerted a singular influence on the British public At their height between 1788 and 1793 publications numbered in the hundreds spanned every genre and circulated throughout the empire Among the voices represented are writers from both sides of the Atlantic in dialogue with one another such as key African authors like Ignatius Sancho Phillis Wheatley and Olaudah Equiano West India planters and merchants and Quaker activist Anthony Benezet Throughout Swaminathan offers fresh and nuanced readings that eschew the view that the abolition of the slave trade was inevitable or that the ultimate defeat of pro slavery advocates was absolute

Social Movements, 1768-2004

Charles Tilly, 2019-01-22 Westerners invented social movements during the 18th century but after that social movements became vehicles of popular politics across the world By locating social movements in history prize winning social scientist Charles Tilly provides rich and often surprising insights into the origins of contemporary social movement practices relations of social movements to democratization and likely futures for social movements **Social Movements** Savyasaachi, Ravi Kumar, 2017-09-19 This volume attempts to show the emerging contours of transformative action in social movements across South Asia It argues that these contours have been shaped by contestations over questions of equity justice and well being on the one hand and the nature and scope of new and classical social movements on the other This is manifest in diverse modes through people s struggles protest and dissent The authors examine a variety of themes that have determined the course of the politics of transformative struggles They critique neoliberalism primitive accumulation money class inequalities as well as aspects of capital labour conflict They highlight the contributions of movements by women dalit and marginalized communities peace movements and environmental and agrarian struggles The volume also appraises the role of internet in grassroots mobilizations and that of civil society networks in the making of participatory democracy It further argues that the predicaments of cultural ethnic national regional and linguistic identities are not divorced from capital labour conflicts The book will serve as essential reading for students and scholars of sociology social movements politics gender and feminist studies labour studies and the informed general reader **Apartheid and Fragmented Protest in Contemporary Southern Africa** Cuthbeth Tagwirei, 2025-09-26 Apartheid and Fragmented Protest in Contemporary Southern Africa examines protest movements through the lens of Apartheid Studies the first general theory of apartheid which explores how oppression harm injustice poverty loss and inequality persist The book argues that apartheid which breaks the world of the oppressed into fragments fomenting diverse experiences of oppression among its victims frames the nature and course of protests by making them subject to its fragmentation Protest is thus redefined as good neighbourly and demoted on account of its symbiotic relationship to apartheid It is observed that the proliferation of protests does not preclude the persistence of apartheid Rather protest and apartheid are seen to be compatible By examining protest hashtags on X from South Africa and Zimbabwe the book explores and identifies the forms relations meanings trajectories and effects protests take evoke and embody as fragments subsisting in a fractured apartheid universe It demonstrates how and why life goes on amidst protest sheds light on the contradictions paradoxes and complexities that characterise protest movements and invites conversations around protest as a paradigm in the context of apartheid The book will be of interest to researchers across the fields of social movements protests sociology African Studies and communication and media studies **Social Movements, 1768-2008** Charles Tilly, Lesley J. Wood, 2020-04-30 This expanded second edition of Tilly s widely acclaimed 2004 book brings this analytical history of social movements fully up to date Tilly and Wood cover such recent topics as immigrants rights new media technologies anti Olympic organizing in China new mobilizations against the Iraq War and the role of bloggers and

Facebook in social movement activities Coverage of these and other recent events serve to expand further the book's seminal theorizing and conceptualization of how social movements grew from eighteenth century Europe to eventually fuel popular movements all over the world

The Establishment Responds K. Fahlenbrach, M. Klimke, J. Scharloth, L. Wong, 2012-01-02 This volume fills this gap by examining the many ways in which political parties the business world foreign policymakers and the intelligence community experienced confronted and even actively contributed to domestic and transnational forms of dissent

From Contention to Democracy Marco Giugni, Doug McAdam, Charles Tilly, 1998 From Contention to Democracy addresses a crucial aspect of contemporary societies the role of social movements for political and social change The volume gathers together essays written by prominent social theorists who have been asked to reflect on the relationship between movements and processes of social political and cultural change Three broad types of movement change nexus are distinguished and discussed incorporation transformation and democratization The chapters in this book all point to the place of social movements in relation to these three processes of change while discussing the history and well known events of social movements Individual occurrences such as the protest of French students in 1968 or Chilean shantytown dwellers are examined The final essay looks ahead wondering what is the future of social movements

Social Movements, 1768 - 2012 Charles Tilly, Lesley J. Wood, 2015-12-22 The updated and expanded third edition of Tilly's widely acclaimed book brings this analytical history of social movements fully up to date Tilly and Wood cover such recent topics as the economic crisis and related protest actions around the globe while maintaining their attention to perennially important issues such as immigrants rights new media technologies and the role of bloggers and Facebook in social movement activities With new coverage of colonialism and its impact on movement formation as well as coverage and analysis of the 2011 Arab Spring this new edition of Social Movements adds more historical depth while capturing a new cycle of contention today New to the Third Edition Expanded discussion of the Facebook revolution and the significance of new technologies for social movements Analysis of current struggles including the Arab Spring and pro democracy movements in Egypt and Tunisia Arizona's pro and anti immigration movements the Tea Party and the movement inspired by Occupy Wall Street Expanded discussion of the way the emergence of capitalism affected the emergence of the social movement

Social Movements, 1768 - 2018 Charles Tilly, Ernesto Castañeda, Lesley J. Wood, 2019-07-24 Social Movements 1768 2018 provides the most comprehensive historical account of the birth and spread of social movements Renowned social scientist Charles Tilly applies his synthetic theoretical skills to explain the evolution of social movements across time and space in an accessible manner full of historical vignettes and examples Tilly explains why social movements are but a type of contentious politics to decrease categorical inequalities Questions addressed include what are the implications of globalization and new technologies for social movements and what are the prospects for social movements The overall argument includes data from mobilizations in England Switzerland Czechoslovakia Russia China India Argentina Chile Cuba Mexico Egypt Tunisia Iran

Iraq and Kazakhstan This new edition has been fully updated and revised with young researchers and students in mind New case studies focus on social movements in Mexico Spain and the United States including Black Lives Matter immigrants rights struggles The Indignados the Catalan movement for independence YoSoy132 Ayotzinapa43 mass incarceration and prisoner rights and more Timelines are included to familiarise the reader with the events discussed and discussion questions are framed to increase understanding of the implications limits and importance of historical and ongoing social movements

The Shariatisation of Indonesia Syafiq Hasyim, 2023-01-09 This book is a succinct and critical account on the shariatisation of Indonesia the largest Muslim country in the world It is the first book in English to uncover and explain the shariatisation of Indonesia in a comprehensive way With the abundant primary and secondary sources this book is a reference for other scholars who conduct research on the inclusion of sharia into legal and public sphere of Indonesia It comes with an important conclusion that the change of such a non theocratic state like Indonesia into a theocratic state is highly possible when its law is penetrated by those who want to change the state system **Organising for Change** Silke Roth, Clare Saunders, 2025-02-11 Based on decades of research this book explores global social change processes through the concepts of social change organisations SCOs and social change makers SCMs the individuals working within and alongside SCOs The book delves into a vast array of compelling social justice issues from tackling inequality to championing human rights bridging the realms of social movement and third sector research Inspiring and empowering this is essential reading for scholars students NGOs and activists alike Struggles Before Brown Jean Van Delinder, 2015-11-17 There were many little known challenges to racial segregation before the landmark Supreme Court decision in Brown v Board of Education 1954 The author's oral history interviews highlight civil rights protests seldom considered significant but that help us understand the beginnings of the civil rights struggle before it became a mass movement She brings to light many important but largely forgotten events such as the often overlooked 1950s Oklahoma sit in protests that provided a model for the better known Greensboro North Carolina sit ins This book's significance lies in its challenge to perspectives that dominate scholarship on the civil rights movement The broader concepts illustrated including agency culture social structure and situations throughout this book open up substantially more of the complexity of the civil rights struggle This book employs a methodology for analyzing not just the civil rights movement but other social movements and indeed social change in general

Humanitarian Intervention and Changing Labor Relations, 2010-12-17 In 1807 the British Act for the Abolition of the Slave Trade received the Royal Assent The Act represented the first significant attempt by a Great Power to exert global influence over the development of human rights and relatedly labor conditions worldwide The essays presented in this book by an international panel of historians and social scientists aim to shed light specifically on the changes which the legal abolition of the slave trade brought about directly and indirectly in the labor relations of different regions and continents The sixteen essays discuss the connected developments in the Americas Brazil the Caribbean and the United States Africa

Cameroon the Cape Colony the Belgian Congo and the Netherlands Indies Java

Eventually, you will entirely discover a new experience and attainment by spending more cash. still when? accomplish you say you will that you require to get those every needs following having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to comprehend even more on the subject of the globe, experience, some places, behind history, amusement, and a lot more?
