Social Movements And Protest In France:

Social Movements and Protest in France Philip G. Cerny, 1982 **Social Movements and Protest in France** Philip G. Cerny, 1982 **Social Movements and Protest Politics** Greg Martin, 2023-12-22 This fully revised and updated edition of **Social Movements and Protest Politics** provides interdisciplinary perspectives on the sociology of protest movements It considers major theories and concepts which are presented in a clear accessible and engaging format The second edition contains new chapters on methods and ethics of social movement research and legal mobilisation protest policing and criminal justice activism including calls to abolish or defund police made at protests during the COVID 19 pandemic This edition introduces readers to the concept of the post protest society wherein the right to protest is whittled away to near vanishing point and authorities have considerable legal recourse to ban protests and render the tactics of protest movements ineffective The book also looks at recent developments and novel social movements including Black Lives Matter Extinction Rebellion Gilets Jaunes MeToo and Hong Kong s Umbrella Movement as well as the rise of contemporary forms of populism in democratic societies The book presents specific chapters outlining the early origins of social movement studies and more recent theoretical and conceptual developments It considers key ideas from resource mobilisation theory the political process model and new social movement approaches It provides extensive commentary on the role of culture in social protest including visual images emotions storytelling music and sport religious movements geography and struggles over space media and movements and global activism Historical and contemporary case studies and examples from a variety of countries are provided throughout including the American civil rights movement Greenpeace Pussy Riot Indigenous peoples movements liberation theology Indignados Occupy Tea Party and Arab Spring Each chapter also contains illustrations and boxed case studies to demonstrate the issues under discussion **Social Movements and Protest Politics** will be an indispensable resource for undergraduate and postgraduate students in the social sciences and humanities wanting to be introduced to or extend their knowledge of the field The book will also prove useful to university teachers and academic researchers activists and practitioners interested in the study of social cultural and political protest **Social Movements in France** S. Waters, 2003-07-24 Contemporary France has witnessed a rise of new forms of social movement mobilising around new causes and articulating changing demands Sarah Waters examines the new generation of movements in the last decade from anti racism and the movement of the unemployed to solidarity or the associations of the Sans She argues that emerging movements share a profoundly civic dimension these are movements about rights and are concerned with who has rights and what those rights are They manifest a desire to reinvent citizenship in the present day in relation to a new set of social struggles and conflicts **Prisoners of Want: The Experience and Protest of the Unemployed in France, 1921-45** Matt Perry, 2017-11-30 **Prisoners of Want** examines the experience of the unemployed and their protests in France in the interwar years Little has been written on the experience of unemployment in France despite the wealth of material social and medical

investigations government reports novels memoirs and newspapers that can be used to reconstruct the representation and reality of the experience Assessing the impact of unemployed protest upon the authorities in terms of policy and the longer term development of the welfare state this book places the role of the unemployed in the wider context of European social movements in the 1930s as well as considering the significance of unemployed protests upon the French collective memory The part played by the French Communist Party in the creation and leadership of the movements of the unemployed and the range of activities these movements undertook is also explored From self help to protests hunger marches demonstrations relief work school strikes town hall occupations and riots all were strategies that the unemployed utilised to draw attention to their plight Crucial to explaining the characteristics of these movements is an understanding of the dynamics of protest and how different tactics were selected during their development particularly the extent to which tactical shifts were related to the nature of the response of the authorities By exploring these under researched facets of political life a much fuller understanding of French society during the turbulent interwar years is offered

Catholicism and the Welfare State in Secular France Fabio Bolzonar,2023-10-02 Even though the policy impact of Catholicism has increasingly been acknowledged existing scholarship lacks a coherent view on its changing influence over time and in different political contexts In this book Fabio Bolzonar investigates the influence of Catholicism on developments in French social protection from World War II to the mid 2010s He discusses the factors that have favoured or inhibited it and explores the hybridization between Catholic values and secular principles in the social engagement of Catholic actors in secular France By doing so this multidisciplinary study integrates current scholarship which has given limited attention to the changing patterns of Catholic involvement in the social policy domain over a long period of time and the renewed influence of Catholic values in secularized societies Catholic mobilization has relocated from the political to the civil society sphere making voluntary organizations and social movements rather than political parties the main channels for defending Catholic values in secular France Rather than

marginalizing Catholicism this process has opened up new opportunities for Catholic actors and values to play a significant role in society and politics Bolzonar identifies two divergent scenarios that define Catholic social engagement in contemporary France either the strengthening of new forms of institutional collaboration between Catholic inspired philanthropic organizations and public administrations in the interest of socially vulnerable citizens or the emergence of new ideological conflicts on gender and sexuality related issues

Environmental Protest and the State in France G.

Hayes,2002-09-19 This book discusses the issues and strategies which have characterized the environmental campaigns mounted against recent controversial infrastructure projects in France Focusing on the changing nature of policymaking in the Fifth Republic as a key factor in the organization of each protest Graeme Hayes asks why some protests succeed where others fail and how we should understand the relationship between states and social movements in general

Social

Movement Studies in Europe Olivier Fillieule,Guya Accornero,2016-03-01 Bringing together over forty established and emerging scholars this landmark volume is the first to comprehensively examine the evolution and current practice of social movement studies in a specifically European context While its first half offers comparative approaches to an array of significant issues and movements its second half assembles focused national studies that include most major European states Throughout these contributions are guided by a shared set of historical and social scientific questions with a particular emphasis on political sociology thus offering a bold and uncommonly unified survey that will be essential for scholars and students of European social movements

Social Movements in a Globalising World Hanspeter Kriesi,Dieter

Rucht,2016-07-27 The growing interdependence on a global scale which characterizes the human condition at the turn of the century constitutes a challenge for both the mobilization of social movements and social movement theory The present volume makes an attempt to adjust the perspective of the political process approach to a world in which political opportunities mobilizing structures framing processes and collective action of social movements are no longer confined to national political contexts

Advances in the Visual Analysis of Social Movements Nicole Doerr,Alice Mattoni,Simon

Teune,2013-03-14 This special issue is a key text in the current study of social movements It introduces new analytical concepts for understanding visuals in social movements and examines case studies from across the globe such as analysis of the symbols used in the Egyptian uprising and contested images from anti surveillance protests in Europe

Research in Social Movements, Conflicts and Change Patrick G. Coy,2010-03-05 Research in Social Movements Conflicts and Change showcases deeply empirical and often multi method research by senior and junior scholars alike Comparative analysis and qualitative case studies push into new territories in this illuminating and important research which seeks to define and advance the multiple fields reflected in the series title

Employment and Citizenship in Britain and France John

Edwards,Jean-Paul Revauger,2018-02-06 This title was first published in 2000 One of the most significant features to emerge in the world of work during the past decade has been the change from long term employment often with one employer to a

pattern of short term flexible working arrangements involving short term contracts frequent spells of unemployment rapid movement into and out of employment and greater labour mobility This text examines the social and economic consequences of this employment flexibility The book derives from the 2nd Anglo French Conference on the Transferability of Social Policy held in 1998 which focused on the problems created by employment flexibility and the appropriate policy responses it also presents commentaries on the consequences of flexibility in Britain and France It brings together British and French perspectives on such policy questions as the impact on families and their ability to plan in an atmosphere of economic insecurity the manner in which French and British welfare systems are adapting the impact on citizens rights the need in both countries to make pension arrangements more adaptable and the potential for a European citizenship approach to the problem

Methods of Social Movement Research Bert Klandermans, Suzanne Staggenborg, 2002 Citing the critical importance of empirical work to social movement research the editors of this volume have put together the first systematic overview of the major methods used by social movement theorists Original chapters cover the range of techniques surveys formal models discourse analysis in depth interviews participant observation case studies network analysis historical methods protest event analysis macro organizational analysis and comparative politics Each chapter includes a methodological discussion examples of studies employing the method an examination of its strengths and weaknesses and practical guidelines for its application

Political Participation in France and Germany Oscar W Gabriel, Silke I Keil, Eric Kerrouche, 2013-07-01 How do France and Germany compare in the world of participatory political communities This volume sets out an impressive historical theoretical and institutional framework for a comprehensive comparative and empirical analysis of the forms patterns trends and determinants of citizen participation in two of Europe's largest democracies Written by an international team of political scientists it starts with an outline of the participatory traditions in both countries before turning to the theoretical foundations of empirical research regarding the role of political participation in modern democracies It provides an overview of how the perception of political participation has changed over the years and the forms of both conventional participation particularly with regard to electoral participation and unconventional participation like protest and other new forms of citizen involvement are analysed in detail Exploring new approaches in participation research social participation is seen as not just correlating with political participation but as a specific form of civic engagement in itself A broad range of activities such as electoral and party related participation political protest participation in voluntary associations voting in referenda and taking part in dialogue orientated participatory activities is examined and the analysis identifies which societal institutional and cultural factors account for the differences and similarities between the two countries

East Asian Social Movements Jeffrey Broadbent, Vicky Brockman, 2011-01-07 In the study of civil society and social movements most cases are based in Western Europe and North America These two areas of the world have similar histories and political ideals and structures in common which in turn affect the structure of its civil

society In studying civil society in Asia a different understanding of history politics and society is needed The region's long traditions of centralized authoritarian states buttressed by Confucian and in some cases Communist ideologies may render this concept irrelevant The chapters in this international volume cover most of the areas and countries traditionally defined as belonging to East Asia Japan Taiwan South Korea Hong Kong Singapore and China The case studies included in this volume confront the utility of using the Western concept of civil society represented in its most active form social movements to think about East Asia popular politics Along with providing an array of important case studies of social movements in East Asia the introduction chapters and conclusion in the book take up three major theoretical questions the effect of the East Asian cultural social and institutional context upon the mobilization activities and outcomes of social movements in that region the role of social movements in larger transformative processes utility of Western social movement concepts in explaining social movements in East Asia This book will be of interest to two major groups of readers those who study East Asia and those who pursue social movements and civil society as well as politics more generally

Handbook of European Societies Stefan Immerfall, 2009 European integration is one of the most ambitious and socially far reaching developments in world politics and in world economics Against growing opposition and despite increasing social heterogeneity the European Union continues to expand and to acquire new competences But to what extent is the self proclaimed ever closer union among the peoples of Europe a social reality In which ways is the political European project anchored in social developments How does social change impinge upon political integration Societal trends in multi cultural multi ethnic multi lingual and socially diverse Europe have never been studied systematically Handbook of European Societies Social Transformations in the 21st Century sets to rectify this neglect of societal developments in Europe providing a groundwork for the sociology of European integration The book portrays social life and social relations in the enlarged Europe and gives a perspective on the European Union as an evolving social entity Handbook of European Societies is a pioneering source book analyzing the current social patterns on the continent It covers a representative selection of major topics of social concern and sociological relevance such as Collective Action Consumption Identity Power Structure Sexuality Stratification and Well being Each contribution probes key developments in a strictly comparative manner The Handbook thus offers a detailed look into the intricacies of the national societies of Europe and into the prospect of an emerging European society The Editors have enlisted leading researchers to synthesize existing knowledge and to make use of many different data sources in a straight forward style The contributions stay away from jargon simple labeling and sweeping assertions Instead they provide solid and accessible information on a wide variety of social trends and processes within and across European societies

The World Says No to War Stefaan Walgrave, Dieter Rucht, On February 15 2003 the largest one day protest in human history took place as millions of people in hundreds of cities marched in the streets rallying against the imminent invasion of Iraq This was activism on an unprecedented scale The World Says No to War strives to understand who spoke out why they

did and how so many people were mobilized for a global demonstration Using surveys collected by researchers from eight countries Belgium Britain Germany Italy the Netherlands Spain Switzerland and the United States The World Says No to War analyzes how the new tools of the Internet were combined with more conventional means of mobilization to rally millions many with little experience in activism around common goals and against common targets Contributors W Lance Bennett U of Washington Michelle Beyeler U Bern Christian Breunig U of Toronto Mario Diani U of Trento Terri E Givens U of Texas Austin Bert Klandermans Free U Amsterdam Donatella della Porta European U Institute Wolfgang R dig U of Strathclyde Sidney Tarrow Cornell U Peter Van Aelst U of Antwerp *The Colonial Legacy in France* Nicolas Bancel, Pascal Blanchard, Dominic Thomas, 2017-05-01 Debates about the legacy of colonialism in France are not new but they have taken on new urgency in the wake of recent terrorist attacks Responding to acts of religious and racial violence in 2005 2010 and 2015 and beyond the essays in this volume pit French ideals against government sponsored revisionist decrees that have exacerbated tensions complicated the process of establishing and recording national memory and triggered divisive debates on what it means to identify as French As they document the checkered legacy of French colonialism the contributors raise questions about France and the contemporary role of Islam the banlieues immigration race history pedagogy and the future of the Republic This innovative volume reconsiders the cultural economic political and social realities facing global French citizens today and includes contributions by Achille Mbembe Benjamin Stora Fran oise Verg s Alec Hargreaves Elsa Dorlin and Alain Mabanckou among others
