

## DISCUSS

**1. Explain what is meant by the 1848 revolution of the liberals. What were the political, social and economic ideas supported by the liberals?**

### Solution:

- Politically, they demanded constitutionalism with national unification. They wanted the creation of a nation-state with a written constitution and parliamentary administration.
- Socially, they wanted to rid society of its class-based partialities and birth rights. Serfdom and bonded labour had to be abolished.
- Economically, they wanted freedom of markets and right to property. Abolition of state imposed restrictions on the movements of goods and capital.
